# FIVE ORGANISATIONS X TO HOLD MEETINGS AT BLOEMFONTEIN

Bloomfontein is the venue of conferences for at least five African organisations this December. They are the African National Congress, the All-African Convention, the National Council of African Women, the African Cultural Conference and the African Public Servants' Association.

This is the first time that African organisations have held conferences simultaneously at Bioemfontein. The first meetings begin on December 16 when Congress, the All-African Convention and the African Public Servants' Association hold their respective sessions. The last organisation meets for the first time and seeks to consolidate its position as a recognised

#### LACK OF AGENDAS

Although the conference sessions are less than three weeks away, most of these organisations have not yet issued their agendas. Many branch members told a "Bantu World" representative that they had not the slightest idea what would be discussed.

There is, however, great interest in the Congress presidential election this year. Talk is current of a possible change much desired by a section of Congress. The names of certain Congressmen are being freely mentioned for presidential honours, but with the present among a large number of supporters, debate on this matter will provide fireworks at the Bloemfontein

Resolutions on various aspects of government policy are expected at this meeting and at that of the All-African Convention whose

The Council desires to establish a number of schools and to finance a compulsory education drive for Africans throughout the Union.

## **Nurses** Meet At Orlando

A joint meeting of Non-European Nurses and Health Personnel Clubs was held at the Donaldson Orlando Cimmunity Centre Board Room on Sunday, November 27, 1949. Nurse S . M. Sebeta of Verceniging presided and was assisted by Nurse E. M. Ts'oaeli of Brakpan.

The day of the all funality ! as Pretoria, Vereeniging, Brakpan and other centres along the Reef. Many items came up for discussion. One dealt with badges for every club in the Transvaal. A suggestion was made that small amount be charged to each club na a kena, banna ba ne ba sa ntse for this purpose.

Branches reported progress although much is still to be done in the country districts where it was nentioned, progress was hindered by difficulties in organisation.

In her report, Nurse G. Msimang of Pretoria said she was faced with difficulties in organising the Pre toria branch. Actual Club work she said, has not started but more Nurses have joined.

In Johannesburg, which was re presented by Nurse E. W. Vilakazi progress also reported at Western Native Township.

Nurses M. V. Bopape and D. L. Mareka of Brakpan and Vereeniging respectively gave encouragng reports of their Clubs.

In her brief talk to the young Nurses, Nurse Sebeta, appealed for co-operation. She exhorted them to be fair with other people and not to despise them. She also called for hard work from the Transvaal in preparation for the Conference next year.. Funds were needed to send delegates to this Conference.

On a suggestion from Brakpan it vas decided to stage a concert some time next year to raise funds for this purpose.

Another matter discussed was that of assistance from the Clubs given to those in distress and here it was decided to give consideration to the Bantu World Ndwandwe Fund which is still

## PROPOSAL TO USE BEER PROFITS TO AID HOUSING MEETS WITH GENERAL APPROVAL ON REEF

Interviewed by a "Bantu World" representative, many Africans along the Reef expressed themselves favourably regarding the use of kaffir beer profits to aid housing. These profits can at present only be used to provide social amenities.

The Government proposes to amend the law relating to the pro fits from the sale of kaffir beer, so as to allow two-thirds of the profits to be made available for general purposes, such as losses on housing for Africans, reduction on rentals and capital and main tenance costs in connection with African villages and hostels. Although to many on the West pay rent to the municipality, also Beerhall profits, he said, would

Pointing to a section of the location lining the eastern outskirts of the location, and in line with the beerhall itself, he went on: "These are municipal-owned houses whose inhabitants are mainly Coloureds They do not, as a general rule patronise the beerhall. What is to happen here, will they fall out of the scheme or will they, because they are municipal tenants who

#### Co-operation

It seems that it will be a hard and protracted battle to convert South Africa to the fact that, as both black and white have to live together in this country, they must co-operate to develop to the full all its potentialities.

There may be a couple of schools of thought as to the impli cations and application of the policy of 'co-operation. There is however, among the Africans school of level-headed men and women who have the welfare of the whole population of Sout! Africa at heart. These people are realistic enough to know that the return of Europeans to Europe nothing but a midsummer nights

This school of thought genuinely disturbed and heart broken when it considers how much money, time, energy, and brain power are wasted in th keeping of races apart, and how much good could result from using them for the creation of facilities to enable every South African, re gardless of his race or colour, to make his contribution to the building of a finer, happier and greater South Africa.

This school of thought has nothing to do with intermarriage or domination of the Europeans by Africans, when the latter is given political rights and freedom Its only concern is that all talents. which are latent in the members of each race that forms a part of our multi-racial society, should be developed, and not be suppressed for the benefit of all.

These people are not blind to the fact that the European has taken very many more giant strides for ward than the African, and that it would be asinine for the African not to expect him to lead in most things for a long time. But they feel that nothing is more calculated to encourage the continual deterioration of the relations be tween black and white than the throwing of artificial barriers in the way of those who genuinely and nselfishly desire to serve their intry in a spirit that is em pepin's famous state office toward noise all; with firmness

right, as God gives us to This level-headed school of thought sees no reason why the of being invited to take part in the great "eendrag" whose purpose to accelerate the progress of our common country towards true greatness and towards the enjoy ment of the fruits of full develop-

No one can be happy in South Africa as long as our life is that of cats and dogs. Such a life is not a normal life for a country. It has a souring effect on both the ruling class and the ruled class. Fortunately there is a large

section of Europeans who are disturbed by the deliberate placing of boulders between black and white, and thus frustrating all efforts towards co-operation.

This European section and the Africans must not lose hope and throw up the sponge. The struggle in which they are engaged is nobler than either indifference to it or the fomentation of race

#### A True Spirit Of Generosity

In our last issue, we published the news of a remarkable gift made to the Zulu people by Mr. H. J. van Rensburg whose family is already well - known for their generosity to our people in that Province. Now this generosity has been extended to Natal where two farms valued at £45,000 have been handed over to be used as a Training School for Evangelists as an Institute for African Blind.

At this time when Europeans are commemorating the pioneering deeds of their forefathers, Mr. H. J. van Rensburg has made this gesture of peace, for one of his own encestors was among those who died at uMgungundlovu oNduku ziBomvu. There can be no doubt that if this spirit were more widely practised on both sides of the colour line, there would be few

fears for the future by anyone, For our part, we particularly appreciate the fact that this big gift was made in a quiet way, so quiet indeed that it is only after three weeks have passed that it has become generally known. In that lies the true Christian spirit without which no country can prosper and grow great.

In the most practical way possible. Mr. van Rensburg has replied to those who questioned his good faith when he stood as a candidate for the Senate. But he has done much more than that. He has begun to build a bridge over which many may follow.

ead a press notice, summoning African artists, authors, musicians, omposers, journalists etc. to a Conference at Bloemfontein. What struck me at once is that with the exception of C. R. Molkangoa, the olind Basotho Author, all the other Convenors are young men from the University College of Fort Hare This, I hold, is a matter for gratiication; for if our young men begin, at so early a stage in their careers, to think and act seriously on things that really matter to our people, then there is hope for uture progress and prosperity.

All Can Contribute Another fact which strikes one s the non-partisan, non-political nature of the Conference. This also is a matter for gratification. Pure art has an intrinsic quality and a universality that allows of no narrow partisanship. An art Conference therefore is something that helongs to the African people as a whole, and there is certainly no scope for political rivalry and ectional wrangling. All can conribute towards the advancement

### SOPHIATOWN WILL NOT FORGET FATHER TREVOR HUDDLESTON PRIEST AND FRIEND TO ALL

(By Elliot D. Seranyane)

What shal I say to express regret; what consolation should i offer to my colleagues who, I believe, feel just as I do over Fr. Trevor Huddleston's departure from Sophiatown? Let me console My African friends have wound- | He was a peacemaker. He ven-

Huddleston has done nuch for Sophiatown boys; he has done something great, something iterests of African Progress, and nany are performing them con- a distant fairy tale, dim and unt not possible perhaps for them When

not possible perhaps for them when I take my pen to write this message to all those dear and loving to Fr. Huddleston, I am Promise and to do more than say, not doing so with idle hands. I might ordinarily be expected to do so because I feel it is my duty perform," on behalf of the New to write about someone who was always happy, loving, honest and earnest in helping the unfortunate Bantu. He is clothed with the garment of sympathy, and showed his trust for those with whom he lived.

NOT MERELY PRIEST

Fr. Huddleston, to many who saw him move about the streets, may have appeared an ordinary Priest whose work was limited within the walls of the church Yet he was more than that.

ed hearts. Indeed, I have seen their tured among drunken people to make peace; likewise he fought evil among the people of the township. It was because of this, that those among us who saw him do this work, came to realise that the man had a dear spirit. We saw in him one who was determined to promote peace and understanding among the people of Sophiatown.

To the youths, Fr. Huddleston's departure from Sophiatown is like the departure of the sun from the face of the earth, never to shine again with its brilliant and glorious beams. He showed that if we withhold sympathy from those with whom we live, and wrap ourelves in cold chains-the armous of selfishness-we exclude our selves from many of the greatest and purest joys of life.

Pleasure and pain which be un derwent during these five years at Sophiatown, fastened his body and soul together.

For the children in particular, he had great love. Shall thes young people ever forget him?

Does the Congress constitution only affect the Nationalist Party r is it against any organisation whose policy is not in sympathy with the Africans?

We have a number of arganisaions in this country, and their policies are against Africans. How comes it that those Africans who have contact with such oranisations are not dealt with in he same way by Congress which has dismissed Baloyi?

It is a pity that I have started this column with an apology. I was at the W.N. Township sports against W.N.T. in a cricket match. Orlando, continuing the first innings which began on Sunday November 6, started badly; lost four wickets with only 44 runs. But the fifth wicket partnership of Voss and Gqobose saved Orlando from an evident collapse. These two batsmen were engaged in a partnership of more than hundred runs, scored in an impressive style.

Leff-handed Goobose is an aggressive batsman but is inclined to be careless while on the other side Voss was batting carefully though he gave many easy catches to the fielders who were never there to catch them.

Oom Piet Gwele, a cricket veteran has made a name as being one of the best fielders, if not the best in the African rankers in the Tvl. Province. There is to-day a slogan after winning the toss decided to and careful batting against the fields a ball that even Gwele once nificent total of 189 runs. The dit of 73 with A. THIS IS THE PICTURE YOU MUST LOOK FOR WHEN YOU BUY A TYRE OR TUBE

This is the picture of DUNLOP, the man who made the first tyre many years ago. You can see that he has a long beard. The man DUNLOP is very wise and knows all about tyres and tubes. He makes strong tyres that go fast easily.

DUNLOP makes tyres for your bicycle and the tyres last a long time. DUNLOP makes red tubes to hold the air and they last a long time too. When you go to buy a new tyre, or a new tube, look for the picture of DUNLOP on what you buy. Refuse a tyre or a tube without the picture of DUNLOP because there are

none that are stronger or better. - Remember his name is DUNLOP so insist on

CAREFUL OR YOU MAYBE KILLED

It is foolish to take

weeks, make you lose

your job, or kill you.

a risk which may send you to hospital for many

Every day Africans are killed or injured on the roads, Many of these accidents would not happen if people were more careful.

When you ride a bicycle ... keep to the left side of the road. Don't try to be clever by riding all over the street. Don't talk to people behind you. Don't ride too fast. Always carry a light at night. Obey traffic regulations.

When you walk ... don't walk in the road-keep to the payement or footpath. Look both ways before you cross the road, and cross at the proper place. If there is a robot, wait for it to turn green.

If you drive a motor ... obey the traffic regulations always. Get the booklet called "The Highway Code" from the Traffic Department, and read it carefully. Do everything it tells you, and you need never have an accident.

BE CAREFUL AND HELP TO STOP ROAD ACCIDENTS

## J B F A Employ Rough Tacticts At Wemmer

Contrary to some expectations, ohannesburg Africans beat Jonannesburg Bantu 5-4 last Sunday, November 27, at the Wemmer Sports Ground, Loveday Street, Johannesburg. This should have been a fine display had Wemmer accepted defeat in a sportsman like spirit.

After fruitless exertions against fine goalkeeping and strong de fence by "Day-by-day" and fence by "Day-by-day" and "Amen" respectively, Wemmer indulged in rough tactics, inally going so fare to strike the referee. The recertain instances but that in no way justifies the attitude of the players.

The grand display of "Day-byday" and "Amen" in tackling their opponents put Africans in form and in no time their centre half tore through to register the first goal. "Mbamba" outside right scored the second. A little later Wemmer registered their first oal, 3 minutes before half time A.B.C." netted the third for the Africans.

Within 15 minutes after half time are making preparations to go and Wemmer. Africans then threw verything into attack. "Arrow." roke through twice and raised the he score to 5-2 in favour of the Africans.

During the last 20 minutes two uick goals were scored by Wemner to bring the final score to 5-4 n favour of the Africans.
