Re - Rent increases

We of the above-mentioned organisation, hereby wish to lodge an objection regarding the rent and service charges announced on the 3rd of September by the town council.

The increases come at the time when many of our people are faced with the high cost of living. The General Sales Tax has been increased to 10%.

Bread which is a basic foodstuff for most of our people will be increased by 11 cents at the end of the month. Transport fees are on the upsurge.

We don't see any need for the increases in electricity, water and service charges because there has never been any qualitative improvement of these services. Yet their charges have been going up.

At the moment there is widespread unhappiness and dissatisfaction about rent and service charges all over the country.

The increases are an indication of the council's lack of sensitivity to the misery and poverty affecting our community. We therefore call on you to scrap the proposed increases indefinitely.

Yours respectful
