

MEMORANDUM ON DET/SGT. KRUGER.

This witness does not testify to having been present at any meetings when he made notes other than at meeting 245. (see below). I do not think his evidence of any importance.

Meeting No. 245:

374. (19). Witness took no notes at the meeting but made a statement the following day of what transpired at the meeting. This is probably inadmissible. Speeches made by some of the accused were previously recorded on a tape recorder and the witness testifies to the fact that these speeches were played to the audience at this meeting and that later he - the witness- seized the spool containing the tape on which the speeches had been recorded. He had a transcript made of the speeches on the tape by Det. Schoeman. See Schoeman's evidence, p. 3719 (19).

Witness concedes that he had no authority to seize the spool and tape and that later these articles were returned to the owner after a demand had been made by an attorney.

p. 3716 (19). He also states that the S.P.P. declined to prosecute after he had been handed the transcript of the speeches recorded. p. 3716 (19).
