INTRODUCTION

The first part of the collection (A-C) deals mainly with the "Marxist Workers Tendency (MWT) of the ANC", which was founded in 1979 by Mark Heywood, Paula Ensor, Dave Hemson and Martin Legassick. The MWT was a result of a conflict with the South African Congress of Trade Unions (SACTU) and the then exiled African National Congress (ANC), trying to persuade them to commit to policies towards a socialist revolution in South Africa.

During that time Mark Heywood was instrumental in setting up the Philemon Mauku Defence Campaign and the Leeukop Political Prisoners Support Committee.

In 2016 Mark Heywood deposited additional material, see sections A + C-F. These documents relate mainly to his post-1994 activism as part of organisations such as the Centre for Applied Legal Studies (CALS); the AIDS Law Project (ALP), which evolved from CALS and which was later incorporated into 'Section 27', where Mark Heywood served as Executive Director at the time of the additional submissions; and the Treatment Action Campaign (TAC). The documents also include some personal papers.
