Dear Dr Xuma

Thank you very much for your kind note, welcoming me to your home in case I should come up to Johannesburg. Unfortunately since last I wrote to you, the meeting I was to have attended has been postponed to a later date & I have not yet received information as to the exact date. In fact it seems as if the venue may be shifted to Cape Town, in which case I shall have to postpone my visit to Joburg till early next year - January - when I hope to attend the Race Relations Council meeting as representative of the Inter-University Committee on African Studies. In any case if we are coming to Joburg this month, I shall let you know in plenty of time.

I hear Thorne is here attending a meeting of the Governing Council of Lovedale. I have not yet met him but hope to do so before he returns to the Rand. With best wishes

Yours sincerely

Dear Dr. Xuma,

The committee dealing with courses of instruction to be given at the projected training school for Social Workers amongst Non-Europeans will meet again on TUESDAY AFTERNOON, NOVEMBER 7th, at 4:30 o'clock, in the BOARD ROOM of the Y.M.C.A. We hope it will be possible for you to attend.

At the meeting on October 30th discussion took place on a number of preliminary questions. A considerable amount of time was spent in discussing the types of training and the connection of training school with the University.

The principal item on the agenda for the next session will be examination of the courses of study to be offered.

With kind regards, I am,

Dear Alfred,

I hope and trust ere this you are beginning to get my letters more regularly now than formerly. Three of your letters came almost at one time to Winston-Salem and were sent on to me here - It has been over a week now and I haven't received a letter from you - I am trying to be calm outwardly but nevertheless - I shall not become jittery like I was this summer - Do you remember?

Well, I am hard at work. The first of the week we attend classes - the last of the week, Thursday, Friday and Saturdays out on the field - This semester I am working with groups - women and girls - next semester case work I am very anxious to start the

latter for I've never had an opportunity for personal contacts before. I think it will make me very happy (after I receive the training) to know that through my efforts, tact and knowledge I shall be entrusted to try to make adjustments for people who need that type of thing.

I am writing to Washington for as much material as I can get on delinquency; dependent, defective and neglected children. My term paper will be emphasized by that material.

What other <sup>immediate</sup> needs do you have there that you think I should get information on? I am thinking seriously in terms of Africa and what I can bring that may help my people there. I have told my instructors here that I am not interested in marks but information and materials - all that I can get -

Miss Sammie Fuller, Rev. Coan's girl friend and I met last Saturday night. I am sure both of your ears <sup>attended</sup> (you and Coan) for we talked and talked about you both and Africa - She also is preparing to come over, but she doesn't know when. I told her it would be nice if we could travel together. Said she was sorry she did not go to the Social School instead of W.A. at Atlanta Univ. I am glad you gave me the idea and paved the way for me to go. I am sure it will be a greater help when I get over there.

Major R. R. Wright spoke here today - I think he is the Bishop's father.

Well, they havent called you to war  
yet have they? I hope they wont  
in fact I hope it will soon be  
over. I watch the papers and  
listen over the radio everyday  
about the war news over there.

I'll close now. It is 10 p.m. and I  
have some work to get out -

Love and best wishes

Sincerely yours

Madie

Dear Dr. Kuma,

Due to my long absence from home, your letter, dated 31/10/29, did not reach me until last Saturday evening. I thank you very much for the suggestions with regard to Ida.

I advised Ida to enter the Non-European Hospital because I felt that she should have some qualification on which to depend for a living, and the only place I could think of was the General Hospital.

Now that you have drawn my attention to some aspects of the nurse-training at this hospital, I realise the wisdom of sending her to the Victoria Hospital, Lovedale. But I am now faced with a problem. When I got your letter, I also received one from Ida, whereby she informs me that she is required to start her ~~for~~ training

on the 8<sup>th</sup> Nov.

The position being what it is, it appears the only thing to do at present is to let her enter the hospital, and while she is on probation for three months she could make up her mind as to what she would like to do. I am putting ~~the~~ your suggestion before her for consideration, as I did when I advised her to apply to the Non-European Hospital. Please allow me ~~once~~ to thank you once more for the trouble you have taken to write to me about this matter.

Kindly remember me to Miss Tuma.

Yours truly,

L.P. Makenna.

MINUTES OF A MEETING OF THE EXECUTIVE COMMITTEE HELD IN THE COMMITTEE ROOM OF THE B.M.S.C. ON THURSDAY, 9TH NOVEMBER, 1939 AT 5 P.M.

PRESENT: Rev. Dr. Ray E. Phillips, President (Chair); Mr A. Bovet; Mr H. Britten; Mr D.R.Twala; Mr P.W.Rezant; Mr G.R. Kuzwayo; Mr Griffiths Motsieloa; Mr W.G.Ballinger; Mr L.M.Povall; Mr J. Montague Pim (Hon. Treasurer); Mr F.J.S.Modibedi; the Secretary, the Assistant Secretary and the Physical Director.

APOLOGIES: An apology for absence was received from Mr D.M.Denalane.

MINUTES: The Minutes of the previous meeting having been circulated were taken as read and confirmed.

CORRESPONDENCE: (1) A circular letter was received from the Mayor's War Fund Committee asking the Centre to contribute to the Fund. The application was refused.

(2) The African Theatrical Syndicate applied for the use of the hall on behalf of Mr Bhika (a cripple) to hold a Concert at the Centre on a day to be selected in January 1940; three-fourths of the profits to go to Mr Bhika; the rental to be three guineas for the night. Agreed.

(3) The application by the Organising Committee of the Transvaal Open Tennis Championships was granted for the 14th December at the usual rental of £2.2.0 from 8 p.m. to 12 Midnight.

(4) The application by the Rev. C.D.Nthoba of the A.M.E.Church to stage a Concert at the Centre was refused owing to the days for which he had applied already having been taken.

(5) The application by the Barolong Tennis Club was refused because of the day for which they had applied (14th December, 1939) already having been taken.

(6) The application by Mr Mogoai to stage a Concert at the Centre was refused on Constitutional grounds.

MINIMUM SALARY FOR OFFICERS OF THE CENTRE: This motion which stood in the name of Mr W.G.Ballinger for the past three months was fully discussed; Mr Ballinger speaking strongly to the motion. It was however agreed to refer this matter to the meeting of the House Committee in December.

REPORT OF HOUSE COMMITTEE: The Chairman reported that the first House Committee meeting had met that afternoon and that Mr G.R.Kuzwayo had been elected to the chair. The question of the time of meeting was discussed; Mr P.W.Rezant seconded by Mr H. Britten favoured this Committee to meet at 4.15 p.m. two or three days before the meeting of the Executive Committee. Mr Kuzwayo reported that a letter had been received from Mr J.C.P.Mavimbela applying to do the catering at the Centre. After a lengthy discussion it was agreed to ask Mr Mavimbela to submit details as to (a) tariff (b) the rent he proposed to pay, and general running of the Kitchen, and these details to be submitted to the House Committee for its next meeting. Mr Kuzwayo further reported on the necessity of improving the hall. It was pointed out that the flooring was bad, and acoustics bad, and that the stage needed a curtain. After a lengthy discussion it was agreed to get quotations for the cost of relaying the floor, to ask Mr Porter (Architect) and Mr John Connel to attend the/...

the next meeting of the House Committee and advise regarding acoustics. It was agreed that a cheap curtain be made for the stage pending alterations. It was also agreed that the question of foot lights be gone into. The following Sub-Committee was elected to go into the question of the stage and hall: The Chairman, Mr J. Montague Pim, the Secretary, Mr Rezant and Mr Motsieloa.

TRANSPORT FACILITIES FOR SECRETARIES: The Chairman of the House Committee reported on this matter. Several suggestions were made as to the type of transport to be provided. much difficulty was experienced however in the suggestions made e.g. trams, motor cars and cycles. It was finally agreed to refer this matter back to the House Committee. Agreed.

FLOOD LIGHT FOR TENNIS COURT: The President reported that he had gone into this matter with authorities at Ellis Park on the recent success of the installation of flood lights for playing at night. He wished African members to find out if tennis playing would be popular if flood lights were installed in our tennis courts. He further explained that it would approximately cost £250, and asked the Committee for permission to make further investigations. Mr Pim however moved, and Mr Twala seconded that the matter be dropped. Agreed.

KITCHEN REPORT: The Kitchen Report as presented was passed.

NEW MEMBERS: The following new members were elected to membership:-

- |                     |                               |

My dear Alfred,

How are you? I have thought and thought a great deal about you this week. Wondering what you were doing and thinking as the days go by -

I am hard at work trying to make the grade - there are so many interesting things to see and learn until it seems I can't do them all but rest assured I shall try to get everything that I can that may help.

I've just received news of one of my friends' death at home - It is a great shock to me but life for me must go <sup>on</sup> despite the fact.

You should see how I manage to get back home by 5.30 pm each afternoon so that I might hear the war news. Between school and the war I don't know what will be come of me, ha! ha! I am so anxious for the war to close and normalcy return so that I can still make the trip to you safely.

Please write and tell me about the plans you had made for me before the war started.

I cut a clipping from the Georgia paper last week about "Yergan". It seemed he talked before a University group - Lincoln in Pennsylvania about the natives of So. Africa and British lords - I am saving the article because I want you to read it - I am not sure about censored mail - so I'll keep it for the present. I am sure you must be enjoying the summer weather there now - It still feels like fall here. We haven't had rain - a slight sprinkle - but once since I came down. I think when it does rain it will turn cold here.

Oh! by the way - you spoke about bringing so many big trunks - I had to laugh - I'll do well to bring one - I try to be sensible in all undertakings - Clothes don't mean so much after all - I only want to be presentable - for all occasions - my "fussy" days I think are gone - days when I was interested in spectacular things - now I want and can appreciate the real honest-to-goodness things that are seemingly worthwhile. How do you like this little "snap"? We had to have some made for the school - Put it in a closet or some where - Ha! ha! -

Please write soon -

Love to children

My dear Alfred,

Once again I much say  
"Hello" to you and yours  
What are you doing and  
thinking? Why doesn't  
the war begin or end?  
These are things that  
are eternally on my  
mind - I listen to the radio  
for all types of war news  
also read all the papers  
available - In fact, I  
am very much war-conscious  
these days

(2)

This a.m. I see Germany is  
operating near South Africa -  
Too bad! Are the people  
there much concerned?

We are having very mild  
weather these days. No  
rain scarcely since I came  
down over a month ago -  
I believe, however, that  
after the Christmas holidays  
we may get some severe  
cold days.

I am spending the  
Thanksgiving holidays at  
home - Our president  
- Roosevelt - changed

the traditional date from the last Thursday in November to the 23rd of November. So we celebrate a week earlier this year.

How far are you away from Wilberforce Institute?

By the way, I was reading a magazine, "Africa" in the library last week. Late books written by distinguished authors and synopsis of the same were listed in this magazine. Some give "glorifying" accounts of the conditions and improvements made in So. Africa; others are not so good—

I was quite concerned about  
native affairs in and around  
Johannesburg - Is it true that  
you people are on  
reservations 15 and 20 miles  
away from the city proper  
with no sanitation, lights  
water and etc? I thought  
you were on the outskirts  
of the city but within city limits  
like most of the southern towns  
in this country. I knew  
there were problems there  
but not to that extent.

I miss your letters terribly.  
Received your cable - Thank  
you - I came to Atlanta Sch.  
of Social Work.

I must go to work -

Best wishes

Thaddeus

Dear Dr Yuma -

I read your pamphlet on Bridging the Gap with great interest & pleasure & would like to congratulate you on it. When I get back to Cape Town (one way in the train) I am going to suggest to the local Left Book Club that your publications be sold at the weekly meetings, & shall write to Transvaal headquarters suggesting that their affiliated branches do likewise.

I was sorry you were unable to come to the station yesterday, but hope you won't forget to send me the papers etc you promised.

Also I much hope you will write for The Guardian (of which I shall send you some back numbers). You can air your views in letters and articles - and I am always glad to have short items on flagrant examples of

discrimination & injustice. Articles for the Liberation League page would be very welcome, too - Don't be too wordy, owing to pressure on space.

What is your opinion of the New European United Front? In conception I think it is excellent, but the leadership & organisation does not seem to be as energetic or as able as could be wished for. The success of Cape Town's anti-segregation meeting last March shows that the Government must retreat once there is an organised struggle for concessions. I am hoping that the non-European S. A. R. & H. workers will demonstrate for higher wages if the present Government does not concede any of the demands which have been put forward for several years past. A successful demonstration would give heart to these workers - it should be peaceful & should have the support of Europeans, but it must be organised by the workers themselves.

Unfortunately there are two unions representing these workers, one of which is affiliated to the Cape Federation of Labour Unions (damned reactionaries mostly), the other to the T. & L. C. (ditto!) - The latter, though, was

Started by excellent people, & differs from the former in that they refuse to allow European leadership - which is obviously a point of the greatest importance. Africans & all other non-Europeans must develop their own leaders - many of them will become crooked, but that's inevitable with an oppressed people - but some of them will be of the true incorruptible stuff.

As a European I find working in this country horribly unsatisfactory - The whole economy & society is on such a fantastic & artificial basis that most of the time a European is doing little but shadow-boxing. However, it's no good sitting idle & bewailing the fact that the problem is so big, the field so immense, that & that consequently one's small efforts can do very little under a system that is rotten from the foundations. If there is any way in which I can be of use to you I hope you will let me know -

Dr Sigerist the other day emphasized to me the necessity of simple health primers for Africans, pointing out the idiosyncrasy of the few books used to day, which deal with vitamins & calories & other terms which are no help at all to people of little education. There is no doubt that such primers, simply

illustrated, should be published. What about it? Would the  
Union Health Department provide a grant to cover  
expenses of publication? Cluver is rumoured to be  
a liberal man. I could probably raise some money  
for such a purpose - but it's always better to tackle  
the authorities first, particularly as the people from  
whom I can get money will give it for causes which  
authority will not support. A number of the progressive  
M.O.K.'s should give support to this suggestion.

Am now in the ~~karroo~~ it's almost unbearably  
~~dark~~ hot. Hope you can read this - the train is  
very shaky.

I think it's perhaps better for you to write to me at  
Rondebosch - just in case there is any official  
interest in the Guardian's mail bag.

Sincerely yours

Self, Peds
