

And at that stage were there a number of men in your immediate vicinity at the car? --- Yes, there were students all round me as far as I could see, but I did not look behind me. I did not have a chance to look behind me.

You see what I am suggesting to you is that at that stage, if they had really intended you any serious injury. they had an opportunity of preventing you from driving, by just keeping your arms from the steering-wheel, is that not right? --- They would have had to stretch in quite far to get my left hand, my left arm. 10

Look, I don't want to make a mountain out of a molehill unnecessarily, if I just ask you to cast yourself back to that day, you say that someone managed to grab your arm? --- Grabbed my shoulder.

And the window was down? --- Yes.

Now what I suggest to you is this, if there was any serious intent to injure you, at the very least the person who was grabbing you or holding your shoulder could have held your body and prevented you from driving off if he wished to? --- I do not think that would have been easy, they did injure me 20 they struck me on the eye and on the lip.

You see, you said that you thought that you might be killed, that was your evidence? --- Yes, I said I could have been killed ..(Mr. Allaway intervenes)

What I am suggesting - sorry, I interrupted you, I beg your pardon - what I am suggesting to you is this, in the circumstances that you describe, if there had been any such real intention on their part to cause you serious injury, they were in a position to inflict it but did not do so, do you agree with that suggestion? --- Yes, I agree that they could 30 have possibly even turned the car over, there were enough of them / ...

them to do that.

Yes, and what was the nature of the injury to your eye? --- They struck me on the side of the eyeball, and the ..(Mr. Allaway intervenes)

When you say they, I am sorry, was it one person or more than one person? --- I do not know, there were several students ..(Mr. Allaway intervenes)

Was it one blow? --- Yes, it was one blow. That blow struck me on the side of the eyeball, and I could not see, there were black - my vision ..(Mr. Allaway intervenes) 10

Your vision was impaired? --- Yes.

Momentarily I take it? --- No, it was for about a week.

I take it that you would regard that as a fairly serious injury, something that impairs your vision for a week? --- I did not think it was serious enough to go to a doctor.

I see, you see I am just wondering, the State made certain allegations about this particular campus, in relation to the holding of a rally there, and it says in the Further Particulars (on page 17) : Ad paragraph 4(q) - It is alleged that the commission of the said acts had the result at 20 Turfloop of causing serious bodily injury to a Mr. Waterman and a Constable Franssen (?), but you are not mentioned. Did you in your police statement suggest that you had been injured? --- Yes, I told them that I had been injured and they saw the injuries.

When did you make your police statement in relation to the day that you were injured? --- About half an hour, possibly three-quarters of an hour later. It might even have been an hour later.

Tell me, did you see any policemen at all at the stage 30 when you say you were being attacked? --- No.

As / ...

As far as your power to observe was concerned, did you at any stage look across towards the direction of the soccer field at that stage? -- Not specifically, not knowingly.

So your evidence today, I take it, this happened a long time ago so one may be taxing your memory unnecessarily, but your evidence today is that you were conscious of a group of about say at the most 80 persons in your immediate environment?

--- There were other students along the side of the road, scattered around.

Did you observe anything about their activities at all? 10

--- No, they were just standing - they gave me the impression of just standing and watching.

Yes, but the ones that gave you any difficulty, and the only persons who gave you any difficulty, were the persons in the group that you have described? --- The ones that were sitting on the road.

Now, you do say though that there were other persons in the neighbourhood I take it who could have taken part in the attentions that were being directed to you if they wished to?

--- Yes. 20

But did not? --- I don't know, you see I could not see if any other students came running along.

Well you do not say that because you did not see it?

--- No, I did not see it.

Did you at any stage go back after leaving the place where you had been assaulted, did you go back to the campus? --- Yes, when I reversed the car, I went round through the gate that I had come from, and then I went in again through the other gate.

When we talk about the other gate, just for clarity, would you tell the Court what gate that is? --- That is the gate 30 which is about 100 to 200 yards from the main road, which goes

from / ...

from Pietersburg to ..(Mr. Allaway intervenes)

Now we understand from some other witnesses that basically there is only one gate to the campus, some witnesses have talked about another gate, may we take it that these are the only two gates by which one can get access to this campus? --- Yes.

By vehicle? --- Yes.

And please tell the Court, about how long did it take you to get from the place where you reversed after you were assaulted, to the other gate where you entered the campus premises? --- It must have taken me a matter of under five minutes. 10

And when you got there, did you see any police officers at that stage? --- No.

Did you see any students at that stage? --- No.

Did you see any problems at that stage? --- No.

All was quiet? --- Yes.

And we have heard from other witnesses - well I do not know, I do not want you to possibly guess at this - were you at the campus at all that morning up until lunch time? --- I went straight from my house to Turfloop dam, and then I came back at lunch time just to have lunch, went straight back. 20

So you were not participating in any lectures or things in the morning? --- No.

So you cannot speak to the activities that were going on then? --- No.

COURT: Do you reside at Pietersburg or on the campus? --- No, I reside halfway between Pietersburg and the campus on a small piece of ground.

MR. ALLAWAY: So all you can say of the events of that afternoon as they affected you is that you were assaulted in the manner / ... 30

manner as you have told the Court, and this caused you to have certain apprehensions, you went in at the other entrance and everything was quiet and orderly? --- At the other entrance, yes.

After entering that other entrance, did you go anywhere else on the campus in order to see whether there were any problems? --- I did not go anywhere to see if there were problems, I went to the office of the groundsman.

And is that where you remained? --- That is where I remained, and a little later, after the police had arrived. 10

What time did you first become aware that there were police on the campus? --- I should say it must have been after 5 p.m.

And you had arrived there, forgive me, I will look at my notes, but can you help the Court, you had arrived there I think you said at 4.35? --- Approximately 4.35, I left the dam at half past four, so it is not far, it must have been about that.

But when you saw the police on the campus, where did you see them, where precisely were they? --- I saw them first 20 at the office of Mr. Klopper, the groundsman.

How many policemen were there? --- I cannot remember if it was one or two.

And did they come along there in a police vehicle I take it, not a Saracen or anything like that? --- No.

And as far as they were concerned - did the policemen have any dogs with them? --- Not those policemen that I saw there.

How long did you remain there after that? --- I suppose about three-quarters of an hour, possibly half an hour - no, 30 it must have been longer than half an hour, because the police wanted / ...

wanted to take a statement from me.

By what time had you left the premises? --- I should say at a guess 6 o'clock.

And forgive me for asking you this, where did you as it were remain after you had got to the groundsman's premises or office, until the time that you finished your statement and left the campus? --- I - after I had spoken to the police at the office of Mr. Klopper, then I walked down to the site where I had been attacked by the students with the police to see if I could recognise any of the attackers. 10

And just the two policemen and yourself went there? --- No, there were other policemen there.

Already there? --- Already there.

How many policemen at the most did you see on the campus that afternoon whilst you were there? --- I would just have to guess at that.

Yes? --- Possibly ten, I don't know.

Did you see any of them with firearms in their hands?
--- No.

Did you see any of them doing anything with dogs - by 20 anything I do not mean just holding them on a short lead or something of that sort, but putting dogs onto people or anything of that kind? --- No. The dogs were on leashes.

As far as what you observed of the police behaviour whilst you were there, things had taken a turn of events that did not require them to have to take any assertive action against the students? --- No.

COURT RESUMES

CARL DUVAL STRAUB, still under oath.

CROSS-EXAMINATION BY MR ALLAWAY: (Continued)

Mr. Straub, I said before the luncheon adjournment that ^{will} we produce a plan. It is not scale but it might assist in following the events at Turfloop. My Lord, I have given my Learned Friend a copy. I am handing that My Lord with one for the witness.

BY THE COURT: Do you want it also made an exhibit?

MR ALLAWAY: Yes, My Lord, if he is able to identify it. 10

It will be made an exhibit. My Lord, if it could be held in such a way that the administration block is on the top right hand corner of the document. Have you got the plan that way? Do you see the administration block at the top right hand corner. -- Yes.

Have you got it. I would like you to look at this document first of all and orientate yourself with it. Is there a road running through the campus in the approximate position shown on the road that is marked the road from Pietersburg town. -- Yes, that is the road that I entered 20 by.

I understand that this document shall be marked Rally B.53. Now looking at this exhibit Rally B.53 I just want to orientate you from the road which you have identified, is there in fact a gate which marks the entrance to the campus on the bottom left hand corner of this document in the direction of where the arrow is pointing. -- Yes, there is a gate, down there.

And could we establish approximately please the compass points on this document, would you say that the road 30 runs through the campus from south to north or east to west?

-- Approximately/...

-- Approximately that road comes in on the west and it runs up to the top right hand corner in an easterly direction, more or less.

So roughly speaking, the road is running from east to west? -- Roughly speaking, yes. It goes slightly south.

And the soccer ground would therefore be approximately in a northern direction? -- Yes.

Now is the soccer ground adjacent to this road as shown on this plan?

10

BY THE COURT: Have you got it correctly, the gate you say is on the eastern or western side? -- Western, the gates that I entered was on the west yes. On the bottom left hand corner.

Yes, thank you.

MR ALLAWAY: And is the soccer ground on the left, that is if you are driving in from the west, on your left hand side, as you pass along the road? -- Yes.

And is that also a ground which is used as an athletics ground? -- Yes.

20

And on the right as you come in from the western gate, are there men's hostels in the approximate position shown on this plan, EXHIBIT B.53? -- Yes.

And there are series which appear to be in blocks moving roughly from west to east. -- Yes.

In the right hand bottom corner of the plan, what does that designate? It has got M.Hostel which I am instructed stands for Men's Hostel and M.B.C. above it. Can you tell His Lordship what that means? -- I have no idea.

No idea. Right and the women's hostel are they to the left as you come in from the gate, that is to the north/...

30

north, roughly in the position which is indicated on this plan? -- Yes.

And are the tennis courts immediately adjacent to the soccer ground, more or less as shown on the plan?-- Yes.

And then there is a tuck shop apparently. Do you see it just above the soccer grounds? -- Yes.

And of more importance with reference to the events of the day, do you see a building which is marked, there is printing next to it, Creat Hall? -- Yes. 10

Is that approximately the position of the Creat Hall? In relation to the soccer ground and athletics ground?-- Approximately.

Yes. -- I think the angle of that soccer field is slightly off.

When you say off do you mean that what is shown here, is not as acute as it ought to be. -- I am just trying to make this out. The soccer field is actually further up towards the road, it is nearer to the road. In other words, it is to my right as I am looking at this now. 20

What you are saying is that the soccer ground is not as close to the Creat Hall as is shown on this plan? --No, the Creat Hall is not adjacent to the end of the soccer ground, it is more, nearer the centre.

I follow. In other words, it is more in the direction where the tuckshop is? -- Yes.

I understand. -- And the fields, in other words, should come up further over to the east.

To the east or to the right? -- Yes. 30

And this Creat Hall, how many people does it accommodate? -- I don't know.

Do you think it would roughly accommodate 500 to 600 people? -- Yes.

And are there chairs in it? Normally? -- Well when I have been in there that is for graduation ceremonies, there are chairs, but normally it was used for the dining-room and then there are chairs and tables.

I see. Then next to the Great Hall, there appear to be some offices. What are they? In the top right hand corner of the Great Hall? -- I see this is marked S.R.C. offices.

10

Yes. Is that roughly their position in relation to the Great Hall? -- This plan is not correct because the Great Hall is attached to the building behind it and that was the diningroom. I see it is marked here "cine hall". That was the diningroom and then there was - at least not a diningroom, that was the kitchen.

You say what is marked as the cinema hall was the kitchen?-- That was the kitchen, yes.

Is this at the time we are speaking about September of last year? -- I am not sure, I am not quite sure when it came into use as a cinema hall and I think it is a Badminton hall. I haven't been there since the alterations. They might be separate buildings like they are now, but as I recall it when I last saw it, they were actually joined. I cannot recall separate offices there.

20

According to your recollection on the day when you were injured, what is shown as a cinema hall would have been continuous too. That is suturing the great hall? -- Yes, I think so but as I say, I am not sure of the date when those alterations were completed.

30

And then apparently there is the administration block
which /..

which is in the far, as it were, north-eastern corner of the campus. -- Yes.

And then there are various blocks which are marked men's hostel and things of that sort. I take it that there are buildings of that kind. Please, I don't think that they feature very importantly in what we are discussing here, there are buildings of that kind approximately in relation to this road that goes through the campus? ---I don't think that that is quite right there, that men's hostel.

10

Which one? There seems to be two. There is a larger one and a smaller one. There is one near the conference of several roads which is the larger one. There is another one lower down immediately next to a road which goes into the road from Pietersburg town. -- This map is very approximate.

Yes, it is only intended to be, not to scale. Alright, and what is the building which is marked H,C,F,E,D,B,C,A? -- Those are the lecture halls and offices.

Now there has been evidence about another gate. It is a gate which apparently if you enter it, it leads to the rector's office ultimately and it leads to buildings of that kind, it is near the administration block, is that gate to the right of the road which runs through the campus, in other words, the extremity, there is an extremity of this road through the campus, leads onto that gate is it?-- Yes, if you enter that other gate you will come in along that road.

20

What is that gate called? Has it got a name, is it called the East gate or the south gate? -- No, it is the entrance gate to theological school and the White

30

residential/...

residential area.

And the other gate you have spoken about, the one that leads you from the road from Pietersburg is that the western gate, has it got a name of that kind? -- I don't know it by a specific name.

Sometimes you have particular names for gates but this one doesn't appear to have one, is that so? -- Yes, I don't know.

Now where was it that you were assaulted approximately on this plan, could you indicate and then indicate with 10 reference to some writing on it or an arrow on it and then we can make a mark on the official plan. -- It would have been approximately where I have drawn the circle, but as I say this map is very approximate.

BY THE COURT: There is more or less at the M.D. men's hostel? -- Yes, My Lord, but the scales, the positions are not quite right there, there is not all that open - amount of open space there.

Thank you.

MR ALLAWAY: And about how far would that have been from 20 the entrance to the gate that you are coming into? -- At a rough guess, possibly in the vicinity of 300 to 400 yards.

Now I understand that you gave evidence at a Commission of Inquiry into the events of the day, which was held under the chairmanship of His Lordship, Mr. Justice Snyman. -- Yes.

Do you know whether any other university staff members gave evidence at that inquiry? -- I know that Professor Oliver gave evidence. 30

The rector? -- I believe the rector did, I only went there/...

there to give my evidence and I left again. I didn't attend any of the..

Who was the rector then? -- Professor Boshoff.

Do you know accused No. 6? He could stand up to be identified? -- Yes.

I understand that he was in your department for approximately four years, you were lecturing to him? -- Yes, he was one of my students.

What sort of a student was he, was he quite a promising student or how did he fare? -- I found him keen, and a 10 good student.

I am not suggesting you should know this, but possibly you might, do you know whether he is a particularly religious man or not? -- No, I don't know.

You don't know about that and I am instructed that there was between you and him a very cordial and co-operative relationship? -- Yes.

As there was I understand with most of the students in your class? -- Yes. There was a very good relationship.

Good relationship. -- Yes. 20

And as far as he was concerned, in the course of lecturing to him and that sort of thing, would it be fair to say that you have noticed nothing about his conduct to stigmatize him as being a agitator or a troublemaker or anything of that kind? -- No.

Now on the afternoon, that you were assaulted, is it correct that the Department of Science apparently has practical classes on various afternoons of the week? -- Yes, the faculty of science has afternoon practical classes.

Right and basically was the curriculum at the 30 University at that time divided up this way that the mornings until/...

until about lunchtime were spent in the various lecture halls or lecture classes. -- Yes.

And then in the afternoons, the students, they either play games or if they were required to do so, they went on the practical classes. -- Yes.

Can you say whether or not on the afternoon that you were assaulted, that classes in the faculty of science, these practical classes, were in fact conducted through out that afternoon during the trouble on the campus? -- I don't know, I wasn't there and I cannot remember what the timetable was for that particular time. 10

I see. My Lord, hereto I don't envisage with respect having to trouble this witness again, but just for the sake of caution may the cross-examination of him be reserved in case it is necessary to recall him. No further questions.

CROSS-EXAMINATION BY MR PITMAN: Mr. Straub, did you actually see that your car window was broken by a rock? Did you actually see the rock? -- Yes.

When you went to Mr. Klopper's office, I am just not clear about this, were the police actually there? -- No. 20

They were not. They were called? -- Mr. Kloppers phoned them.

If he sent somebody, can you remember did he send a Mr. Wetterman or Witterman or some such person? -- No, Mr. Weterman was one of the people that was involved in the attacks. He was the one that got the stone injury on his face. I think Weideman.

Weideman is it yes. As far as I knew and in my presence Mr. Kloppers, Klopper phoned the Police from his office. 30

You mentioned something I think about Police dogs.

Did /..

Did you say you saw a Police dog? -- Yes.

And was there a number of dogs? -- I cannot remember how many there were, I think there were at least two. Maybe more, but at least two. There was something else My Lord, that I mistakenly mentioned this morning. I was asked if any of the police had arms out of their holsters and at the time I was thinking of revolvers.

Yes. -- But during lunch hour I recalled that there was at least one policeman with a rifle.

You are talking about this time about 4,45? -- No, 10
that was after when I went down later on after the event to see if I could recognise anybody then there were police in the vicinity with the dogs, that is when I saw the dogs. and that is when I saw at least one policeman with a revolver.

What sort of time was that roughly? -- It must have been in the vicinity of after five sometime, it is difficult to say exactly how much time had passed. Possibly quarter past - half past five.

Thank you, My Lord.

RE-EXAMINATION BY MR REES: You were asked about accused 20
No. 6 being such a good student. From when to when did you have dealings with him? -- I cannot remember My Lord when..

Was it for a period of a year or two, three years? --
It was a number of years.

And was he at the University all the time or had there been a break in his.. -- I cannot recall, he wasn't in classes from the first year, the second year and the third year. Whether he was at the university all the time taking other subjects or during some of the years when he didn't take... 30

Was the position that you didn't have a continuous
contact/..

contact with him, it was a contact from time to time?

-- Yes.

Thank you. You were asked about the rock that was thrown at your car. Would you describe it please? --

Well all I could see was a rock in a hand.

Big one, small one? -- No, I would say a rock that would fit comfortably in one's hand, possibly the size of three chicken eggs or something like that.

NO FURTHER QUESTIONS

ARTHUR MILLIE Duly Sworn States:

10

EXAMINATION BY MR REES: Mr. Millie, are you connected to the University of the North at Turfloop? -- Yes, I am.

In what capacity? -- I am an electronic technician.

On the afternoon of the 25th of September 1975, shortly before five o'clock, were you a passenger in a motorcar of a Mr. Wetterman? -- Yes, I was.

It is spelt W e t e r m a n. -- Can you just tell the Court what happened on the campus that afternoon? -- We left work and drove back on the road that leads out from the campus, one of the two roads and while we were proceeding out we saw a group of people.

20

Would you just speak up loudly so that we can hear you in the back of the Court please. -- A group of people sitting and standing on either side of the road.

When you say a group of people, were they Blacks or Whites? -- They were Black people.

Yes? -- And when we got near them one of them walked out towards the middle of the road and started waving his hands trying to flag us down, but I said to Mr. Wetterman keep going and we just carried on through and when we were into the crowd it was about 10, 15

30

yards/...

yards, then stones started to be thrown at the car, breaking some of the windows and we drove through and we passed through the first group of people and when we were coming out of the main campus gate there was a group of five or six students on the right hand side of the road who threw a stone which hit Mr. Weterman on the face.

Why did you consider it necessary to tell Mr. Weterman to keep moving as it were? -- Well I am afraid it is just a thing that I think is safest.

What were the circumstances there? -- Just people sitting around either side of the road and I just said, keep moving, I didn't think of it, I didn't know why they were trying -why this one person was shaking his hands at us. 10

Yes, and could you just describe the nature of the injury which Mr. Weterman sustained there? -- He had a very bad injury on the right side of his face, on the cheek.

And the car, was that damaged at all? -- Yes, the side windows were broken and there were several dents all around the car. 20

Were both you and Mr. Weterman White persons? --Yes.

Thank you, My Lord.

CROSS-EXAMINATION BY MR ALLAWAY: Mr. Millie, the road that you were travelling on, if you would please look at EXHIBIT Rally P53. It is not a document I think you have seen before. If you hold it in such a way please that the administration block is on the top right hand corner, do you have it that way? -- Yes.

Now there is apparently a road shown on this - I am going to call it a plan, which runs through the campus. 30
-- Yes.

Coming /...

Coming from Pietersburg town? -- That is right.

Is that the road you were on? -- Yes.

And in relation - there is a gate apparently in the direction or near this part where the arrow was pointed to on the bottom left hand corner of this plan? -- Yes.

You had come into the campus through those gates had you not? -- No, we were going out from the campus.

Out from the campus. And was it approximately in the vicinity of that gate that the stone was thrown who injured your companion? -- Yes, that was the point. 10

About how far were you from the gate at that stage? -- I would say 20 to 30 yards.

Still on the campus? -- Still on the campus.

Now the place where the earlier incident had happened, where a man had come onto the road in front of the vehicle and as it were, tried to flag you down, and the vehicle had gone on, where is that spot? -- That spot is shown where you've got a sort of a crossroad by the administration block.

I see, that is just to the - where these various roads lead to. -- It is the top right hand corner. 20

And what sort of vehicle was your companion, Mr. Weterman, driving then? -- He was driving a V8 500.

What sort of speed do you think you were doing when you approached this man who stood in the road? -- About 15, 20 miles an hour at the most.

Did he have to jump out of the way? -- No, we slowed down.

Did he have to get out of the way? -- No, he walked towards the road, but he didn't come to the left hand side of the road, he walked more towards the centre of

the/...

the road.

Was he in the path of the vehicle at any stage? ---
No, he wasn't.

Not? -- No.

It didn't occur to you that he might have misinter-
preted your action? -- No, he was more or less in the middle
of the road and we had easy access to the left hand side.

No but was he on what you called the road, that is
the path that the vehicle would have taken in the ordinary
course of events? -- No, he wasn't. 10

How wide is this roadway through the campus at that
point? -- Enough to take two cars.

Is it tarmac? -- It is tarmac.

Now was the man standing on tarmac as you approached
him? -- Yes, he was on tarmac.

I see, and you say that he motioned to the vehicle,
in what sort of way did he motion to it? -- Just waved
his hands, I didn't take that much notice, at the time.

And what you say is this, there was sufficient room
on the tarmac for the car to avoid him, but the car didn't 20
come to a stop? -- No, we just kept going. He was standing
to the right hand side of the car, he didn't move right
across in front of the car.

Alright. Did you say anything to anybody. I am not
suggesting you did by putting this question, but you, did
you say anything to any of these Black persons whom you
saw on the campus whilst driving through? -- No.

Nothing at all? -- The windows were wound up of the
car, anyway.

And did you see any policeman at all? -- No, I 30
never saw.

At /...

At any stage? -- No, I never saw any policeman.

After Mr. Weterman had been injured, -- Yes?

Did you go with him? -- Yes.

To a place where he was probably attended to?--
Yes, we drove outside the campus and an American who
is working at the university...

I don't want to interrupt you, but where were you
taken? That is all I am interested in.-- We went to a
doctor on the campus.

You went to a doctor on the campus. Who was the
doctor? -- I think it is a Dr. Steyn. I am not sure.

10

And to do that, did you drive back along the road
you came on, or did you go right around? -- We drove right
around in the other road.

And I understand there is another entrance to the
campus, some people have called it the main entrance, it is
the entrance to the administration block. Is that the one
you went in? -- It used to be the main entrance as far as
I know.

Is that the one that Mr. Weterman drove in? -- Yes.

20

And he got attention I take it, somewhere in the
vicinity - was it the administration block or where? --
No, it is the housing accommodation is off the, sort of on
the right hand side...

That is where the Whites are accommodated? -- Yes.

And when you went along that section of the road,
coming into what you call the main entrance to go to the
White accommodation block, was there any trouble with any
students or anything of that kind? -- No, there was nobody
around.

30

It all seemed quiet in that section? -- Yes.

Please /...

Please tell His Lordship what time was it, do you think that you would have been, have seen this man on the road?-- Well it must have been shortly after quarter to five. Because then it is when we actually left work.

And what had you been doing there that afternoon?
-- Well just ordinary work that is all.

Were you just doing ordinary work? -- In the instrument workshop.

Is that anywhere near the soccerground? -- No, in fact it is right at the sort of one end, one corner of the University. 10

Can you speak of any events at the campus earlier that afternoon? -- No, I cannot.

You know nothing about it? -- No.

From your personal knowledge? -- No.

So from what you know, does Mr. Weterman know anything about them from his personal knowledge? -- No, he was in the workshop with me.

Thank you very much.

CROSS-EXAMINATION BY MR SOGCOT: No questions. 20

CROSS-EXAMINATION BY MR PITMAN: Was there at any stage anybody in the road in front of your car? -- Yes, there was at one stage, as we passed through the groups, well I presume they were students, closed around the front of the car. One sort of crouched down in front of the car but he moved away. In fact Mr. Weterman slackened off speed again to make sure that we didn't hit anybody. So we were virtually crawling through the crowd.

Thank you.

RE-EXAMINATION BY MR REES: No questions. 30

NO FURTHER QUESTIONS.

KAREL RAINIER SNYMAN, verklaar onder eed:

ONDERVRAGING DEUR MNR REES: Mnr. Snyman, is u verbonde aan die Universiteit van die Noorde te Turfloop? -- Ja.

Edele, ek dink dit is miskien 'n bietjie steurend vir die getuie want hulle dink die tolk tolk nou vir hom. Ek wonder of dit nie makliker sal wees as die tolk miskien daar nader aan die getuiebank staan en dan kan hy dit herhaal vir die getuies - vir die beskuldigdes bedoel ek.

DEUR DIE HOF: As u dink dit is die beste, maar ek dink ons moet einlik hoor wat die tolk sê nie.

MNR REES: Maar ons behoort hom te hoor van daar af, Edele. 10 Dit is my punt.

DEUR DIE HOF: Ons kan dit probeer. Sal u asseblief by die beskuldigdes staan en dan vir hulle tolk?

MNR REES: Maar hy moet so tolk, Edele dat u kan hoor.

Goed. Ek sal weer herhaal. Is u 'n Blanke dosent verbonde aan die Universiteit van die Noorde te Turfloop? -- Ja.

In watter fakulteit is u verbonde? --Ekonomie administrasie.

Die oggend van die 25ste September 1974, ongeveer agtuur voormiddag het u by die Universiteit opgedaag? 20 -- Ja.

En het u daar verskeie plakkate opgelet? -- Ja.

En het u sekere van die plakkate daar verwyder? --Ja.

Edele, vir die gerief van die hof het ons van hierdie bewysstukke ook kiekies geneem wat ek dan vir die verdediging beskikbaar sal stel en aan u inhandig sodra die een bewys is. Die nommers aan die kiekies sal sover moontlik dieselfde wees as dié van die bewysstukke. Kan u iets sê van hierdie dokument. As u nie iets kan sê sal ek net die nommer gee. Is dit een van die dokumente waarna u 30 verwys? -- Ja.

Die dokument se nommer is Rally B.20. Ek handig dit in vir die hof 'n afskrif en vir my Geleerde Vriend een. Sal u net vir die hof uitlees wat op die dokument geskryf staan? Vat hom in u hande asseblief? --"Viva Frelimo, AZANIA is bored and from boredom a revolution shall erupt. Down with Vorster and his dogs. Power, we shall overcome."

DEUR DIE HOF: Wel hy is nie presies soos myne hier staan nie. -- Jammer, ek het die woord "Boers" uitgelaat.

Ja, maar as u gevra word om te lees dan moet u lees 10 wat daar staan. -- "Viva Frelimo, AZANIA is bored and from this boredom a revolution shall erupt. Down with Vorster and his dogs (Boers). Power, we shall overcome."

MNR REES: Die volgende dokument wat ek aan u toon is genommer Rally B21. Sal u net die inhoud van daardie dokument voorlees? -- "Samora Machel is now coming and Vorster must go!!!"

Met drie uitroepstekens agter die woord "Vorster must go!!!" En aan die agterkant van daardie dokument?

Ek handig vir die hof die een en vir die verdediging die 20 een. Dit sal wees BEWYSSTUK Rally B25. Edele, vir gerieflikheidshalwe is hy 'n ander nommer gegee hoewel dit dieselfde dokument is oorspronklik. Caan aan. --

MR ALLAWAY: My Lord, I am sorry to interrupt my Learned Friend. I am confused about this last exhibit. Is it EXHIBIT RALLY B21?

BY THE COURT: 25 is the last one. The one previous to that is B21. This is the other side.

MR ALLAWAY: My Lord, we have had a placard B20 which the witness read and my Learned Friend, I understood referred 30 to a document Rally B.21. I don't have a photograph of that one / ...

one yet. Thank you, My Lord, much obliged.

MNR REES: Sal u net daardie B25 net beskryf. Wys dit net vir die hof en beskryf dit dan net wat dat dit is. -- Volgens my interpretasie verteenwoordig hierdie plakkaat die kaart van Suid-Afrika. Dit wys Frelimo met pyle wat inkom van die Noorde.

Net so 'n oomblikkie. Vertolk dit asseblief. Gaan aan. -- Daar is 'n streep deur Suid-Afrika getrek en daarby staan "Halfway Station". Om die kus van Suid-Afrika na die ooste is 'n pyl getrek en daarby staan "Spices of India." En aan die onderkant teenoor dieselfde pyl "irresponsible Dutch boys". 10

They don't need any translation for that My Lord, that is clear enough for them. -- En op die Weskus is 'n pyl na die noorde waarteenoor daar staan "Holland" in hakies.

En wat was u gevolgtrekking van hierdie plakkate. Het u nog ander plakkate ook daar gesien? -- Die eerste vraag, my eie interpretasie van daardie plakkaat is dat Frelimo inkom "irresponsible Dutch boys" moet uitgaan.

HOF: En die "spices of India"? -- Ek kon nie daaraan 'n interpretasie heg nie. Daar is 'n tweede vraag ook aan my gevra. 20

MNR REES: Ja? -- Ek het ook ander plakkate daar gesien.

Wat was u algemene gevolgtrekking in verband met die inhoud van dié plakkate? -- Kan ek net weer daardie vraag kry asseblief?

Wat was u algemene gevolgtrekking in verband met die bedoeling van daardie plakkate ten opsigte van rasse-verhouding. -- Dat ek is 'n "Dutch boy" waarvoor ek altyd aangewys word en nie in Suid-Afrika tuis is nie. Ek moet uit. 30

CROSS-EXAMINATION BY MR ALLAWAY: My Lord, I wish to reserve the /...

the cross-examination of this witness.

BY THE COURT: Until when?

MR ALLAWAY: My Lord, until the latest until Friday.

CROSS-EXAMINATION BY MR SOCCOT: Reserved.

MR REES: My Lord, I think before my Learned Friends just say they want to reserve, they should give Your Lordship some indication what their basis is for saying so. They have been in possession of these documents that have been handed in for two or three months now.

MR ALLAWAY: My Lord, answering the second statement first, 10 we have been in possession of a set of documents with regard to the first indictment which were withdrawn with it. When that indictment was withdrawn, we took no instructions about these photographs at all, because we didn't know what - what use was going to be put to it. With regard to the second matter, My Lord, I would have thought with respect, that a placard such as this might have a serious connotation for some people. Other people might see it in a different light. Neither will any ethnic group within the Republic and I would like to give consideration to that because the witness 20 has given his version of how he interpreted it. I might not want to cross-examine him at all, so it is a matter merely My Lord, of not taking up My Lord's time at this stage, it would seem that a thing of this sort is capable of a multitude of interpretations. That is why we ask for a reservation for cross-examination.

BY THE COURT: What is your attitude Mr. Soggot?

MR SOCCOT: I too, should ask for a reservation of cross-examination.

BY THE COURT: On what ground or what basis?

MR SOCCOT: I associate myself with...(inaudible)

MR PITMAN: I feel the same, My Lord.

MR ALLAWAY: My Lord, with regard to the witness's convenience we shall certainly indicate to Your Lordship, we shall certainly indicate to my Learned Friend in the early stages on Friday whether we need, with respect, to cross-examine him at all, so that he doesn't have to be made available. I don't know where he comes from but if we decide not to cross-examine him, then we don't want to let him come all the way to Court.

DEUR DIE HOF: Waar is u vandaan? -- Van Pietersburg.

10

MR ALLAWAY: Well could it be then left on this basis, we will let my Learned Friend know first thing on Friday morning.

DEUR DIE HOF: So he needn't come on Friday?

MR ALLAWAY: No, My Lord.

BY THE COURT: And you will indicate on Friday whether you will want him on Monday? -

MR ALLAWAY: Yes, My Lord.

DEUR DIE HOF: Wel op daardie basis word u dus verskoon.

Indien die hof u weer nodig sou hê dan sal u in kennis gestel word. Met ander woorde, u hoef nie meer verder teenwoordig te wees nie.

20

CETUIE STAAN AF.

CHRISTOFFEL CERHARDUS VAN DER MERWE, verklaar onder eed:

ONDERVRAGING DEUR MNR REES: Is u 'n konstabel in die Suid-Afrikaanse Polisie? -- Dit is korrek.

Waar is u gestasioneer? -- Ek is gestasioneer te S.A. Polisie, Pietersburg.

Was u op die 25ste September 1974 ongeveer twee-uur namiddag op diens onder bevel van toe majoor Erasmus? -- Dit is korrek.

30

En was /..

En was u aan diens by die Universiteit van die Noorde te Turfloop? -- Dit is korrek.

Sal u dit baie kortliks vir die hof vertel wat daar plaasgevind het - omtrent wanneer julle daar aangekom het en wat daar plaasgevind het? -- Ek het in bevel gestaan van destyds toe hy majoor Erasmus was. Ons het byeengekom by Monkwen [?] Polisiestasie waar majoor Erasmus ons toegespreek het en ons opdragte gegee het hoe ons moet optree.

Net so 'n oomblikkie, dat hy dit net eers vertolk. -- Van die polisiestasie af het ons na die Universiteit 10 van die Noorde met voertuie gery. Daar aangekom het almal uit die voertuie uitgeklim, en na 'n saal op die gronde van die Universiteit van die Noorde gegaan.

Herhaal bietjie weer vir hom asseblief. -- Nadat ons uit die voertuie uitgeklim het, het ons na die saal gegaan wat op die gronde van die Universiteit van die Noorde geleë is. Ons het die saal aan die oostekant genader en daar langs die saal stelling ingeneem. In die saal was 'n groot hoeveelheid Bantoevroue en mansstudente. Ek het nader beweeg na een van die vensters van die saal toe. 20 Ek het deur die venster gekyk en 'n Bantoe vrouestudent gesien wat besig is om iets van 'n pamflet af te lees. Die presiese woorde wat sy geuiter het, het ek nie gehoor nie, alhoewel ek kon uitmaak dat sy Engels gepraat het. Sy het Engels gepraat. Ek het langs die saal gewag op verdere instruksies van majoor Erasmus. Daar was 'n gerumoer in die saal, en kort-kort is daar nadat sy iets van die pamflet afgelees het, ek kon nie hoor wat sy sê nie, dan het hulle geskree "Viva Frelimo" en "Freedom". Na dié voorval het majoor Erasmus deur middel van 'n luidspreker 30 hulle probeer toesprek. Die rumoer was sodanig in die

saal /...

saal gewees dat hy herhaalde kere hulle moes toespreek om hom hoorbaar te maak. Hulle het ook die swartmag vuis wat ons mee bekend geword het getoon en dan geskree "Viva Frelimo, Freedom". Dit is al.

Sal u net vir die hof toon hoe dat hulle die swartmag vuis teken gee? -- Deur middel van die regter, of die linkerhand in die lug te steek en die gebalde vuis in die lug.

Caan maar aan. -- Majoor Erasmus het hulle toe ongeveer 15 minute tyd gegee. Ek was nie teenwoordig tydens hy hulle toegespreek het nie. Ek het in die agtergrond gestaan en hy het hulle 15 minute kans gegee om die saal te verlaat. 10

Goed gaan maar aan. -- Na 'n kort tydsbestek het hulle toe begin om die saal te verlaat. Hulle het die saal verlaat aan die westekant. Terwyl hulle 'n lied gesing het. Almal het in 'n groot groep af beweeg tot op 'n veld daar naby. Dit is 'n voetbalveld of speelgronde.

En daar het al die studente vergader en weer dieselfde soortgelyke slagspreuke soos "Viva Frelimo" en "Freedom" geskree. En die swartmag teken gegee. Op die veld het hulle ook liedere gesing en probeer om op die veld 'n drilparade toe te pas. Dit was egter meer 'n chaos gewees en waarop die Bantoe vrouestudente geskei het van die manlike Bantolestudente. Kort daarna het mnr. Erasmus hulle weer die tyd gegee wat oor is om heeltemal op te breek. Hulle het toe na hulle koshuise se kant beweeg, die Bantoe manlike studente. Meeste van hulle het op 'n wal stelling ingeneem waarop die polisiemanne op die voetbalveld in beweeg het. Dit is nou tussen die Bantoe manlike studente en die Bantoe vroulike studente. Daar was slegs 'n geringe hoeveelheid Blanke manlike konstabels wat daar stelling/... 20 30

stelling ingeneem het. Op daardie stadium het van die Bantoe manlike studente wat op die wal stelling ingeneem het, na die polisie met klippe begin gooi. Daarna is die opdrag gegee deur majoor Erasmus dat hulle teruggedryf moet word. Ek was op daardie stadium op die kant van die voetbalveld gewees en ek het op beweeg tot by 'n teerpad wat tussen die voetbalveld en die koshuise geleë is. Ek het daar stelling ingeneem waar - en die Bantoe manlike studente was op daardie stadium tussen hulle eie koshuise en op die oop stuk grond voor hulle koshuise. 10 Hulle het toe nog steeds met klippe gegooi. Ek myself het nie aktief deelgeneem aan die stormloop wat ek kort voor dit genoem het nie. Terwyl ek in die teerpad gestaan het en op die kant van die teerpad gestaan het, moes ek gedurigdeur vir klippe koes wat deur die Bantoe manlike studente gegooi is. Een groot klip ongeveer die grootte van my vuus het reg op my afgekom. Ek het geretireer en die klip het op die teerpad weggeskram en my op my regterarm getref. Na dit is daar nog verskeie klippe gegooi en ek was toegerus met 'n traanrookpistool. Ek het dit op 20 daardie stadium ook gebruik en ongeveer drie skote afgevuur. Die meeste van die Bantoe manlike studente het teruggeval tot agter die koshuise. Daarna het die klipgooiery bedaar en ek het terugbeweeg na die voertuie waarmee ons gekom het, en verder het ek nie deelgeneem aan die voorval daar.

Wat was die aard van die beserings wat u opgedoen het?
-- Daar was 'n swelsel aan my regter elmboog.

Dankie, Edele.

CROSS-EXAMINATION BY MR SOCCOT: My Lord, I wish to cross-examine this witness as far as reasonably convenient. 30
Obviously there are matters in his evidence which one would have/...

have to take specific instructions about and if we can do that after Court today or tomorrow during the holiday. May I proceed on matters of a general nature, My Lord. Konstabel, wanneer, en hoe laat die oggend het majoor Erasmus vir jou jou instruksies gegee?-- Die instruksies is die middag toe ons by Monkwen Polisiestasie byeengekom het, aan my gegee is.

Hoe laat was dit asseblief? -- Dit was ongeveer twee namiddag gewees.

DEUR DIE HOF: Monkwen, waar is die polisiestasie?-- Monkwen 10 is by die Universiteit van die Noorde.

As u sê by die Universiteit, is dit op die kampus of is dit buite die kampus? -- Hy is buitekant die kampus geleë.

Hoe ver sou u sê van die kampus af? -- Ongeveer sê twee kilometer.

MNR ALLAWAY: En hoeveel polisiebeamptes was daar teenwoordig ten tye dat majoor Erasmus die instruksies gegee het? -- Ek sou sê dit was ongeveer 30 Blanke lede en ongeveer 50 nie-Blanke lede. 20

En wat was die instruksies? -- Die instruksies was aan ons gewees om slegs op te tree op sy bevel, en die minste moontlike geweld moet gebruik word.

En het hy vir jou verduidelik hoekom u moet na die Universiteit se kampus gaan? -- Dit is korrek.

Watter verduideliking het hy vir jou gegee? -- Hy het ons net kortliks meegedeel dat daar 'n pro-Frelimo vergadering gehou word, waarop ons dit moes gaan uitmekaar maak.

Het hy gesê enigiets in verband met die - of hy instruksies gekry het om dit te doen of hoekom dit kon wettig gedoen geword het? -- Nee, hy het my nie so breedvoerig 30
nie,/...

nie, hy het ons net kortliks die omvang daarvan vertel.

En kort daarna was u wel op pad na die kampus toe?

-- Dit is korrek.

Is dit al die lede van die Mag wat daar teenwoordig was toe die instruksies gegee was? -- Ek veronderstel so.

Hoeveel, ek wil nie presies hê nie, maar hoeveel polisie vangwaens of polisie voertuie was gebruik? -- Dit is vir my baie moeilik om te sê, ek sal skat ongeveer 15 voertuie.

En was die soort voertuie wat gebruik was die soort voertuie wat normaalweg gebruik was, dit was nie saracens of soiets nie, maar net voertuie? --- Dit is korrek. 10

Het die Polisiebeamptes vuurwapens saam met hulle gedra? -- Dit is korrek.

Watter soort vuurwapens? -- Die gebruiklike 3,8 rewolwer waarmee 'n polisiebeampte uitgereik is, asook twee haelgewere en traanrookpistole en verder was almal uitgereik met rubber knuppels.

Was enige honde gebruik? -- Daar was honde gewees.

En was jy in bevel van 'n hond of nie? -- Nee. 20

Kan u skat asseblief, met redelike sekerheid hoeveel honde saamgeneem was? -- Ek het daar drie honde gesien.

Nou, toe jy daar opgedaag het by die kampus, hoe laat was dit asseblief, om en by? -- Dit was ongeveer 2,25.

En u het gesê wat u persoonlik gedoen het, u het die saal genader, dit is die studentesaal nie waar nie? -- Dit iskorrek.

Wat het die ander polisiebeamptes gedoen behalwe majoor Erasmus? -- Hulle het ook grotendeels aan die kant van die saal stelling ingeneem waar ek stelling ingeneem het. 30

In 'n soort sirkel om die saal? -- Nee, Edele, slegs aan die een kant van die saal.

Waar die ingang was? -- Edele, daar is twee ingange wat ek gesien het.

Daar is 'n groot ingang, dit is die ingang waarvan ek praat. -- Die hoof ingang is seker op die punt van die saal, daar het ek nie opgelet of daar polisiemanne was of nie.

Wat het die Swart polisiebeamptes gedoen? -- Hulle het ook aan die kant vandie saal en ook die wal wat langs die saal geleë is, rondgestaan. 10

En wat het die polisiebeamptes met die honde gedoen? -- Hulle het ook in dieselfde omgewing stelling ingeneem.

Het die honde stilgehou of geraas gemaak, geblaf?-- Ek sal nie kan onthou nie.

Nou hoe lank het u daar gewag voordat majoor Erasmus daar binnekant die saal ingetree het? -- Ja, Edele, hy het nie binne-in die saal ingegaan nie, hy het slegs in die deur van die saal stelling ingeneem.

En is dit dieselfde waarvan u tevore gepraat het, dit is, ek noem dit die hoofingang. -- Nee, dit is 'n sy-ingang. 20

Is dit die sy-ingang? -- Ja.

Ek verstaan. En kyk asseblief na BEWYSSTUK, dit is genoem RALLY B.53. Sien jy die bewysstuk konstabel? -- Ek kyk.

Nou dit is nie 'n plan wat volgens skaal is nie, maar sien jy die pad wat direk deur, of dwarsdeur hierdie kampus loop. Dit is genoem die pad, mnr. die Tolk. -- Ek sien dit. 30

En sien jy dat daar 'n - dit is genoem "soccer grounds". -- Dit is korrek.

En net /..

En net tot regs - nie regs nie, maar net bo wat genoem is as die "soccer grounds" sien jy dat daar uitgedui is, gemerk is as groot saal, "Creat Hall"? -- Ek sien dit.

Nou is die posisie die plek waar die groot saal is, is dit die plek waar jy langs gestaan het en is dit die plek waar die Swartes, die studente daar binnekant was? Op die betrokke dag? -- Ja, ek was by die betrokke saal, Edele.

Nou, kan u vir Sy Edele uitwys waar die majoor gestaan het in watter ingang hy gestaan het en die mikrofoon 10 gebruik het? Ek gee vir jou nou 'n rooi pen, dat ons 'n goeie merk daarop sit. Net klein skryf asseblief konstabel. En met betrekking tot daardie kruis wat u nou gemerk het, dit lyk dit asof dit op die regterkant van die gebou is, volgens die plan. -- Dit is korrek.

Waar het jy gestaan? Maak dit asseblief met 'n rooi sirkel.-- Ja, Edele, dit is vir my bietjie moeilik want ek het somtyds op en af beweeg en langs die betrokke kant van die saal en ek het nie op een spesifieke plek gestaan nie.

Wys die kant dan, wys die rooi sirkel aan die kant 20 waar u gestaan het. -- Dit is min of meer soos ek aangestip het.

En jy het waarlik nie 'n sirkel gemaak nie, maar dit lyk meer soos 'n dubbel streep. -- Dit is korrek, dit was min of meer in daardie omgewing.

En waar was die venster, was dit op dieselfde kant of die ander kant van die saal? -- Dit was aan dieselfde kant.

En was die ander polisiebeamptes, die meeste van hulle in dieselfde omgewing waar u wel gestaan het? -- Min of meer, Edele. 30

En die polisiebeamptes wat met die honde saam was, was /..

was hulle ook op dieselfde kant waar u wel gestaan het en beweeg het? -- Ja, hulle - ek sal sê, Edele, hulle was meer agter ons gewees, maar aan die selfde kant van die saal.

Nou konstabel kyk, hierdie gebeurtenis is nou amper 'n jaar gelede. Kan u enige soort tydperk vir Sy Edele gee hoe lank jy daar wel beweeg het of gestaan het nadat jy daar opgedaag het voordat die majoor daar binne-in die ingang gestaan het en vir die mense binnekant toegespreek het. -- Dit is ongeveer sewe minute. 10

En gedurende daardie tydperk wat u wel onthou het, wat u wel gehoor het, was dat iemand van 'n pamflet gelees het. -- Ja, ek het haar gesien en gehoor en toe nie verder ag geslaan daarop nie.

Om die waarheid te sê, was jy nie baie geïnteresseerd in wat sy wel gesê het nie op dié stadium nie? -- Nee, Edele, want ek kon nie hoor nie want aan die buitekant van die saal was dit bykans onmoontlik.

En al wat jy wel gehoor het is hierdie uitdrukkings "Viva Frelimo" en "Freedom"? -- Dit is korrek. 20

Wat beteken "Viva Frelimo"? Wat beteken "Viva"? -- Ja, ek sal nie presies vir u kan duidelik maak wat dit beteken nie.

In Afrikaans hoe verstaan u dit? -- Ek sal sê as mens sê "Viva Frelimo" dat..

Kan ek u help, as mens sê "Viva Sport" wat is dit? -- Ja, dit is ten gunste - ek het nie die regte woord daarvoor nie, Edele.

Bedoel dit nie "long live" of langslwend? -- Dit is moontlik. 30

Nou wat het die majoor gedoen voordat hy plek geneem

het /...

het of voordat hy daardie ingang genader het, wat het hy gedoen gedurende daardie ses of sewe minute toe jy daar buitekant die gebou gestaan het? -- Ek het hom nie eintlik dopgehou nie, ek weet nie sy bewegings presies nie.

Maar in watter rigting het jy gekyk toe jy daar beweeg het? -- Ek sal u sê Edele, in verskillende rigtings want ek het eintlik gewag dat hy ons enige verdere instruksies moet gee.

Het u persoonlik enigeen van die beamptes van die Universiteit daar gesien? Terwyl jy daar buitekant gestaan het? -- Nee, ek ken hulle - ek het hulle nie geken nie. 10

Het jy enige ander wit persone daar gesien behalwe die Polisiebeamptes wat daar wel teenwoordig was? --Nee.

Kan u onthou vandag of u wel gesien het wat, op enige stadium gesien wat die majoor wel gedoen het, voordat hy daar in die ingang gestap het? -- Op 'n stadium het hy met een van die Bantoe manlike studente gepraat.

Was hierdie student, was hy uit die saal uitgeroep of het hy net daar buitekant gestaan?-- Edele, ek weet nie presies waar het hy vandaan gekom nie. 20

Maar jy het gesien dat die majoor wel met 'n Swartman daar gepraat het? -- Dit is korrek..

En volgens wat u wel gesien het en gedink het, was hierdie Swart persoon 'n student? -- Dit is korrek.

Ten tye dat die majoor met daardie Swartman gepraat het, daardie Swart student gepraat het, het hulle met mekaar gesels naby die ingang waar op 'n latere stadium die majoor wel ingestap het of gestaan het? -- Dit is korrek.

Was u teenwoordig, konstabel, gedurende enige gedeelte van die gesprek? -- Edele, nee, ek was nie by hulle gestaan/... 30

gestaan terwyl hulle gesels het nie.

Het u enige gedeelte van daardie gesprek gehoor?

-- Nie wat ek nou kan onthou nie.

Op dié stadium het die majoor wel die mikrofoon in sy hand gehad?

DEUR DIE HOF: Is dit 'n soort van 'n megafoon?

MNR ALLAWAY: Megafoon, jammer Edele, dankie. -- Ek neem so aan, Edele.

En kortliks daarna wat het gebeur, het die majoor na die ingang gestap? -- Ja, toe ek hom weer gesien het, 10 het hy in die ingang van die - sy-ingang sal ek sê, gestaan en met die luidspreker na die binnekant van die saal gepraat.

En dit is die plek waar jy die rooi kruis gemerk het op die bewysstuk RALLY B53? -- Min of meer, Edele.

Het die Bantoe - dit is die Swart student saam met hom gegaan, binnekant die saal? -- Nee, ek weet nie.

Het u hom nie dopgehou nie? Dit is die Swart student? -- Nee.

En voordat die majoor daar wel gestap het en die 20 ingang genader het, volgens u getuienis, was daar geen instruksies aan u of die ander polisiebeampte gegee deur majoor Erasmus? -- Ja, Edele, wat ek kan onthou het hy net vir ons gesê waar ons min of meer moet stelling inneem, en wag vir verdere instruksies.

Ek stel dit nie aan jou as 'n vraag nie, maar ek stel dit nie dat dit wel gebeur het nie, ek vra net of dit gebeur het. Het die majoor wel vir u gesê wat hy van plan was om te doen voordat hy daar by die ingang gestaan het? -- Nee, hy het vir my niks gesê nie. 30

Wat het u wel verwag sou gebeur? -- Normaalweg

Edele/..

Edele, word hulle 'n tydsbestek gegun om uitmekaar uit te gaan.

Nou toe die majoor die megafoon wel gebruik het, het hy in Engels gepraat? -- Ek neem so aan.

Maar onthou u dit? -- Ek kan my voorstel dat hy Engels gepraat het, maar die presiese woorde kan ek glad nie onthou nie.

Het u wel 'n verklaring in verband met hierdie omstandighede, gebeurtenisse gemaak? -- Dit is korrek.

Wanneer het u die verklaring, dit is die polisie- 10
verklaring gemaak? -- Dit was dieselfde dag as ek kan reg onthou?

En het u ook getuienis gegee voor die Kommissie, voor Regter Snyman? -- Dit is korrek.

Nou wat was die aard van wat die majoor gesê het en gebruik asseblief die Engelse woorde, nie presies nie, nie die presiese woorde nie, maar wat was die aard in Engels wat hy vir die persone wat daar binnekant die saal was gesê? -- Nee, ek sal nie kan sê wat het hy daar gesê nie.

Kan u nie die aard van wat hy gesê het nie? -- Die 20
aard sal ek sê, Edele is dat hy hulle tyd gegee het en hulle die hoeveelheid tyd meegedeel het en dat hy hulle meegedeel het dat dit 'n verbode byeenkoms is. Dit is omtrent al.

DEUR DIE HOF: Is dit wat u nou aflei wat hy gewoonweg sou gesê het of het u gehoor dat hy soiets sê? -- Dit is wat ek aflei, Edele.

Dit is wat hy normaalweg sou doen? -- Dit is korrek.

En u kan nie onthou dat u dit inderdaad gehoor het nie? -- Nee, ek kan dit nie presies onthou nie. 30

MNR ALLAWAY:

Hoe laat die dag het u daardie toneel weggery daarvan-
daan terug na die Polisiestasie? -- Dit was ongeveer van

halfvier tot kwart voor vier die middag.

En om en by hoe lank was u in dié omstandighede daar by die kampus die dag, by die kampus of op die kampus die dag? -- Dit was ongeveer 'n uur na 'n uur en 'n kwart, miskien 'n bietjie langer.

En toe u die kampus verlaat het, was alles normaal? -- Ja, van die Bantoe manlike studente het nog saamgedrom daarso, maar verder was alles ordelik.

Was die honde gebruik op enige stadium, die honde? -- Ek het nie gesien dat hulle gebruik is nie, maar slegs 10 daarvan gehoor.

As u sê dat u gehoor het dat dit gebruik was, bedoel u dat iemand dit vir u vertel het of bedoel u dat u wel die geraas gehoor het, die geblaf van die honde of wat? Wat bedoel u? -- Ja, Edele, ek het die honde gehoor blaf en hulle was wel daar gewees en dan het ook iemand my vertel van die gebeure.

Op watter stadium het jy wel geluide gehoor wat vir u bedoel het, beteken het dat die honde wel gebruik was? -- Meneer, vir geluide sal ek nie sê as sulks nie, dit is 20 slegs maar die geblaf, neem mens maar aan die hond is daar en hy is deel van die groep polisiemanne.

DEUR DIE HOF: Sou hulle blaf sonder dat u hulle gebruik? -- Dit hang van hond tot hond af sou ek sê.

Die vraag is wanneer het hulle geblaf, op watter stadium? -- Dit is maar seker op die stadium toe hulle teruggedryf was van die wal af en ook toe ons in die pad stelling ingeneem het.

MNR ALLAWAY: Maar u het wel nie gesien in watter omgewing die honde wel gebruik was nie, u het net die geluide gehoor? 30 -- Dit is korrek, ek neem aan dit was aan my regterkant was

een/..

een hond wat ek opgemerk het op 'n stadium.

Maar u kan nie vir sy Edele sê nie, in watter manier die honde gebruik was op enige stadium ten tye dat u wel teenwoordig was nie? -- Edele, al die honde was gelei deur 'n polisiebeampte wat ek gesien het en dan ook met 'n lei-riem, Edele.

Nou maar kan u getuienis gee in watter manier die honde gebruik was met betrekking tot die Blanke die Swart studente wat daar teenwoordig was? -- Nee, Edele.

Nou net om 'n verduideliking te kry, in verband met 10 hierdie aspek, kyk asseblief na BEWYSSTUK B53, dit is RALLY B53. Toon vir ons asseblief waar hierdie wal is, en ek dink miskien sou dit beter wees as u met 'n groen pen 'n streep daar sit. En wat is die lengte of van daardie wal in tree of stappe of so? -- Ongeveer sê 40 tot 50 tree seker.

En asseblief op dieselfde bewysstuk, sit asseblief daar ook, ook met 'n groen pen, en net asseblief met 'n klein sirkel, waar u wel was toe u die geluide van die honde gehoor het en toe u wel gesien het dat daar was 'n 20 hond naby u?

BY THE COURT: Mr. Allaway, is this a convenient stage to adjourn.
