listen to these good words.

LESLIE MASINA

Mr. Ch. and the meeting we are sorry not to have Moretsele here at this meeting. Sometime he has been delayed by other jobs. It is true - this country is ours. So the white people must have fear when we meet. In fact we speak nothing bad by we speak about freedom. We want to live with them in peace in this country. We cannot say they should return to where they came from because they do not even know that place. Their forefathers were bad people. They were chased from their country and used to steel Xosa cattle. What we want is just freedom. We live in houses like these because we do not get sufficient wages. Here at Dube we see many police cars here arresting our people for passes when those people are found to have passes they are released after a time. In European Town things like these do not happen. They want to get rich with our sweat. The cost of Living is high but we forced to with £2-5/- a week. that is oppression. They bear to pay you a good wages. Because you will open your firms and become rich. You teach your children to say Baas to Europeans but Europeans tell their children to say to you Kaffer. Tell your children that this country is theirs. and in future they will rule this country. We do not say to them they should leave this country. But we say we should eat with and be rich like them and have cars. We want to get freedom for the Af. detectives also because they use bicycles while Europeans go with cars. They get £40 while Europeans get £100. This wireless in our township are only radio no. 2 which bring messages of Gov. because at Lower Houghton is not here. We have no electric light at Dube. Even our roads are not good all these things are done because we are oppressed. B. Education is not applied to Europeans why? When you failed

7.

to kill a person you use another trick by destroying his minds that is why B. Education has been introduced. Why are they afraid to teach us History and Geography. They dont want us to know French Revolution. and how China Got its freedom in 1949. Some educated Africans from Fort Hare accept B. Education even have at Dube. Others are teachers some work for lawyers they say B. Education is good but they can never call a meeting like this one to tell the people how good B. Education is. I thank some teachers here in Dube who nevery accepted B. Education and the time will come when we shall tell them to speak on this platform. We know there are other people who cannot support us. Because they are bough wit pennies. Our African police are doing all these raidings of passes and liquor in future these police must come to our meeting. School Committees have been appointed but their names have not been published yet but we would like to know those African oppressors. Here at Dube we should elect delegates for C. of the People because we want our streets to be tarred road because I know the municipal will never put it in our Township. The Board is just a plain thing. We made a resolution that in Dube we dont want Hostel and Beerhall but all those things will be buiod. People who cannot accept those things must be elected to serve the ..... one member of the Board critizised one of the Board members when he spoke about C. of the people. A person like that one must know that he will never stay with Europeans no matter he can support them as long as he is an African. Dube people complaint because vegetable cars do not enter Dube I donot know who is responsible for that. Those cars sell fresh vegetables. Coal lorries must enter Dube, and a person must by a bag when he likes. Ten people one day were handcuffed by four policemen. Section is caused by Passes. The white people are not carrying passes. We dont want to be asked passes when we are sitting in our township which we have bought.

8.

Do not be deceived by people because they will soon say passes are good.

NTHOLI WESTCLIFF 7103.

My complaint is we have 700 children who have been chased from school. But congress had done nothing for them. We known our sufferings. It is good to tell the people that they are suffering if he cannot do something for them.

MAHLANGU

People of Dube. First of All. Let us get into the job we have come for. A person who critized congress is just like Judase & S. Bengu We are now going towards the ... Those who dont support us you will hear them by their words and those who are with us will go with us. We of Dube we have complain. We pay for streets, water, and houses. The country was captured or robbed from us. The African people now become a moving mine providing the wealth of the country, but we are determined to close that wealth and mine and let it flow to us. Verwoerd is a subservant. He will never get this country unless he takes away Queen Elizabeth. There are two forces, One led by the English and Americans and the other a racial force led by Verwoerd. Let us stand on our feet. The front force faces forward only. We are troubled by passes here. The coloureds, Indians do not carry passes. Verwoerd is so nervers. He says I am an agitator, yet I am agitating. The time I take over I will deport Verwoerd because they preach evil on the innocent souls. Let us not deceive ourselves the residents of Dube. Let us call the residents together. Look at the shape of house. no doors, no gutters what kind of a house is that.

NOTES MADE BY N/D/CONST. SOLOMON DUEGA AT A MEETING OF THE  
AFRICAN NATIONAL CONGRESS HELD AT NO. 2 SQUARE ALEXANDER TOWN-  
SHIP ON. 19.6.95.

Meeting commence 10.45. Estimated Attendance 60.

Method advertised - unknown.

CHAIRMAN - Abel Meti.

When we say Freedom in our lifetime we mean that we should all stand on our feet to fight for and attain our freedom like the Nats who decided against all personal differences amongst themselves and marched forward to rule this country, but we Africans always take heed of personal differences amongst our people when we are fighting for our freedom. It is true that the way to our freedom is thorny but our determination will win us what we must achieve. We must preach the gospel of freedom to our brethren. Just now we have a message from our National leader, Chief A.J. Luthuli to organise the Congress of the People conference and to collect the demands of the people to be embodied in the Freedom Charter in Kliptown on the 25 and 26 of this month. But what is funny is that we Africans are always spying on one another although we are always calling out "Freedom in our lifetime" I will call on Mr. Mathopa.

MATHOPA S.

Dear Africans. Time is very limited. We have no time to play. When we call Africa we call our own country but I become ashamed when such things as spying are being said to be rife inside our organisation. I don't know where that spy will go when this country is free since we will seek refuge in Africa. You must not listen to the flattery of these Europeans who give you money to sell your own people. That is the same money which betrayed Jesus. You must think of the people who will bury you when you die. The European will never bury you. We shall be responsible for your funeral as your own country men. These same Europeans are coming to our meetings ~~day~~ and yet if you go to their meetings as an Africa they will kick you out and ask you where the other kaffirs are. Fellow Africans our time is coming slowly when we shall be able to compile our demands to Strijdom in the Freedom Charter. The future legislators of this country who will be chosen by us will clean our hearts of ~~lockism~~ <sup>feudalism</sup>. I have not much to say but I call upon all those who have not yet joined Congress to get membership cards today. Membership in our National organisation serves to show that we are a United Nation. As we are gathered here we are all Africans and we should have unity and distinguish our Nationality - MAYIBUYA.

ABEL METI.

Country men I just want...

.....3.....  
The white man want to use our people as tools. Europe-ans are like ~~as~~ <sup>like</sup> they are parasites busy sucking our blood by means of work for unequal pay. Dont listen to sell outs and renegades. We say the europeans are bad. In fact they are not all bad generally. But politically they are all bad because they are monopolising the franchise alone and yet at the same time they are pretending to be friendly to us. All Africans will eventually come home and their home is the African National Congress. You must not trust these white people. We allowed them into our country and today they are kicking us out and telling others of such a fantasy as S.A. is a whitemans country. They have no shame of saying this.

As we are going to Kliptown I am sure that we are going to seize freedom. We see the Govt. of this country is frightened. They can not have rest because are after this organisation. COPY OF NOTES MADE BY N/D/SEGT. J.D. NDABA, OF  
A MEETING OF THE AFRICAN NATIONAL CONGRESS HELD  
AT MAROKA CENTRAL ON 3.7.1955.

---

3.7.1955 - 12.10 p.m. to 2.30 p.m.

Morka Central - CHAIRMAN JULY MASHABA.

Fellow Africans we met when the Nationalist G. is in a Terrow the sooner they see our flag. they come. We have 3 items, first is service site Scheme. Instead the City Council build houses for African People Bantu E. and Report about Congress of People.

MR. NGWENYA.

Africans I will speak about houses to be built at Moroka W. Members of A. Board don't tell you anything about this matter. We told the City Council that we want to build houses for ourselves. The Advisory Board members said you must get sites 40 x 70. The City Council promised us to build houses with in 5 years. If the City Council don't give place to Build houses for ourselves, then we shall go to the higher court. You all know that the time for Election is nearer they will say vote for them. You must ask then what have they done for you men and women. We are poor. We have no money. The City Council will give you £35, he won't give you this amount of money, he will buy with the money Second hand. Interest is £1.6 a year. You will be allowed to Build houses for 5 years at Service Site Scheme don't elect members of Advisory Board.

J. POO.

Africans today I stood at Moroka West for about 2 hours but no one came to the meeting. Our children are to be told taught by the Police Mr. Verwoerd say no one of his employees to complain if he does then he will be dismissed from work and will be deported. I want to tell you that we are the...

2.

that we are the people who told you that don't send your children to school during the School Boycott. The scripture has been shortened. You all know that the Dutch People came with the Bible. Why? today they change scripture before Jan van Riebeeck came to S.A. No African person who had scine - scine started when the Dutch came today Whites are sorry for bringing Bible.

We are still on the Boycott. I appeal to you don't send children to school. Children don't learn history and scripture at schools. Also there is no Geography. If we tell you what to do you must follow us and do as we tell you because the Government wants to make your children tools. If a lion kills people you must all take your assegais, and kill the lion. This education is very bad. Most of you are employed at factories. Only because you were well educated. European children don't pay school fees. Every one of you must tell those not present here that we don't want Bantu Education.

MRS. ELIZABETH MODIQUE.

Africans I feel sorry to see children when I see children shouting Africa but I thank them because we are fighting for them today - concentration camps are being built for them we don't want Bantu E. Our men are paying 2/- paying Paul tax. Beerhalls are built for them to drink Beer. But the Police lorries are waiting for them outside the Beer Hall. The Buildings in town are built by your hands. Everywhere you are doing the jobs but if you think how you live in this country you will find that you sleep in emergency Camps. Our children are dieing daily because they don't get proper food. Many of you think that God made whites to oppress us and if I can hear my parents say so I would kick him. God did not say there is a nation which will be above another. Africans at a conference in Kliptown there were many anations. They had come to gather

3.

to talk with one voice. We don't say we want to be above whites. You will find that the A.N.C. is only the Organization to fight for you, everywhere in the world people want freedom. We don't want to see our children being slaves. We will fight and fight until we win the struggle. If we say don't take your child to school, and say where will your child attend school. I want you all to join the Congress. These Detectives work for their children and will poison your minds. We did not say the Dutch Children must not go to school or what they must join the Police. Africans we are at war. If war comes you must not join the Army because last time you got nothing. Today in Germany they say don't want war. I say we are meeting Mr. Strijdom at Cross Roads. We have no guns but will fight to end. Goals are for everybody - if you are prepared to fight for freedom come together.

J. KUMALO.

Africans you all know that Jesus Christ was crucified alone. The day I die I will not go to church but will be taken to grave from the square. European women are sitting outside Union B. in Pretoria to fight against the Senate Bill. We say everyone of this country must join the struggle. The Freedom Charters of all people of S.A. <sup>Quinn</sup> They took flags and money of the A.N.C. They also raided people for passes what was said at Kliptown. We won't work unless we are allowed to select our own men to go to Parliament. Mr. Tabete has no freedom but given privileges to write. What we say at meetings but they have houses in White City like ourselves. A human being should have the right to own land. We want a European to have a M. Car and an African must have M. Car. When they dig Gold we don't get a share of Gold the land must be

4.

shared to workers if we go to Dutchman has a big farm  
which you walk for about 10 Hours or you cannot finish it.

Africans, it shows that you know what to  
do because you have collected money. I did not ask for  
money. I don't know whether I will be committing crime  
because I was once arrested for collecting money. The  
Congress of People has opened doors for our children to  
attend school and children will be educated equally.

Mr. Strijdom, Swarts and Verwoerd must start now running  
away as Malan did, because there is trouble coming when  
they go back to Holland they will leave all transport in  
South Africa.

COPY OF NOTES MADE BY R/B/GUEST. SOLOMON DUNGA OF A MEETING OF  
THE AFRICAN NATIONAL CONGRESS HELD AT NO. 2 SQUARE, ALEXANDER  
TOWNSHIP 3.7.1955.

Meeting commenced 11.30.  
Attendance - 20 persons.

Ex 9.139.

CHAIRMAN - ABEL NETL.

Friends you will have to excuse me for having done any blunder. I have been struck by the interference by the Police at our mighty assembly in Kliptown last week. It was the most striking feature of the struggle against the <sup>murderous</sup> Strijdom Govt. We saw thousands of police armed with Sten guns and handbombs against a peaceful gathering of Africans for their movement of liberation. I will call upon my first speaker who will address you on matters of freedom.

J.L. KOALIPE.

Fellow Africans, I should thank Mr. Chair for offering me this opportunity of addressing you. I felt very glad to hear of the news of what happened at the Mighty assembly held at Klip-town. Another African remarked at this gathering that the freedom of the African People lies within the abilities but he did not explain how the Africans have to achieve it. How are we going to achieve our freedom? We have been seeking for our freedom from 1912 but our struggle for freedom seems to progress no further than a soldier doing marking <sup>time</sup> in one place. Which freedom do we want? Let us ask ourselves. For instance here in Alexandra Township there are people who have collected our movies and bought cars, but look at our struggle for freedom. Then what kind of ~~struggle~~ freedom will we need if we do not heed the advice of our leaders. Our freedom is not in the European Parliament but within our own borders. We should achieve our freedom through sacrificing all our available strength towards our goal.

ABE KGARA.

Fellow Africans. I am here before you to explain to you the wind of the road to your ultimate objective. It is true that we have been struggling for our liberation for the last 40 years since the founding of Congress. Yes friends our National organisation was founded to free the African people from oppression. People say that they know and see that they are oppressed but they are oppressed but they refuse to follow the steps of the leaders who champion our National Liberatory movement. Just yesterday we were all in Kliptown and almost all who attended ~~were~~ <sup>to mention</sup> ~~when to in~~.... such to their friends. The Europeans were also there and to say the fact those are the Europeans who are aiming at perfect human understanding with the African people. The Europeans in this country have their freedom as a <sup>heritage</sup>.... from their ~~ancestors~~, but we shall struggle hard for our freedom. Hence the message to the freedom-loving peoples of South Africa and therefore we shall <sup>through</sup> this message receive a guidance towards our freedom.

The fact which cannot be <sup>denied</sup> is that congress is our liberatory organisation with a constitution which clear explains the aims and objects of the Congress for those who wish to join and I dare say all Africans should join Congress. Jus a few days ago Mr. Eric Louw the Minister of economic Affairs openly insulted our people in the <sup>eyes</sup> of the world and the United Nations <sup>organisation</sup> ~~organisation~~ is said to be an organisation which <sup>stands</sup> ~~should~~ for the protection of the oppressed people of the world. What we know very well is that congress is our liberatory organisation going on, <sup>burning</sup> the torch to be (fet) by the reactionaries...our <sup>face</sup> ~~face~~, the Strijdom clique the progress of a National struggle <sup>has</sup> in the support given it by the womenfolk of that nation. It is not a fault that we have not achieved our freedom but the fault of our leaders. Again our leaders say that the fault is with us we do not give them a following. IN Kenya today when a European dies the police go about to arrest Africans to answer the charge why a european died. South Africa more is trying to turn our country into a Kenya which is under British protection a country said to be a democratic ruled country and yet such iniquitous practices are perpetrated on the owners of the country. Congress calls for all our africans to come forward and identify themselves with the struggle. We are not inciting men, gentlemen, but we shake your heads to wake up to the fact that South African Government Does not represent your interest in this country. **MAYEBUYA.**

J. MABENYA.

Fellow slaves of africa. I feel quite sore at heart when I see that you are in a small number especially on I grieved by the fact that people who were absent from the Night Assembly in Kliptown last Sunday. It so happened of course at the C.of P. Conference that even the representatives of the mad <sup>clique</sup> ~~clique~~ ruling this country today did see the way to freedom. ( He started reading the Freedom Charter).

What is now needed fellow africans is not to say that since the Freedom Charter was read to you thats enough as far as you are concerned <sup>but</sup> ~~but~~ to go from house to house and explain the contents of the Freedom Charter. A person who fails to do their duties as far as their people are concerned are not better than these Dutch People who only have brains to know how to be used, as tools. The Dutch People have no brains and you must not follow their example what will help <sup>achieve</sup> ~~achieve~~ your freedom is <sup>unity</sup> ~~unity~~. It does not matter where you come from but one thing remains you are oppressed alike irrespective of our National Status. Let us go on with our Liberatory Movement and continue against the <sup>concealed</sup> ~~concealed~~ domination of being represented in Parliament by such people like Ballinger who do not know the conditions under which we live. The Dutch Government continues deporting our people and to their worst surprise they do not know that they <sup>enlighten</sup> ~~enlighten~~ the whole world Africa. I say <sup>wants</sup> ~~wants~~ you therefore fellow africans whenever you are in trains <sup>you should sing and speak.....</sup> 3/-

.....3.....  
sing and speak of freedom. Long live Chief Luthuli. Let us achieve our freedom in our lifetime. AFRICA.

J.B. MASHAMAITA.

Fellow Africans you have already heard how the previous speakers have put the case of our freedom before the people. The Congress of the People Conference was organised and held to show the world how the people of South Africa are determined against ~~of~~ the reactionary forces of the Nationalists Govt. What is now the next step - we should take is that where as we are now we ~~shd~~ should...<sup>expatiate</sup> the freedom Charter. Now I want money.

(Collection amounted to £1-0-9 $\frac{3}{4}$ .)

Fellow slaves of Africa. What I feel duty <sup>bound</sup> to inform you is that freedom we want and freedom shall we achieved in the near future ~~in the~~ with Chief A.J. Luthuli our leader to our decided goal - never mind what the white so-called pseudo - superiors who dominate us in this - our country Africa. We shall make spit fires and destroy all reactionaries. Many people who say freedom is very remote are telling you blue lies. You will see freedom with you own eyes.

J.F. NMGOMA.

I have nothing to say my children, but I just want to remark on the Kliptown episode. Even when the police armed to the teeth our boys - Africans were busy jiving with white girls and Indianwomen. Secondly - what was read to you today as the Freedom Charter is what will happen when our new Govt. comes into power and when this devilish <sup>apartheid</sup> ~~nationalist~~ and Strijdom-ite Govt. goes into the bottomless pits as its grave. The Charter says a person who hates another because of his nationality will be thrown into prison. That refers to such people who usually say Kaffer and koalis. I <sup>only</sup> wish I could see that day. In Kliptown when the Stenguns ~~was~~ lifted. African boys and girls marched past it and not one of the guns was fired.

ANNOUNCEMENTS.

On the 17 July that will be an election of executive.

COPY OF NOTES MADE BY H/D/CONST. JOEL CAMANE OF A MEETING OF THE AFRICAN NATIONAL CONGRESS HELD AT C/O GRIFFITH AND HAMILTON AVENUE, NEWCLARE - 3.7.1955.

1 pm -  
COMMENCE - 3.45 pm.

Radiba (23)

Today we meet here to tell people who were not at the freedom of people conference at Kliptown. There is another great leader who held a meeting with three people that is Dr. Dadoo. I do not surprise when here I can speak amongst stones. Freedom was formed at Kliptown last week Sunday. The Dutch people came at Kliptown carrying guns. We are surprise that who was going to fight them. We formed the freedom Charter. That is why here at Newlands Place, the police are sent out to arrest people so that more money is wanted. This Govt. is very bad. People are arrested for liquor. You can notice the difference in other country what is the work of Police. This proves straight that they are thieves. The speakers are here to explain to you. Our gun is mouth. Mr. Chamile please.

1st A. Chamilla.

Chairman and gathering. I thank the opportunity the chairman has offered me. The reason is that I must speak with you. Before I proceed. I say to you the names of Lutuli Dr. Dadoo, Kotane with them we shall cross the river. As God said love another person as you love yourself. Let us get and asked together if this law is right for us. Last where we were at Klip town the laws made is not for black people, europeans but for everybody living on earth. Person should get wages according to his work. The police must not thing raid the natives only, but even the europeans should be searched like natives. Not only white police but the black Police should work with no apartheid. If the black people should be ask passes on their way to work, let the europeans be treated the same. Let us go to goals equally like europeans. If I explain to you, you remember when we operate the Civil guards. How many people were <sup>saved</sup> ~~suicided~~. How many people <sup>stab</sup> ~~stab~~ or murdered. We had Police since. What the magistrate should have done if a person commits crime. The same to be done to the offender. What Govt. did when he noticed work of Civil guards. He knew that he was loosing work. We were showing this Govt. that we can protect ourselves. The pass, when we go to have our passes put right at pass office they arrest us so that we must go to farms. It is funny that you can not go to another places to look for work, you must ask the owner of the previous work. You go to get the train ticket at station the white man working at the ticket office shall ask you pass first. That means you can not move without a pass. I carried the pass for 19 years and yet where was the Police that time. These people of Native Affairs if they did come at Kliptown we should have welcome them. They talk of apartheid and yet they do not know what it means. It means

.....2.....  
means the white people to work their people. The black people to work their own people. The police should do the same. The trains loading whites, he must have white servants, and black people should drive for black people. Who will go under coal mines, mealie fields etc. This Govt. does not know that this apartheid is dangerous. Who will do the city cleaning carrying ashes. If we say we africans let us die, surely the europeans shall also die. The whiteman shall see that the gun is useless. then they will throw them away. Well Chairman I shall not go further. Our people let us wake up. We want the C.I.D.s too we shall not ask Govt if we want detectives. AFRICA MAYIBUYE.

2nd SPEAKER - SCOTCH MATO.NE.

Chairman and nation of africa. I thank the opportunity given to me. This time is time of oppression. In 1952 we had Dr. Moroke defying the pass, but this showed to us that the Govt. has no interest with his people. I am a ~~man~~ <sup>man</sup> grown up in farms. Mind you there if you want work you must always report at pass office. You get work then work for three months without pay. If you want work you are only given nine months.

AFRICA MAYIBUYE.

3rd SPEAKER - KHOTSITSILE.

Chairman and meeting. I thank you. Last at Kliptown it was a sign that the freedom is near. I want freedom with my own strength. The time we must step forward as you had seen at Kliptown. If you do not complain who will sympathise with you. We ~~are~~ <sup>are</sup> that the freedom is smelling and Ngozi is now using two crushers because he was fast with this motorcycle to Kliptown. And also you two detectives writing now you will use three crushers because you sell your own nation. The Dutch people surrounded the people at Kliptown with guns but that is nothing. The A.N.C. organisation is not against any person but want the rights of this country. We do not want any thing but we ask freedom.

AFRICA MAYIBUYE.

4th SPEAKER - ISAAC BOLALA.

Chairman, and fellow slaves. Before I start on what I shall say. I want to tell ~~that~~ <sup>that</sup> every body must know that we have meeting here on square every Sunday. To preach to the wilderness as Johan did. Today we are preaching here in Newclare amongst people. But they go hungry ~~from~~ <sup>from</sup> this square. I want to start about the beautiful organisation of A.N.C. started in 1912 opposing what is not right. This organisation as it goes on it get other organisations which are in action with men prepared to sacrifice lives for nation. Now it has born the C.C.P. celebrated on 25.6.55. This son is very strong and hope that this son shall bring us some good. I am proud of this congress. There were men like BEMBU SENE, VUNDLA who were trying to spy. But where.....3/+

But where are they? The United party was started but has died. I am standing here preaching what is coming. There is nothing that gods for ever. The sun of white men is sitting at the west. There was a man sent to Bamangwato to investigate the situation about the people. This man then was met by the Europeans and told them the Africa is brought out only one thing strong organisation to bury the Nat. Government. Here it is in paper. You must support. When you come in S.A. and oppose the Nationalists they will hate you. The time shall come nobody shall set the clock back. The wheel of freedom is rotating and shall crush anybody stand before it, black and white. The A.N.C. has gave birth to Defiance Campaign, Boycott and C.C.P. Everybo y was represented there in Congress of People. Even the Europeans in Pretoria were striking against the way Strydom is handling them because laws are made by mad people in Parliment. A.N.C. is only organisation shall bury the Government.

AFRICA MAYIBUYE.

5th SPEAKER - S. MALUPE.

Fellow slaves, I greet you all in the name of C.C.P. As I have told ~~you~~ the the date of freedom Charter is coming. to tell the Govt. why they rob people. Yes the day come it was last week The rubber stamp was put on freedom Charter. The Govt. people did not come but the stupid Police were there. even the members of Special Branch. The Africans were about 200 and Europeans 150 The date started on Sunday when I saw the 50 persons representing the other countries and this Govt. was not represented. I only saw the Bantu World and Rand Daily representatives who were representing this country and the stinking paper Vaderland. That is why I say the sun is down and Nat is gone. The Govt. of people is coming. The Govt. is elected by people. Not the Govt. elected by ~~people~~ to oppress people. We have formed Govt. which is A.N.C. The members who Govt. shall be ~~solely~~ elected from Congress of people. Therefore the people started to rally behind C.C.P. There were 22 nations who sent message that if we are not free we wont take off our uniform. What issurprise I have also message from Holland where I am e-pecting the Dutch people to go to We must decide whether it will be next year for our Govt. to take over this Govert. We shall go to church when we have better Govt. Most of people have believe that the A.N.C. will do nothing to europeans. We A.N.C. do not believe to any spy or trator. A Police is just like a dog which you only deceive it with a bone. Dr. Mellan left message with Nats that if they do not look after their freedom Congress will take over.

AFRICA MAYIBUYE.

6th SPEAKER - BENNITT SECHRO.

Chairman we see the sun is rising for the blackman and is setting for Dutch People. We shall rule our country. Here we have silly Police who carry sticks and worry us. ....4/

.....4.....  
We do not stop them to do their work. If they demand a pass from a person they must not throw down. We have other silly fellows going arround organising the children to go to school we do<sup>not</sup> know or they are sent by Govt. The parents have taken decision that they will not sent children ~~to~~ schools. That has been drawn in a Freedom Charter. These people I believe that they were dismissed from schools now they have want our children to go to school. If they want to work for Govt. they must not come here ~~in~~ Newclare. If they are sent by Vundla they must go to Western Native Township. I am going to read this letter of Freedom Charter in the presence of police who were searching us and take all our papers and yet they wait their time. If they deport Bennitt Sechiro another one will succeed. We then read the letter containing laws drawn on Freedom Charter.
