

More about Shirts

The Duke of Edinburgh set a popular new fashion when he was photographed doing a square dance in Canada, wearing a brilliant check shirt. And in the United States, ex-President Harry Truman lifted floral-patterned shirts from the milk bar to the lounges of expensive hotels, when he appeared in one of the brightest garments ever worn in public by a modern politician.

But shirts are like that. They have a history behind them. Often in the past, groups of men with the same ideas have taken a shirt of one special colour as a uniform. Mussolini's followers wore black shirts, and Garibaldi, another Italian, chose a red shirt as the uniform of his army.

Shirts play an important part in our everyday lives too. It pays a man to choose his shirts with care. He should examine the stitching, the style, the cloth and most important of all, the name inside the collar. If it says "Invincible", he is looking at a fine shirt—a shirt he can be really proud to wear.
