ADDENDUM AND EXPLANATORY NOTES ON AGENDA.

Plenary input - Friday 9,00am : The state of the Nation and ECC input will be more of an emphasis on the reasons for ECC's shift of focus in recent months, how it's evolved and then will ~~then will~~ provide the framework for discussion in the conceptual section.

Action Workshops :

(Friday 3.30pm)

c. Women and militarisation - looking at the role of women in ECC with respect to the refocus on conscription and the emphasis on the conscript as a particular constituency. Will also raise the issue of feminism, women and militarisation.

d. 'Know Your Rights' - to discuss how ECC's refocus fits in with the concept of providing conscripts with information re: their rights in relation to the military. What are the implications for the organisation? What form should this service take, etc.

* NB : Need a region to take responsibility for this.

e. Other suggestions for workshops can either be made now or at conference.

Sub comm. meetings :

(Friday 5.30pm)

f. Conscripts group - seen as place where conscripts within ECC can discuss feedback received from their group in the various centres; status of the groups in regions; conscripts as a constituency, etc.

Policy Section :

(Saturday 11.30am) c. Fronts and Alliances - regions need to be aware about the developments re : the progress of the 'white initiative' and ECC needs to have discussed what are the implications of this initiative for us; how do we relate to the structures facilitating discussion around this initiative; what priority do we give to it both nationally and regionally; how do we understand our work in the white community in relation to what the initiative wants to do.

d. Structures and Finances report -

Regions need to come with nominations for the position of national treasurer and election and ratification of that position will be finalised.

If regions have any additions, comments, problems with the structures proposal, they need to bring revised proposals to conference. A lot of discussion will be needed on this issue and we need to finalise it at conference.

Small group meetings :

(Friday 8.00pm)

Finance officers - both newly elected finance officers and those who held that portfolio in 1987 need to meet.

Campus - discussion on common problems in regions; update on what's happening on each campus; discussion of issues such as RAG, relationships to admin and status of advice bureaux on campus.

There will be a whole day planning session after the conference for Orientation week and other issues

National Action :

(Sunday 9.00am)

This section has ^{changed} considerably from the previous agenda. We felt that the issue of ECC's focus on the conscript will be dealt with in several discussions throughout the weekend and that we should focus rather on how we build national unity and co-ordination around this new focus, which include space for brainstorming ideas around the possibility of national campaigns (this does not mean focussing only on campaigns such as Ivan Toms , but space for new ideas)

Action Workshops :

(Sunday 11.00am) These workshops should aim to cover two areas :

- an assessment of how each region has worked in the area and sharing of ideas eg: what has worked well, loopholes, problem areas, etc.
- focus on how work in these areas need to change and/or adapt to ECC's refocus, if they need to; preliminary plans for the year, etc.
