Alarmed by the growth in the number of children against whom school doors are slammed through the acute lack of classroom accommodation each year, residents of Sophiatown, Western Native Township and Newclare have this year launched a fund to meet the emergency. Known as the Xuma African National School Fund, it has been brought into being to find accommodation for thousands of children who cannot secure accommodation in existing schools, as well as to pay teachers' salaries. The driving force behind this self-help move is a number of Africans, young and old, whose aim is to arouse in their people the need to embark upon a national education scheme; to call a halt to

The Race Relations Conference

In the twenty-one years which it has been working in South Africa, the Institute of Race Relations has made itself a permanent and valuable part of national life. One reason for the position it has now reached is that it seeks first and foremost to obtain facts and to present those facts impartially. Neither in South Africa nor anywhere else can there be any solution of difficult problem by appeals to prejudice and to emotions. Unfortunately, politicians, whatever their race or party, far too often think first of their reputation and suit their words to their audience. This is inevitable and natural enough, but something much more than this is needed for the study of race relations.

At the Cape Town conference, many different points of view were put forward but the speakers had common ground in that they all in their different ways genuinely seek the welfare of all sections of the population.

The fact of the matter is that race relations are changing all the time and will continue so to change because no people can remain static. As Dr. Brookes pointed out, huge advances have been made in education, but these have not been accompanied by an increase in citizen rights. For peaceful development, it is vital that these rights should be recognised though we believe that undue stress can be placed on the political aspects. Politics by themselves have never led to real progress among any people. The economic side must keep pace. This will beome glear in time even on the

positions in the State. In other words, there is no short cut to progress. Hard work and unity ere needed from all.

We trust that Dr. Eiselen's reference to plans for the establishment of village centres in the Reserves will be carried forward with the greatest speed possible. In the same way that permanent changes have come to our urban population, so changes must come too in the country areas. The strength of many of the older countries of the world lies in the village communities which have their roots fixed so that they continue from generation to generation. In such communities there are opportunities not only for farmers but for shopkeepers, professional men and skilled workers.

In the establishment of such villages, our co-operation should be given, though even if the experiment is a success it cannot mean any final solution since the majority of our people live outside the reserves.

The best way to get more land is clearly to adopt the most progressive measures with which we already have. In certain parts of Basutoland, real progress has been made in agriculture and there is not reason why we should not do the same.

We would also refer to Dr. Molema's address at Cape Town, in which there is much food for thought, whether or not his forecasts prove correct. We too look forward to the day when leadership will change from force to "rule based on the high moral and spiritual forces of light, truth and

For the immediate alleviation of racial tension, nothing could achieve more than a courtesy campaign. In particular this applies to government departments such as the Post Office and Railways. Courtesy costs nothing but pays high dividends.

The Cape Town conference was not designed to bring about any concrete results one way or another but at least it has underlined the fact that people to-day are giving more thought than ever before to race relations. If the day can come when trust instead of fear is the common factor, we | will close at 4 p.m. Only enrolled shall have travelled far along a Pathfinder Scouts, Cubs, Rovers difficult road.

In most countries the landless people far outnumbered those who owned land. The tremendous in flux of Natives into urban area must necessarily have affected the whole position, and must be taken nto consideration when comparisons are made.

The Minister went on to say that, proadly speaking, there were only wo trends of thought worth con sidering with regard to Native policy-assimilation and differen tiation. The background of th policy of 'apartheid' was based o the view that there was an essen tial difference between the race and that miscegenation should be avoided.

Commenting on nationalism, the Minister said that true nationalism was in the first place a growing love of one's own nationa attributes, which up to the present had been singularly absent on the part of the African. This was the result of upbringing and educational policy.

Giving the Hoernle Memorial lecture, Senator Edgar Brookes decribed South Africa as completely alien to the spirit of the post-war world.

Continuing he said: A liberal policy which put righteousness before self-preserva ion, would not only deliver South Africa from world criticism, bu would also turn non-Europeans from enemies into friends and co-operators. So-called idealism was the only realism in South

Self-Criticism

Christ, the greatest of all men and of all teachers, said these words, some two thousand years ago: "Judge not, that ye he not part and parcel of the tribe and, judged, for with what judgment ve judge, ye shall be judged, and with what measure ye mete, it shall be measured to you again. And why beholdest thou the mote that is in thy brother's eye, but considerest not the beam that is in thine own eye? Or how wilt thou say to thy brother, let me pull out the mote out of thine eye, and behold, a beam is in thine own eye? Thou hyprocrite, first cast out the beam out of thine own eye: and then shalt thou see clearly to east out the mote out of thy brother's

These immortal words mean just this; Be self-critical in order to be rightly critical.

It is so easy for us to wax eloquent over other people's faults and to be blind to our own faults. Folk who never fulfil their promises become very much annoyed when promises which are to their advantage are not kept.

We all know of men who borrow money from us to repay it "at the end of the month" which never ends, and who are at our door steps-or their children-to de nand what we owe them, on the very last day, sometimes even beore the last day of the month we ave stipulated.

Folk who do not criticise them selves, but are loud in advertis ing other people's faults, are among the worst "plagues of Egypt," and, frankly, I dislike them intensely.

None Free From Faults

We must always and all of us be elf-critical because none of us is ree from faults. Even though we may find ourselves under the heel of an evil man, that does not exempt us from self-criticism Wrong is wrong even when we who are guilty of it are victims of ne wrong that is done to us by

What I have said here is not only true of individuals but also races and nations. The ruling rac has as little right to parade the faults of the ruled race, and forge Self-criticism is not only the sai that keeps us from rotting, it is

also the petrol that keeps our car going. No sooner do we cease to consider the beam in our own eye. | Sideboards Dr. Jansen said that charges Dr. W. W. M. Eiselen, Secretary and behold the mote in our neigh- Kitchen Dresser bour's eye, than we set our foot on the downward path.

A statesman is not one who keeps reciting to his people the faults of other people, and has his heart warmed by their cheaply won applause, but one who also finds time to count the motes and beams which fill the eyes of his own people. He must not expect applause for this but the cross which is the sign of

Referring to the whiteman's rule, Dr Molema foresaw dready had, it would be in-different pattern, being one representing a change from rule by force, coercion and domination to real power; or rule based on the high moral and spiritual forces of light, truth and justice.

"He will rule not in the capacity of 'baaskap' or dominance and eventual end of the colour bar in dictatorship, but rather as a teacher, adviser and finally as a

In the near future, when South Africa would probably be a republic based on Afrikaner ideology, the African would be increasingly stripped of the few political rights he possessed. Dr Molema said.

"This kind of thing will go on for a few years-five, perhaps ten, it may even be fifteen, but hardly more than twenty-and then i will gradually come to an end: that is to say, probably not by : bloody revolution, but by a revolutionary evolution in the econo mic, political and educational relations of the races."

Saying each new attempt at domination would fall, Dr Molema added that the authority of the Suropean would decline; also that the European would be morally forced to give more ground in many spheres at present regarded is European prerogatives.

Reply To Dr. Bosazza

writes: Dr. Bosazza has written convincingly on the evils of "seting up despots as national heroes of the Bantu," and also urges our takes a European standpoint. He leaders to exercise restraint. On evidently does not see the gravity several points, I disagree with his

natural and logical sequence of best spirit and will, the land may be ruined. ave, in fact, played a great part n this. You cannot forever paint man black without convincing our audience that you are merely eing vindictive.

Dingaan was undoubtedly a espot, and in unifying the many ribes in Natal, he sought power. But all the same, Africans will admire him for various reasons. For instance, Zulus in Natal are to-day united through efforts of Dingaan as well as those of his predecessors and successors. We are agreed, however, that brutality attended his methods, but then chieftaincy in those days was such that one cannot blame Dingaan.

The annihilation of Piet Retief and his group is, of course, gruesome if looked at from our presentlay point of view. But in those uperstition-ridden days, the feat vas a coup of the highest level. Shaka had warned that white people would rule the land after he had gone, thus white people became to be regarded as enemies y Dingaan.

Dingaan doubted Oom Piet's aith, feared his magic, and thus tilled Oom Piet as he would have lone in the case of witches. The Blood River sequence is lamentble. But, nevertheless, if reviewed dispassionately, that portion of designation "chief" was enforced to replace that of king. conclusion that Dingaan was a ero in his own right.

Facts Queried

"Makhandakhanda," Hammans kraal writes: Dr. Bosazza's letter published in a recent issue of the "Bantu World" is unconvincing. Africans find themselves in their present position through lack of land, and were the position to be reversed, Dr. Bosazza would see great difference. Congestion, without outlet, is a scourge which besets the country to-day.

Can he tell us how the African population estimated at nearly eight million can make a living on one quarter of the land?

I would also like to ask Dr. Bosazza to take a more realistic approach to African history; we have had enough of exaggerations Africans have stored up their history in their own minds, and and when the time comes, they will write history books which will put to shame those written by European historians.

Dingaan was not, as Dr. Bosazza outs it, a "chief." Dingaan was king of the Zulus. In African history, only indunas, subordinates to a king, were called chiefs. With the advent of Europeans, the

Bantu Languages

Moses M. Gaborone, Modderpoort, writes: One of the most renarkable achievements during the next ten thousand years or so rill be the amalgamation of the Bantu languages. The amalgama ion will, according to Dr. Nhlapo. ensure a future production of a more "worthwhile literature" getting rid of our present "babel

As a preliminary step towards the abolition of this "Babel," Dr. Nhlapo has brought about an interesting innovation: his Sesotho candidates will enjoy full individual freedom of speech; they will be at liberty to use Setswana and Sepedi words in Sesotho.

PETROS MTAMBO AND HIS To my mind, Dr. Nhlapo seems to be screaming: "Away with a standard! Away with Uniformity!" want a standard! I want unifor-

> Many advantages may accrue rom the formation of one "languige" for the aBantu and one of those advantages is not the proluction of a more "worthwhile

> In my opinion the language will be one of those funny ones which are first written and then spoken Now, the cart will pull the horse so slowly that nothing short of a wonderful miracle will cause this "eye-language" to develop into an ear-language."

> What beauty and what dignity will there be in a literature that arises out of a language which does not exist? How many people will be patient and unnatural enough to read and write as they do not speak and as others do not speak?

Teachers Are Leaders And Builders

H. H. Marule, Pilgrim's Rest writes: In reply to Mr. J. A. Moloabi's letter, I wish to thank him for the strong advice he has given to children.

Let me, however, say that there are some teachers who are to blame for the disrespect shown to them by their former pupils. These teachers do not realise the fact that they are not only leaders, but builders of leaders as well. While they teach their pupils all the good things in school, they forget that they may one day learn much from these pupils.

They will have to respect Mable" who, holding the Matriculation certificate is of higher educational standard than her former instructors.

Some teachers are also to blame in that they will do queer things J. L. Ndzima, Rustenburg, agree that these benefits are daily in the presence of "John," a forbeing curtailed. Hardly is it mer pupil. What is he to think necessary here to quote examples. when he sees such behaviour he On the question of land, he did not expect from his former teachers?

> There those boys and girls who feel that once they leave school they do what they like. In this with the teacher. The cook is to blame for her saltless omellete What was the teacher's attitude toward these children who, having left school, feel as though they had been released from gaol?

Disappointed With Youths

Alfred Mtsweni, Johannesburg, writes: It is disappointing to witness malicious deeds performed by some of the modern young Africans, who are supposed to be the pride of the race. Their deeds disturb the minds of the peace-loving | Mbere, as master of ceremonies.

It is shocking and discouraging to see a young boy of twelve smoknen at Railway Stations, instead of sitting behind a desk and being Klerksdorp. ptimistic of the future.

Some of our young men have ecured jobs, but are still playing a false tune in life; because they pend money lavishly."

This policy never worked in the days of Louis XV and will still not

I wonder how long would the theoretical policy of "Africa for Africans" work, if we start butchering one another from the outset. am also sure that the much talked of Bantustan would turn into an abattoir for the maimed or weaker people. I am certain that you are all aware of the fact that all naions are busy reviving their classical ideas; for instance, the followers of the Voortrekkers are busy ouilding their nation.

Viewing the future from all angles, I deduce this fact: that "the dawn of the sun for the Africans. is being darkened by a cloud of wandering about the house at corruption, which is expanding drops of immortality. At that stage inhumanity shall be immeasurable A person will be murdered in road daylight: burglary will be the best sport in fashion.

Fed on Nutrine from I month . . These African Triplets are "thriving and contented babies"

Mr. & Mrs. John Daniso, S.A.R. Yard, Umtata, the parents of these strong looking children, write:

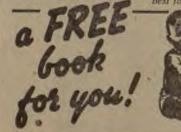

"Our triplets were fed on Nutrine from 1 month and are thriving and contented babies.

"Mary weighed 6 lbs. at birth and at 1 year weighed 18 1bs., has cut 8 teeth and walks. Edward and David weighed 5 lbs. 8 ozs. and 5 lbs. each at birth. They have both cut 7 teeth and are able to stand up.

"Although the triplets are now on a mixed diet they still have their Nutrine, and their progress has been very

"UNBLOCK" YOUR DIGESTIVE TRACT

And Stop Dosing Your Stomach With Soda

Don't expect to get real relief from headache, sour stomach, gas and bad breath by taking soda, if the true cause of your trouble is constipation.

In this case, your real trouble is not in the stomach at all, but in the intestinal tract where 80% of your food is digested. And where it gets blocked when it fails to digest properly.

Thus, what you want for real relief is something to "unblock" your intestinal tract. Something to clean it out thoroughly and help Nature get back on her feet.

Get Carter's Pills right now. Take them as directed. Then gently and thoroughly "unblock" your digestive tract. This permits your food to move along normally. Nature's own digestive juices can then reach it—and you get genuine relief that makes you feel really good again.

genuine relief that makes you tectredity good again.

Bekisisa's mother finds **NEW** improved incumbe so EASY TO MAKE and healthy for baby

Poor Bekisisa, always thin and ailing-no wonder he cries. His mother does not know that this means he needs extra nourish-

3 Mother follows her advice. She finds the NEW, improved Incumbe so easy to make—all she does is to add water, boil the mixture for 5 minutes, and baby's food is ready. Incumbe now contains milk powder and sugar, and is a complete food —ALL YOU ADD IS WATER —NO MILK, NO SUGAR. 4 Look at Bekisisa now! He is a healthy and contented baby, always laughing and happy. He soon grew strong on In-cumbe. Doctors and Nurses recommend Incumbe.

FREE. The makers of INCUMBE will send you a Free Book, with pictures, which will tell you how to use INCUMBE. Write to Dept. 54-1. Hind Bros. & Co. Ltd., Umbilo, Natal. In your letter say whether you would like your book in Zulu, Xosa, Shona or Sesute language.

MALITABA'S" POST BAG:

I am given to understand that divice African employees earning less than £182 a year will, from this year onward, not be entitled to penefit from the Unemployment Benefit Fund, to which, also, they will no longer contribute. Wil they be entitled to benefit from east contributions, whether en loyed or not?- S. J. Khantsi

(According to available in-formation, the class of African to which you refer is now excluded from the operation of the Unemployed Insurance Act but the Minister of Labour says those who have, up to Decem ber 31, 1949, been contributing to unemployment insurance funds, will be eligible for bene lits for a period equivalent to their contributions.

This means that the African who contributed to the fund for say, the nine months before January 1, will be eligible for unemployment benefit until September 30, 1950. The maximum period during which an individual may draw benefits is 26 weeks in a year. If an African has already had some of his unemployed pay, it will be deducted from what he may

The Minister, admitting that there would be a few Africans who began contributing after the amendment of this act de signed to exclude this class points out however that there is no other way of making a change in view of the enormous amount of clerical work in volved. But the majority of Africans will be eligible for benefits for as many months as they have been paying into the

ALL ABOUT THE DURBAN TOURNAMENT

By Sebataladi

Now that the results of the S.A. Bantu Lawn Tennis Union's 1949 tournament held in Durban, in December, have been fully reported, let us reflect and follow the events day-by-day, from Thursday December 29, the day of the arrival of the provincial teams, until their departure on Sunday night, January 8, 1950.

Thursday, December 29:

By mid-day the following provinces had arrived: O.F.S., Western Tvl., Eastern Tvl., Transvaal, and Bechuanaland, They were all met at the station by Messrs R. Ngcobo and J. Mashawane on behalf of the host centre, Natal.

It appears something had gone radically wrong with the local committee's arrangements for the comfort of the visitors for, except the women members of the teams, all the men were dumped in the communal hall without beds or mattresses.

Finding themselves unoccupied and with a long afternoon before them, the visitors took the opportunity to go to the nearest beach where they had plenty of fun including a ride on the beach miniature train at a shilling a head.

Friday, December 30:

Mr. Max Lupondwana (manager Eastern Province team), arrived was following by car from P. E. After breakfast the teams proceeded to the tennis courts for the opening of the tournament. The courts had just been re-surfaced and looked good. Only two of 1-6, 7-5, 6-1. them could be used, however, as Wednesday, January 4: others were still too damp after a heavy rainfall earlier in the week. After the official opening by Mr. D.S. Robinson, the Inter-Province competition started.

Saturday, December 31:

The Border team arrived early in the morning by car and it and Eastern Province joined the competition which continued all day until 5 p.m.

After supper the guests were led to the Bantu Social Centre where a reception function had been arranged. The Glee Singers and Miss Doreen Mzobo entertained the audience with music between speeches and the introduction of the various provincial teams. The Jazz Maniacs provided the dance music. The hall was

Inter-Province competitions continued-until 1 p.m. After lunch, two double-decker buses arrived to take the visitors round the city and suburbs on a sight-seeing tour. On their return journey a detour was made via the beach.

Monday, January 2:

The continuation of the compeition was resumed and the highight of the day's matches was the ingles match between Miss B. Rankua the West Rand champion, and Miss Julia Makhanya, twice runner-up to Miss Cele in the Natal championships. Miss Rankua won 8-6, 7-5.

Tuesday, January 3:

The Inter-Provincial competitions were completed by lunch time and the Open Championships commenced in the afternoon with alone and reported that his team men's and women's singles. The first Transvaal casualty was Miss A. Mbangeni who lost to Mrs. A. Taylor of Bloemfontein after winning the first set 6-1, and leading 5-2 in the second. Mrs. Taylor won

The Open Championships were continued and no major upsets took place. The most interesting match of the day, however, was the men's doubles encounter between H. Makhonofane and C. Mogodi (O.F.S.) and K. P. Salenane and James Molefe (Bechuahe match 6-3, 6-3, 4-6, 6-4.

Thursday, January 5:

Friday, January 6:

All form books went by the board when Miss Gwendoline Temba of Kilnerton Tvl., who was unseeded in the draw, eliminated Miss Babsy Rankua, the West Rand champion and favourite, in the semi-finals of the women's singles.

Although Miss Temba had been playing surprisingly consistent tennis since the beginning of the tournament, not even her own supporters ventured an optimistic forecast in her favour before the

Her victory over so formidable an opponent as Babsy, gave her the all-important confidence in herself which culminated in her being crowned S.A. No. 1 Bantu woman tennis player.

Saturday, January 7:

A drizzling rainfall throughout the previous night made play impossible and competitors, finding themselves with nothing to do, scattered all over Durban. Some went to the docks, others spent the day at the beach, and the rest had just a look-see around town.

Sunday, January 8: singles and doubles were played n the morning. In the singles mittees of both the amateur and paland). The Free State pair won final, fortunes fluctuated embarrassingly, causing great excitement to the spectators. For instance, Miss Winnie Maboea won the first set and continued to lead in the

> Miss Temba rallied tenaciously and finally captured the set 6-4. When Miss Temba led 4-1 in the final set it seemed all over, but Miss Maboea put in everything she had in the attack taking five games in a row to lead 6-5 and 30-40 on Gwen's service. The match point eluded her, however, and Miss Temba went on to win the match 3-6, 6-4, 7-5. Bravo, Gwen!

The teams left for their variou destinations the same evening being a few pounds lighter in weight on account of the terriffic heat in

BOXING REVIEW OF 1949

To the Sports Editor, B.W. As we enter this new year, 1950, we ask ourselves, "What is going to happen to boxing in 1950?" And when we think of what happened to boxing during 1948 and 1949 we cannot help but be some what

pessimistic. Is it possible that a sport with as large a following as boxing enloys, can possibly lag behind in comparison with less popular sport, yet in 1948 there were only three professional and two ama teur boxing tournament. In 1949 one professional and seven amateur tourneys were staged. The public support at most of these cournaments has been generally disappointing. At only two of them was the Bantu Men's Social left in the text for notes. Centre hall full which shows that the public takes interest if the bouts are interesting.

If we consider the above mentioned facts, the one thing that hits us in the face is that in 1948 there was more attention paid to professional boxing and in 1949 more to amateur boxing. It is a wellknown fact that the committees of the amateur and professional associ ations have practically a similar composition with the same offiials holding dual positions.

As these committees are voluntary the indiviluals sitting on them. probably have oher sporting nterests. In 1948 their interest wa in professional boxing. In 1949 was in amateur boxing. What will their interest be in 1950? Let us hope that it will be both in amateur and professional boxing.

We are informed that the last time the Transvaal Non-European amateur boxing association held an annual general meeting was in 1946. Since then the rift between the association and the boxers has been widening. The boxers at present have very little say if any in the association which is supposed The finals of the women's to be representing their interests. An appeal is made to the com-

professional associations to make 1950 a bumper year for boxing in the Transvaal. Let us wish boxing a very

EXCELLENT SOCCER HANDBOOK

From time to time handbooks on the rules of Association Football have been published, but we have seen none better than that compiled by Mr. R. L. Tollner of Southern Rhodesia. The rules have been simplified and there is also a section containing useful hints on the game for African referees.

To the Sports Editor, "B.W."

The Transvaal Bantu Cricket Union has been in existence now for about eighteen years. It is high time a central place was given to it where all its records and equipments can be kept. Big Celebration Day At Vandyksdrift

By Spectator

On December 23 a Christmas ree was inaugurated for the African children at Springbok, Collie-ries, Vandyksdrift. For the success of the party thanks are due to the manager's wife who left no stone unturned to make every possible preparations.

On December 26 an athletic meeting was held by the mine boys. The meeting was conducted by the Athletic Committee. The manager and his staff of indunas. clerks and police boys executed their respective duties well. The maneger is a kind man and full of devotion. His wife and children also endured the acute pressure of heat that day to give help.

The visitors were mostly men from the S.A.R. Vandyksdrift After the completion of the sports programme the manager gave an nspiring address, which was a real encouragement to his committee and he also gave good prospects for the ensuing year. He was followed by an African visitor who spoke well of the manager's enthusiasm.

7am-Buk heals all skin troubles

Alfred was a fine soccer-player but he was always getting bad cuts and bruises. They were very painful. Then he started using ZAM-BUK. ZAM-BUK is a fine continent for all skin troubles. ZAM-BUK heals cuts, bruises and burns.
ZAM-BUK also clears away pimples and makes sore hands and feet feel better right away. Many people have used ZAM-BUK for years and they know that it is a good thing to keep in the house all the time.

Mr. Botha, the Welfare Officer went out to Natalspruit on Saturday last to instruct the young players in the game. The enthusiasm and keenness which was displayed by these young players was definitely heartening. They are practising the game every day and are looking forward to play against the Duka tole Clubs once they are efficient in soft-ball. The youth of Natalspruit is also playing football and pasket-ball. There are no proper sportsgrounds at Natalspruit yet but the open spaces adjoining the Township, of which there are plenty, are used for this purpose We are also envisaging the establishment of a Boys Club at the new location in the near future.—"Correspondent."

If baby suffers pain and cries a lot

he needs Ashton & Parsons Powders at bedtime TT is natural for very

young babies to cry and fret a lot, because they get stomach pains, and wind, and often it hurts when they start cutting their teeth. But there is no need to let your baby suffer from these childish ailments, because they can easily be alleviated by giving him Ashton & Parsons' Powders every day. PO DOM

Nearly all white mothers, and doctors and nurses know about Ashton & Parsons' Powders, and will tell you how wonderful they are. They relieve minor irritations and discomforts, causing baby to sleep long and soundly at night, and to cat well and play happily all day. Then he will grow up fat and strong.

TBCU FAIL AFTER GOOD START

(By C. E. K. MAJOMBOZI)
At 2 p.m. on Saturday January 21 City and Suburban C.U. and T.B.C.U. were fully represented at the Natalspruit ground for the commencement of their one and a half day fixture match.

S. Ntshekisa and E. Rasenburg tossed. Ntshekisa won and decided to take the field. However, the heavily charged clouds immediately brought on rain and dismissed all playing chances for the day.

On Sunday, in beautiful weather | made 180, 63 behind the total of C. the match started at 10.15., the and S.C.U. pitch being in fairly good condition C. Meyer and N. Goodman opened the account for C. and S.C.U., Ntwasa and Mawu taking charge of the attack. After three overs, Ntwasa was taken off and the cap-tain brought on with Brooker,

The first wicket was that of N. Goodman who was clean bowled by Brooker for thirty runs. The fielding was not its best due to the muddy out field which got men slipping, C. and S.C.U. drove their advantage home and at lunch were all out for 243. C. Meyer made 90 runs, good going, N. Goodman 30, R. Manning 28 not out, D. Amster-dam 21, P. Bosman 16.

S. Ntshekisa 3 for 47, R. Brooker 2 for 37, C. Dzana 2 for 28, were the T.B.C.U. bowlers.

At 2,20 p.m. T.B.C.U. opened with E. Fihla and A. Mokati and settled down to shake the attack of E. Lewis and C. Meyer. The scoring went ahead of the clock. At 46 Mokati was taken for 25 in 37 min. E. Fihla showed some of his best form punishing the bowling severely on the leg side. His per formance was brought to a close rather sharply by a good de livery of Hoskins.

The 37 by Fihla and another by H. Mawu seemed to give assurance that T.B.C.U. was equal to clearing the runs for a win Another pair that stood out was S. Ntshekisa 31 and G. Siwani 13 for the eigth wicket. All told T.B.C.U.

Selected Players

Should Be On Time

When major cricket matches are to take place, the best players should be informed in good time as far as practicable. But it has often occurred that when players have been selected, they report late to make any suitable substitute. The following players to represent the Transvaal Bantu in the inter-race fixture, should meet at 7.30 a.m. at Park Station, on Sunday January 29:

M. Foss (captain), S. Ntshekisa, L. Ggobose, E. Mandzingana, H. Mawu, L. Mafongosi, S. Hashe, R. Brooker, S. Mogametsi, G. Siwani, D. Nobengula and C. Nolutshungu.

SPORTS GOSSIP

A piece of news which has set boxing tongue wagging is the surprise points defeat of Wally Thompson, the South African Non-European welterweight champion, at the hands of Young Hussein, in a non-title bout at Cape Town.

The absurdiy of it all is that Hussein's overnight victory means that he may now challenge Thmpson for his title, although Thompson himself still owes Baby Batter, who is first contender for the title, a return fight.

Current rumour from Durban | has it that Seaman Chetty, the promoter who is still arguing with Benny Singh, Batter's Manager, as to who should have the priority of promoting the return title fight bemiddleweight title.
