LET'S CRY FOR  
**KLIM**—IT'S GOOD FOR US!

Happy, healthy babies who are lucky enough to have KLIM milk soon forget to cry. KLIM is best for your baby — and for you, too — because KLIM is fine, pure creamy milk made into a powder. All you have to do is to add water to make it into fresh, creamy milk again. KLIM keeps without refrigeration, it tastes good, and to save waste you make only as much as you want to. For your baby and yourself, make sure that you get KLIM — in the yellow and brown tin.

When baby cries for creamy MILK, the safest milk is KLIM
