Where your power lies.

(1)

The many people you see, meet, and go to and from work with are people out to produce what we eat, clothe and use.

If you can look at so many shops in town and in the country side you can at once tell about these shops that the buyers are not all white but both black and white.

Purchasing power we mean Africans which buys European Goods and keep Europeans employed all the time because you are buying from the European shops

Consuming Power. we mean how many Goods and food specially which you buy a week or a day and many others in another word. Thousands of us who buy - power = equal to our numerical number. over the white you must know that Europeans buy on Credit whilst Africans buy on Cash always.

A.M. 34.

The trade unions in Africa
that is to say the workers in
South Africa demands the following

- (a) A decent living wage
- (b) A Long paid leave.
- (c) A 40 hour five day week.
- (d) A sick benefit scheme
- (e) A provident scheme
covering all class of
workers.
- (f) Paid public holidays
- (g) Freedom of organisation
- (h) An all round general improvement
of working conditions.

These some of the points most
wanted and need by workers.
May we pose a question!

- (a) How ~~we~~ can ~~we~~ ^{we} get all these
and how to achieve these
demands.

If we all want these we must
be prepared to do all we can
to get all we want.

The first of ~~these~~ all we must
be united. That is all members
and carry out all what we
decided to do. Attend all
meeting take decision and
carry out all decisions and
resolutions.

We must be able to stop
unjust dismissal defend all
workers.
