The above. During that your copies and things today - 2 months of argument, to state a case and try and get 3/4 of that type now, to Don I suppose you will have seen like  
out about to keep what heart to say clear description some understanding or support will. I must say what in my the I imagine most have the story. But Cluett is right, he did  
at Cluett had my eye getting very involved about things view the reason why all political activity were talked try to escape of listening, and get caught by some mischance  
very easily, first the out of bulb. I think I have now got about: have come to see that amongst whites, various attitudes - or other just about at the last wall or barrier. Not very  
it to you as simply and clearly as I am able understand it any open legal cases type, is because there is in fact no clear on the details myself - or other just about at the last wall or barrier. Not very

the rest of a controversy, let my last attempt into some objective is not a requested settlement.

to see. Since the service (which may appear to have been inspired  
by the finding of a note from one of us in the bible, I still don't understand  
is at its height, and even muddling in the yard is very difficult. The  
position is a narrow exercise in a chimney, enclosed yard, stone floor, walls all  
round 3 sides, open space, no ceiling in center. We are not allowed to talk  
at all, must talk terms, but we (though there are 2 side by side, only 1 may be  
used at a time) so we pile up & down, not talking - really, rather grim,  
except that now at least there is sun on one side, so we stick to the narrow  
sunny strip. When we first got here, we could only just get our heads into  
the sun by hugging the wall. But sometimes when I really look at us all, I  
am reminded of the ghosts in each picture, at the way they stand the

exercise yard of some grim forests just like dulling, and  
sharply, inhuman. Did I know that I is in chains? Other than  
lined by a long changing chain day & night - which is somewhat  
treatment for escape. I think the day he was brought back  
then, I nearly wept. This is really the saddest sight I have ever  
seen, made me feel sick for a day & still disturbs me. Really, the  
saddest sight ever. From that moment on, during, I knew that  
I have really only one ambition left in life - that is to 3, 281-30,  
2, 20, 22, - 14, 10, 11, 14 - 26, 27, 6, 21 - 29, 30, 13, 33 - 14, 15, 25 - 20, 23, 2, 25.  
I am dead serious about that. I suppose it is an accumulation of  
things, and these things were the toughest. I will never forget that  
sight. I feel now so utterly glad at the news I seem to have made

6) of both our lives. I really I had been  
able to talk, perhaps I could have really  
known how you felt, and not just have  
gone ahead knowing my own feelings and  
not really knowing yours - sometimes yes,  
but not being able to talk openly about  
them, think them over. To have to try to  
do it like this, I'd hope we get another  
chance, and that I manage to do things  
a little better, for both of us. You know  
about an exit visa. I don't believe anyone  
is going to be offered one now. I don't think  
it will be offered now, I would think it
