

St. James Mission,
CRADOCK. C.P.
24th June, 1945.

Sir,

A.N. CONGRESS BULLETIN No. 3.

In this third issue of our Bulletin, I am sending you resolutions passed at the Annual National Conference of the African National Congress, held at Kimberley from 14th - 17th December 1944.

Yours in the Service of Africa,
James A. Calata,
SECRETARY-GENERAL.

1. That this National Conference of the African National Congress urges the National Executive Committee to take steps to ensure that Congress does in fact become the mouth-piece and Leader of the African people by:
 - (a) "Attending promptly to Political issues and adequately voicing the aspirations of the African people.,
 - (b) Seeing to it that Congress Committees throughout the Union interest themselves in the economics and Social needs, and take up the day to day grievances of the people.
 - (c) Instructing Provincial Committees to pay special attention to branches and to attend promptly to correspondence."
2. That the National Congress should insist on the officials of its Provincial Branches convening their meeting regularly, and when they fail to discharge their duties to devise a way of removing them forthwith.
3. That with a view to overhauling the organisational machinery and establishing and keeping direct contact with the Provincial Bodies and Local Branches, Congress should appoint a full-time National Secretary.
4. That the Central Government as well as the Local Authorities be urged to appoint Africans in all those spheres of employment like Post Offices, Railways, Local Administrative offices etc., where Africans are to be served.
5. That Conference wholeheartedly supports the African Teachers in their militant struggle for the improvement of African Education and urges the Government to :-
 - (a) Introduce free compulsory education for all African children up to Std. VI or the age of 16.
 - (b) Increase the salaries of African Teachers and give them a better and higher status as a full fledged professional body.
6. That this Conference appoints a Deputation to wait upon the Minister of Justice and/or the Prime Minister and lodge a strong protest against the banning of democratic meetings in certain areas, and that they demand of the Government the immediate lifting of the ban.
7. That Conference rejects the Policy of Trusteeship as a cloak used by the dominant group to perpetuate the servitude of the black peoples, and to prevent them from improving themselves economically, socially and politically. Conference urges the National Executive to embark upon a nation-wide Campaign for the purpose of exposing the Bankruptcy of the Trusteeship concept and instilling nationalism among the African people.
8. That Conference re-affirms its policy of full support for the

organisation of Africans into trade unions, Teachers Associations, Nurses' Unions, business men's associations, Co-operative Societies etc., and pledges full support to these in their upward struggles.

9. That Conference views with concern and strong disapproval the tendency on the part of the N.A.D. to durb the activities of the African leaders in their endeavours to ameliorate the conditions of their people, by systematically victimising them by deportation as in the case of Mr. Molepo, the Peoples' leader.

10. That Congress adopts as its official policy full moral and financial support to African leaders, who are unjustly victimised, and to that end, may authorise the raising of funds by various means to meet the contingency.

11. Congress calls upon the Government to repeal immediately all pass laws and all other enactments relating thereto, and instructs all branches to do all in their power to obtain a million signatures to the Anti-Pass Petition forms.

12. That this Conference places on record its appreciation of the granting of full trading rights to Africans in Bloemfontein Municipality, and hopes that this example will be followed by other Municipalities in that Province.

13. That this Conference demands from the Government the repeal of all colour-bar and segregationist laws and the granting of full democratic rights to Africans in this land of their birth.

14. That Congress condemns the unjust contract system governing the employment of African teachers in the Orange Free State.

15. That as the number of African graduates is increasing from year to year, all African Schools should be staffed 100% with African teachers.

16. That Congress requests the Government to erect schools to absorb and accomodate a huge population of African children of school-going age who have no educational facilities (such as heating) which obtain in European and coloured schools.

17. That the Government be requested to prevail upon the Provincial Council of the Orange Free State to see its way to train African Nurse in one (or all) the Free State Hospitals.

18. That Conference calls upon the Government to amend or repeal its reactionary Native Land Laws (like the Land Act of 1913, the Native Land & Trust Act 1936,) abolish the atrophied mediaeval system of land tenure and bring its agrarian policy into line with progressive reforms in the most advanced countries of the civilised world.

19. That Conference calls upon the Government to give full technical training and education to Africans.

20. That Africans with suitable qualifications be employed as interpreters in the Courts of Law, and that these men and/or women be adequately remunerated.

Further Congress places on record its stern opposition to the practice of employing Europeans to interpret for Africans.

21. That wherever a conflict occurs between Africans and Europeans involving some principle of right, Congress should assist such Africans.

22. That the Native Representation Act be repealed and that the Electoral laws of the Union be amended, so as to enfranchise the African people throughout the country.

23. That Conference demands the immediate excision of Section 17 of the Urban Areas Act.
24. That the Government be urged to make an impartial enquiry into the whole question of land settlement and stock limitation.
25. That Conference welcomes the progress of the African Trade Union movement, and calls upon the Government to amend the Industrial Conciliation Act in such a manner that the African workers, like the European workers, shall be regarded as an employee for the purposes of the said Act. Congress further urges the Government to extend progressive industrial legislation in order to cover farm labourers.
26. That the constitution be so amended as to provide for the appointment of a speaker, who shall preside in all meetings of Congress.
27. That Congress requests the Government to open the facilities of the Land Bank to African farmers, or to open a fund out of the assets of the Native Land Trust in order to provide such facilities to African farmers.
28. That this Conference deplores the attempt to introduce segregation in education by the establishment of a separate medical school for Africans in Durban and urges that the proposed school open its doors to all South Africans, irrespective of race.
29. That the prison system of the country should be over-hauled, and the treatment of prisoners (especially Native prisoners), raised to a human and humane level, so that the prisoners should leave prison better men than they went in.
30. That beer-halls be abolished, Municipal monopolies discontinued, and home-brewing of pure Native Beer be allowed wherever possible.
31. This Conference urges the Government to grant the African people direct representation on local bodies and organs of Municipal government as a first step towards the fulfillment of the principles of the "Atlantic Charter".
32. That Conference urges the National Executive to collect correct data concerning the number of Africans who joined the South African Defence forces for military and other purposes, the total of casualties, the treatment of African Service men including pay, conditions of discharge etc., and post-war provision for them and their families (if any). This Conference instructs the National Executive to immediately take up the case for us and see that justice is done to dependents of soldiers who gave their lives in order to free the world from Nazi tyranny.

My Dear President,

I have already booked myself for other engagements on the 5th + 6th August. I am finding it hard to alter.

Could you excuse me ~~if~~ from attending.

I have summoned all the members of the National Executive for the 5th August at the Congress Headquarters.

I believe you have heard of the strike at St Matthews'.

My daughter Nobuthando is one of those who have been expelled.

We are not satisfied with it and we demand an enquiry but the authorities are not willing.

yours very affectionately

APPEAL

The Organisation of Penal Reform

JOINT PENAL REFORM COMMITTEE OF SOUTH AFRICA

(S.A. Institute of Race Relations, S.A. Social Services Association.)

Address:

The Organiser, Penal Reform,
25, Victoria Road, Waterkloof,
Pretoria.

OBJECT: THE PREVENTION OF CRIME AND
RIGHT TREATMENT OF DELINQUENTS.

The time has come for all South Africans of all races to combine in a corporate effort towards the prevention of crime and the improvement and reform of our present methods of treating delinquents. For some years past, the Penal Reform Committee of the Institute of Race Relations and the Social Services Association have tried to tackle this vital issue separately, and, following a very representative conference of all bodies interested in Penal Reform, held at Johannesburg on June 25th and 26th, 1945, a Joint Committee has been appointed for the ultimate establishment of a Penal Reform League. A Constitution has been accepted and a staff appointed for the work ahead. The two sponsoring bodies have sanctioned these measures and we now launch an **urgent appeal for the support of all organisations and individuals interested.**

PENAL REFORM covers a much wider field than the methods of treating anti-social persons. It is a comprehensive endeavour to tackle the whole problem of crime and its punishment. Therefore the Joint Penal Reform Committee of South Africa calls for immediate public and individual support in its endeavour to inform, study and stimulate interest in Penal Reform, on the basis of the following principles:—

(1) **Information.** — The general ignorance about the genesis of crime and its treatment by the community is very great, and as Mr. Herbert Morrison (former British Home Secretary) recently stated: "The harm done by crime is caused by a relatively small number of people; but if harm is being done by wrong methods of punishment, the whole community is answerable."

In a multi-racial society like ours, it is imperative that the public be fully informed of the development of the constructive policies adopted in many countries for the treatment of the social disease which crime represents. Our organisation will bring to all sections of the South African society that type of information by means of public talks, production of new literature and distribution of existing topical pamphlets and books, dissemination of knowledge about crime and criminals and about the best means Society can use to counteract crime and to reform and re-educate criminals.

Information will also be sought and published concerning our country more directly; records will be kept of all questions touching penal reform, individual cases as well as discussions of general principles, and all the documents so accumulated will be at the disposal of our members.

(2) **Study.** — The staff of the Joint Penal Reform Committee will be available for all studies of a general or technical nature concerning Penal Reform. There are a great number of phases of our social life which are an unknown quantity. These problems must be studied in a scientific manner and with a view to treating not only the disease itself, but the causes of it.

The aim of the Joint Penal Reform Committee is not a theoretical review of penology; the study confronting it is aimed at definite practical results: the study of sociological, psychological and economic factors breeding crime, with a view to bringing about collective measures towards the elimination of these factors.

(3) The **methods** accepted by the Joint Reform Committee for the achievement of its aims are:—

- (i) Co-operation with the Government and other public and voluntary bodies to institute all such measures as may be necessary and advisable for the improvement and eventual revision of the penal system of South Africa from time to time.
- (ii) The provision of channels for the mutual consultation and information of all organisations and institutions as

well as individuals engaged in the fight against crime and the uplift of the retarded individuals and communities. There is an urgent necessity for a proper co-ordination of all the efforts of all agencies and individuals interested in these problems. The Joint Penal Reform Committee will endeavour to do all in its power to end the isolation of agencies entrusted with the special care of one phase of this necessary social action, so that a common plan of action be agreed upon, under the guidance of the authorities concerned, with their support, and with the complete freedom under which its organisation functions.

- (iii) The creation of committees for Penal Reform in all major urban and rural centres of the Union, and the provision, through the Central Office of the Joint Penal Reform Committee, for the co-ordination of the work of these local committees.

It will be quite clear from the programme outlined above that the Joint Penal Reform Committee is entirely non-party-political. It freely appeals for the support of organisations and persons of all political parties.

Affiliation to the Penal Reform Committee is sought on the basis of:—

- (i) Donor Members (not less than £10 per annum).
(ii) Organisations or public or voluntary bodies (not less than £10 per annum).
(iii) Individual members (not less than £1 1s. 0d. per annum). (Non-European members, not less than 7s. 6d. per annum).

It is requested that all cheques be made payable to "The Joint Penal Reform Committee," and crossed "Barclays Bank, Pretoria."

Dear President-General,

Further to our conversation of Saturday last, I hereby wishes to place before you the following.

Firstly that my books are with my Accountant, for I have felt it is my duty to place before Conference books properly drawn up and Certified Balance Sheet, which I always do as Treasurer of the South African African Football Association and the Transvaal African Football Association.

Furthermore my Accountant has informed me that he cannot let me have the books now as it is only a few days before our Yearly Bank Statement will be available, which will enable him to obtain the correct Bank Balance in relation to my books which are with him now.

President-General you will realise and admit that although Mr. Sikakana as a book-keeper had tried his best to draw up a Statement up to November last, the Statement could not be compared with a Certified Statement by an Accountant, and also those books have not even been returned to me.

I am therefore perfectly certain although you again would prefer Mr Tloome to do my books, the same must be said which I have just mentioned about the Statement drawn up by Mr Sikakana.

I therefore

President-General if you perhaps have any Congress Funds which you would like to have deposit in the bank, kindly forward it to me or to the Secretary-General Rev. Calata to be send by him to me.

In conclusion I would like to say without prejudice that the employment of Mr Tloome is obscured to me, but I do sincerely feel it would be a waste of the Nation's Funds if he were to be employed merely as a Book-keeper to attend to the books of the Treasurer-General.
