BWALO LA NYASALAND AUG. 1st 1956.

WOMEN HAVE A WORD FOR THIS...

We men aren't all born with the good looks of an Adonis. But we can ALL knock nature into presentable shape. And in business or recreation APPEARANCES COUNT. Women know this instinctively. Are we men always as wise? Take feet. You'd never dream of looking down-at-the-heel, but an inferior pair of shoes can be a frightful let-down to the otherwise well-dressed man. It prompts a woman to think of that fatal last word — SHABBY. Bosses and customers are apt to think on the same lines too. Let us men now have the final say by remembering that the best "buy" word in shoes is Dr. Watson. In every pair of Dr. Watson Shoes you are certain of the fine leathers and traditional craftsmanship that spell 'quality' — and quality is always in good taste
