

- Current state of the economy - the rose dive, may, well mean that it is difficult for them to take action against us.

\* - strength of anti military movement:

1) unite itself - general + spontaneous resistance amongst concepts.

2) COS - Ivan; David : 143 - most significant in Sth Africa.

3) Broadly support for ANS -

~~lots of~~ also different groupings emerging to make up the anti military movement.

conditions emerging broader than ECC

- If ECC was restricted - scope for the issues to be addressed beyond ECC very positive.  
Much more groundwork laid now in a broader scale.

\* - Malawi's threats - basically indicated that they will act

up to now they have had - JMC strategies ; open propaganda etc.

- they credit us with much more than we do -

What then is their next step. = Restructure?

Constraints - economy  
- maybe concessions?
