Sir.

Would you, please, be kind and give me full and clear information - if you can - about this training of youths as health Inspectors. I have come across it in the papers but am not clear where it is done (Benoni?) and how it is done. How old must be the boy? Has he to be in employment and take this as Private study? Of what standard of qualification ^{must} be he? What are the fees?

Do you think it a useful Profession? Do they get Government recognised certificates?

Please give me as much information as you think will be of ^{help} ~~service~~ to me.

Yours sincerely,
H. Mashite Raimane.
