Dear Dr. [unclear],
I can't be able to call round
your offices unless towards the week
end and I won't be able to
take any - week end until
next month April.
For goodness sake. I need in this
next-week. So I don't know what
to do.
See what you can do. Hope to
come & see you in April.
Yrs [unclear]

AGENTS EVERYWHERE.

Mellin's Food

LIMITED,

LONDON, S.E. 15.

OUR REF.: SA/236.

Dear Sir,

MELLIN'S FOOD is a pure product of wheat and barley malt made especially for the purpose of modifying and adjusting cow's milk to meet the nutritive needs of infants deprived of human milk.

No matter what kind of milk is employed in preparing an infant's diet - certified, pasteurized, dried, or condensed - its digestibility and its value as nourishment for the baby is enhanced by the addition of Mellin's Food. In other words, milk in any form is better borne, more completely utilized and its nutritive constituents more appropriately balanced, if properly modified with Mellin's Food.

The great advantage of Mellin's Food is that with it milk modifications can be easily arranged to meet the necessities of special cases. To show how Mellin's Food may be used with advantage in cases of infantile diarrhoea and constipation, we enclose leaflets which will be of particular interest to you.

MELLIN'S FOOD BISCUITS are primarily intended for infants at the weaning period. In the process of making, the cereal constituents are changed in such manner that the digestibility is greatly increased, and consequently they are a much more valuable article of diet than the usual products of wheaten flour. The percentage of available carbohydrates and assimilable proteids is high and the fatty contents are easily absorbed.

For testing the validity of our claims our Agents, Messrs Sive Bros & Karnovsky Ltd., 21, Kirk St, Johannesburg., will gladly send you samples and further particulars.

Yours truly,
MELLIN'S FOOD LIMITED .

W. M. Siller

UNIVERSITY OF THE WITWATERSRAND, JOHANNESBURG

- MEDICAL GRADUATE ASSOCIATION -

c/o Dean's Office,
Medical School,
Hospital Street,
JOHANNESBURG.

Dear Doctor,

In the past the Medical Graduate Association, which conducts the Rand Medical Discussion Circle has found it possible to inform you of meetings without cost to you. However, owing to the increased cost of running the Association and of providing you with these notices, we are forced to ask you to pay a nominal fee of 10/6 per annum, to cover cost of postage and other items. We should be glad therefore, if you would send your subscription to the Honorary Secretary, Medical Graduate Association, c/o Dean's Office, Medical School, Hospital Street, Johannesburg.

Yours sincerely,

T. Gillman

COR. OF KERK & SMAL STREETS,
(OPPOSITE NEW LAW COURTS)

JOHANNESBURG.

Dear Doctor,

This is to advise you that I have now opened a business on my own account at the above address and I should like an opportunity to give you the same personal service as I was able to in the past. I shall be able to supply you with instruments, Surgical Sundries and Appliances as hitherto including foot treatment and foot aids.

I shall make a speciality of all modern contraceptive appliances and shall be pleased to fill your prescriptions for this rather delicate service.

My overhead expenses will not be extravagant and needless to say my clients will have the advantage of very reasonable prices.

Yours very truly,

M Readhead

Dear Sir,

From repeat orders we are receiving from you for our well known sexual products TESTOGAN, THELYGAN and LIPOLYSIN in obesity, we are sure you are satisfied with results obtained from the above.

We are therefore encouraged to introduce into your territory our latest product INTESTINOL. While Intestinol is comparatively new in South Africa this preparation is being used by the Medical Profession of Europe for the last five years with splendid results.

Intestinol Tablets, a combination as you see from literature enclosed, is highly recommended by well known physicians in cases of Dyspepsia, Fermentation, Catarrh of the stomach and all digestive ailments.

Additional literature and sample for clinical trial will be forwarded to you by applying to Messrs Lennon Ltd., P.O.Box 1152, Cape Town or direct to The Cavendish Chemical Co., (New York) Ltd., 137, Regent Street, London, W.1.

Yours faithfully,

CAVENDISH CHEMICAL CO., (New York) Ltd.,

P.S. Intestinol, Cavosept and all our other products may be obtained from Messrs Lennon Ltd., (all branches). For samples apply only P.O.Box 1152, Cape Town.
