## OPMERKINGS VIR LEIDING VAN WERKGEWERS

### 1. VOORLOPIGE BELASTING

Kolom 3 van die belastingaftrekkingstabelle is ingesluit vir uitsluitlike gebruik deur Ontvangers van Bantobelasting en deur Bantoe wat by wyse van inkomste bedrae verkry wat nie besoldiging uitmaak nie, en moet dus deur werkgewers wat aan Bantoe bedrae by wyse van besoldiging betaal, vir die berekening van werk-nemersbelasting, ignoreer word.

Kolomme 12 en 13 is uitsluitlik van toepassing op die mynbedryf.

### 2. BELASTINGPLIGTIGES

Alle manlike en vroulike Bantoe wat besoldiging van meer as R360 per jaar ontvang, ongeag die ouderdom van die betrokke Bantoe.

### 3. WAT IS BESOLDIGING?

Besoldiging is 'n bedrag aan inkomste wat by wyse van salaris, verlofgratifikasie, toelae, loon, besoldiging vir oortydwerk, bonus, gratifikasie, kommissie, gelde, vergoeding, pensioen, toelae by bereiking van pensioenleeftyd, aftrecetoelae, stipendium of traktement aan 'n Bantoe betaal word of betaalbaar is, hetby in kontant of andersins, en ongeag of dit ten opsigte van bewese dienste is al dan nie, en ook of nie ook nie enige bedrag aan inkomste van die aard wat die Sekretaris van tyd tot tyd bepaal by kennisgewing in die *Staatskoerant* of, in die geval van 'n bepaalde Bantoe of klas Bantoe, by skriftelike kennisgewing deur die pos gestuur of oorhandig aan die werkgewer van bedoelde Bantoe of klas Bantoe.

*Let Wel.*—Voordele in *natura* soos byvoorbeeld rantsoene, huisvesting, uniforms, beskermende klere, ens., word nie as besoldiging beskou nie en is derhalwe nie onderworpe aan werk-nemersbelasting nie.

### 4. DIE GEBRUIK VAN DIE BELASTINGAFTREKKINGSTABELLE

(1) Gebruik die jaarlikse, maandelikse, weeklikse of daagliks tabelle (A-tabelle) na gelang die werknemer jaarliks, maandeliks, weekliks of daagliks besoldiging ontvang:

*Voorbeeld.*—'n Werknemer se loon word teen R2 per dag bereken maar sy besoldiging word weekliks aan hom uitbetaal. In sy geval sal van die weeklikse tabelle (kolom 7) gebruik gemaak word. 'n Ander persoon se loon word ook teen R2 per dag bereken ten opsigte van elke dag wat hy werk en hy ontvang aan die einde van die dag sy loon. In sy geval sal die vyf- of sesdagweek dagtabelle, na gelang van die geval, gebruik word.

(2) Gebruik ook die daagliks tabel waar 'n weekliks- of maandeliksbesoldigde werknemer net vir 'n gedeelte van 'n week of maand werk:

*Voorbeeld.*—Nadat 'n werknemer drie dae van 'n vyf-dagweek gewerk het, verlaat hy die diens en ontvang sy loon van R2.50 per dag. Volgens die tabel (kolom 9) moet  $3 \times 2$  cent, nl. 6 cent, afgetrek word.

*Voorbeeld.*—'n Werknemer tree in diens op Woensdag die 16de van 'n 30-dagmaand. Om die belasting te bepaal word die weeklikse tabelle vir die week beginnende op Maandag die 21ste van die maand gebruik terwyl, om die belasting te bereken vir die oorblywende ses (of sewe) dae, die vyfdag- (of sesdagweek) dagtabelle gebruik word.

## NOTES FOR GUIDANCE OF EMPLOYERS

### 1. PROVISIONAL TAX

Column 3 of the tax deduction tables is included solely for use by Receivers of Bantu Tax and by Bantu who derive by way of income amounts which do not constitute remuneration, and should for calculation of employees' tax be ignored by employers who pay to Bantu amounts by way of remuneration.

Columns 12 and 13 are exclusively applicable to the mining industry.

### 2. TAX PAYERS

All male and female Bantu who receive a yearly remuneration of more than R360, irrespective of the age of the Bantu concerned.

### 3. WHAT IS REMUNERATION?

Remuneration means any amount of income which is paid or is payable to any Bantu by way of any salary, leave pay, allowance, wage, overtime pay, bonus, gratuity, commission, fee, emolument, pension, superannuation allowance, retiring allowance or stipend, whether in cash or otherwise and whether or not in respect of services rendered, and includes or excludes any amount of income of such kind as the Secretary may by notice in the *Gazette* or, in the case of any particular Bantu or class of Bantu, by notice in writing sent by post or delivered to the employer of such Bantu or class of Bantu, from time to time determine.

*N.B.*—Benefits in *natura* e.g. rations, housing, uniforms, protective clothing, etc. are not regarded as remuneration and are, therefore, not subject to employees' tax.

### 4. HOW TO APPLY THE TAX DEDUCTION TABLES

(1) Use the annual, monthly, weekly or daily tables (A-tables) according to whether the employee receives remuneration annually, monthly, weekly or daily:

*Example.*—An employee's wages are calculated at R2 per day but his remuneration is paid out weekly to him. In his case the weekly tables (column 7) will be used. Another person's wages are calculated at R2 per day in respect of each day worked and he receives his wages at the end of the day. In his case the five- or six-day-week daily tables, as the case may be, will be used.

(2) The daily table is also to be used in the cases where a weekly or monthly paid employee works for only a portion of a week or month:

*Example.*—An employee terminates his employment after he has worked for three days of a five-day week and receives his wages of R2.50 per day. According to the table (column 9) the amount of  $3 \times 2$  cent, i.e. 6 cent must be deducted.

*Example.*—An employee is employed on Wednesday, the 16th of a 30-day month. In order to determine his tax the weekly table for the week commencing on Monday the 21st of the month is used and the five-day (or six-day) week, daily table is used for the remaining six (or seven) days.

(3) Die tabelle is in besonderhede bereken tot by 'n jaarlike besoldiging van R2,789.99. Aangesien daagliksbesoldigde werknemers by hoë uitsondering 'n hoërloon as dit per jaar sal ontvang bevat die tabelle vir lone vanaf R2,790 tot R5,849.99 per jaar (B-tabelle) slegs die jaarlike, maandelike en weeklikse besoldiging en belastings, terwyl die C-tabelle slegs die besoldiging en belasting per jaar en per maand aandui vir besoldiging vanaf R5,850 tot R20,129.99 per jaar.

*Voorbeeld.*—Vir die berekening van die betaalbare belasting onder B- en C-tabelle vir 'n gebroke tydperk, word die volgende pro rata metode voorgeskryf: 'n Werknemer se laaste dag van diens is die 21ste van 'n 31-dagmaand. Op 'n loon van R6,200 per jaar is die belasting-astrekking dus  $R35.16 \times \frac{21}{31} = R23.82$ .

*Voorbeeld.*—'n Werknemer aanvaar diens op die 18de van 'n 30-dagmaand teen 'n salaris van R7,700 per jaar. Die belastingafstrekking sal dus  $R54.06 \times \frac{13}{30} = R23.42$  wees.

(4) Ten opsigte van lone van R20,130 en hoër per jaar beloop die jaarlikse betaalbare belasting R5,040,72 plus R18 vir elke volle bedrag van R30 waarmee die belasbare inkomste R20,130 oorskry.

*Voorbeeld.*—Op 'n loon van R24,000 per jaar sal die belasting per maand soos volg bereken word:—

Belasting op R20,130.....R5,040.72  
 R24,000 — R20,130 = R3,870 = R30 × 129.

Belasting op hierdie verskil is dus—

$$18 \times 129 = \text{R}2,322.00.$$

∴ Belasting op R24,000 per jaar = R7,362.72.

en belasting per maand R613.56.

(5) Vir die berekening van belasting op enkel bedrag betalings soos jaarlikse bonusse, verlofgratifikasies, ens., word die bedrag van die belasting volgens die jaarlikse tabel bepaal.

*Voorbeeld.*—'n Werknemer ontvang 'n bonus van R80 aan die einde van 'n besondere maand en verdien 'n loon van R16 per week, wat gelykstaande is aan  $R16 \times 52 = R832$  per jaar. Die totale inkomste vir die jaar beloop dus R912 waarop R7.92 belasting betaalbaar is, d.w.s. R1.80 meer as wat op R832 betaalbaar is. Bo-en-behalwe die normale aftrekking van R0.11 vir die betrokke week moet dus 'n verdere R1.80 afgetrek word.

*Voorbeeld.*—'n Werknemer ontvang 'n loon van R96 per maand waarop hy belasting van R1.06 per maand moet betaal. Hy ontvang 'n bonus van R120 wat hom in die groep R1,260—R1,289.99 plaas en waar hy R15.12 per jaar belasting moet betaal. Belasting op sy loon bedra R12.72 per jaar met die gevolg dat tensigte van die bonus hy R15.12—R12.72, d.w.s. R2.40, moet betaal.

(6) Vir die berekening van belasting op gereelde betalings wat as "besoldiging" geklassifiseer kan word, bv. oortydsbesoldiging, kommissie, produksie bonusse ens., word die bedrag van hierdie betalings by die normale maandelikse of weeklikse besoldiging gevoeg en die belasting volgens die ooreenstemmende tabel bepaal.

(3) The tables have been calculated in detail up to remuneration of R2,789.99. As daily-paid employees who are in receipt of higher wages than the aforementioned amount, will be the exception, the tables for wages from R2,790 to R5,849.99 p.a. (B-tables) provide only for the annual, monthly and weekly remuneration and taxes, whereas the C-tables indicate only the remuneration and taxes per year and per month for remuneration from R5,850 to R20,129.99 p.a.

*Example.*—The following pro rata method in respect of B- and C-tables is prescribed for the calculation of the tax payable for a broken period: An employee's last day of service is the 21st of a 31-day month. At a wage of R6,200 p.a. the deduction for tax is as follows:

*Example.*—An employee assumes duty on the 18th of a 30-day month at a salary of R7,700 p.a. The tax will therefore be  $R54.06 \times \frac{13}{30} = R23,42$ .

(4) The annual tax in respect of wages of R20,130 and above amounts to R5,040.72 plus R18 for every full amount of R30 in excess of R20,130.

*Example.*—The tax payable in respect of a wage of R24,000 p.a. will be calculated as follows:—

$$\text{Tax on R}20,130 \dots \dots \dots \text{R}5,040.72$$

$$\text{R}24,000 - \text{R}20,130 = \text{R}3,870 = \text{R}30 \times 129.$$

Tax on this difference is therefore—

$$R18 \times 129 = R2,322.00.$$

∴ Tax on R24,000 p.a. = R7,362.72  
and tax per month R613.56.

(5) The tax on lump sum payments e.g. annual bonuses, leave gratuities, etc. is calculated according to the annual table.

*Example.*—An employee receives a bonus of R80 at the end of a specific month and earns a wage of R16 per week which is equal to  $R16 \times 52 = R832$  p.a. The total income for the year therefore amounts to R912, on which amount the tax payable is R7.92 viz. R1.80 more than which is payable on R832. Irrespective of the normal deduction of R0.11 for the relative week a further deduction of R1.80 should be made.

*Example.*—An employee receives a wage of R96 per month on which he has to pay tax in the amount of R1.06 per month. He receives a bonus of R120 which places him in the group of R1,260—R1,289.99 where he has to pay tax at R15.12 p.a. The tax on his wages amount to R12.72 p.a. with the consequence that in respect of the bonus he has to pay R15.12—R12.72, viz. R2.40.

(6) To calculate tax on regular payments which can be classified as "remuneration" e.g. overtime pay, commission, production bonuses, etc., the amount of such payments is added to his normal monthly or weekly remuneration and the tax is calculated in accordance with the corresponding table.

**Voorbeeld.**—'n Werknemer wat R10 per week aan besoldiging verdien, ontvang oortydbesoldiging ten bedrae van R4.50 vir 'n besondere week. Die aftrekking ten opsigte van hierdie week moet dus op 'n bedrag van R14.50 per week geskied wat 9 sent in plaas van die normale 5 cent beloop.

(7) *Let wel:*—

(a) In die geval van besoldiging is die volgende aftrekings toelaatbaar ten einde die belasbare bedrag te bepaal:—

(i) Lopende bydraes tot 'n pensioenfonds of bystandfonds waar sodanige bydraes as 'n voorwaarde aan die betrekking of werk verbonde is;

(ii) bydraes tot 'n werkloosheidversekeringsfonds ingevolge enige wet;

(iii) tot R500 by uitstreding of bedanking uit 'n fonds of by die likwidasie van 'n fonds;

(iv) by aftrede, bedrae wat nie die volgende oorskry nie:—

(a) Uit 'n pensioenfonds—R300;

(b) uit 'n voorsorgfonds—R2,000;

(c) uit 'n uitstredingsannuiteitsfonds—R300;

(v) in die geval van 'n enkelbedragvoordeel by dood, enige bedrag uit enige pensioen-, voorsorg- of uitstredingsannuiteitsfonds verkry tot R5,000; en

(vi) enige bedrag ontvang uit 'n Regerings-, Spoerweg- of Provinciale pensioenfonds of uit enige ander pensioen- of voorsorgfonds wat by wet of andersins vir die voordeel van werknemers van enige Plaaslike Owerheid ingestel is.

(b) Die volgende aftrekings is onder andere nie toelaatbaar nie:—

(i) Versekeringspremies; en

(ii) bydraes tot mediese fondse.

(8) In die mynbedryf waar betaling van lone gemaak word op voltooide siklusse van 30 skofte, moet kolomme 12 en 13 van die A-tabelle geraadpleeg word by die bepaling van die belastingaftrekking. Waar betaling van lone ten opsigte van onvoltooide siklusse gemaak word, moet die aftrekking ooreenkomsdig kolomme 10 en 11 bepaal word.

**Voorbeeld.**—'n Werknemer word om een of ander rede vir slegs 22 skofte betaal teen die tarief van R2 per skof wat ooreenkom met R60 per siklus van 30 skofte en waarop 41 sent belasting betaalbaar sou wees. Die ooreenstemmende belasting in kolom 11 beloop 1 cent per eenheid. 'n Aftrekking van 1 cent per skof, d.w.s. 22 cent, moet dus in hierdie geval gemaak word.

## 5. PLIGTE VAN WERKGEWERS

Bo-en-behalwe die invordering van belasting deur 'n werkgewer is dit die plig van 'n werkgewer van 'n Bantoe wat meer as R360 per jaar verdien om—

(1) op 'n voorgeskrewe vorm BA 565 by die plaaslike ontvanger van Bantoebelasting aansoek te doen om as werkgewer te regstreer voor 1 April 1970 as hy 'n werkgewer op 1 Maart 1970 is, of as hy 'n werkgewer word na 1 Maart 1970 binne 14 dae na sodanige datum [artikel 30 (1)];

**Example.**—An employee who earns remuneration at R10 per week receives overtime pay in the amount of R4.50 for a particular week. The deduction in respect of the relative week should be made on the amount of R14.50 per week which is 9 cent instead of the normal 5 cent.

(7) *N.B.:*—

(a) In the case of remuneration the following deductions are permissible:—

(i) Current contributions towards a pension fund or a benefit fund where such contributions are a condition of the post or work;

(ii) contributions towards an unemployment insurance fund in terms of any law;

(iii) up to R500 on withdrawal or resignation from a fund or on the winding up of a fund;

(iv) amounts not exceeding the following on retirement:—

(a) From a pension fund—R300;

(b) from a provident fund—R2,000;

(c) from a retirement annuity fund—R300;

(v) in the case of a lump sum payment at death, any amount up to R5,000 derived from any pension, provident or retirement annuity fund; and

(vi) any amount received from any Government, Railway or Provincial Pension Fund and from any other pension or provident fund established by law or otherwise for the benefit of employees of any Local Authority.

(b) The following deductions are *inter alia* not permissible:—

(i) Insurance premiums; and

(ii) contributions towards medical funds.

(8) In the mining industry where payment of wages are made on completed cycles of 30 shifts, columns 12 and 13 of the A-tables must be consulted when determining the tax deductions. Where payment of wages are made on incompletely completed cycles, the deductions must be determined in accordance with columns 10 and 11.

**Example.**—An employee for some reason or other is paid for only 22 shifts at the rate of R2 per shift, which tallies with R60 per cycle of 30 shifts and on which 41 cent is payable. The corresponding tax in column 11 amounts to 1 cent per unit. A deduction of 1 cent per shift, viz. 22 cent, must, therefore, be made in this case.

## 5. DUTIES OF EMPLOYERS

Excepting the collection of tax by an employer, it is the duty of an employer of a Bantu earning more than R360 per annum to—

(1) apply to the local receiver of Bantu tax on a prescribed form BA 565 prior to the 1st April 1970, to be registered as an employer if he is an employer on the 1st March 1970, or if he becomes an employer after the 1st March 1970 within 14 days after such date [section 30 (1)];

(2) rekord te hou van besoldiging en belastingafstrekings ten opsigte van alle werknemers [artikel 29 (1)] hetby besoldiging meer of minder as R360 per jaar beloop, en sodanige rekord moet vir ten minste vyf jaar bewaar word [artikel 43 (1) (u)];

(3) die bedrag aan belasting afgetrek of teruggehou binne sewe dae na die einde van die maand waartydens die bedrag afgetrek is of binne sewe dae nadat 'n werkewer opgehou het om 'n werkewer vir die betrokke Bantoe te wees, aan 'n ontvanger oor te betaal (artikel 18); by gebreke kan 'n werkewer ingevolge artikel 22 aanspreeklik gehou word vir, onder andere, 'n boete van 10 per sent op die bedrag ingevorder;

(4) tesame met die betaling wat gemaak word aan 'n ontvanger 'n voorgeskrewe opgawe BA 567 te verstrek;

(5) 'n voorgeskrewe opgawe BA 568 jaarliks binne 14 dae na die einde van die balastingjaar aan die plaaslike ontvanger te verstrek slegs ten opsigte van daardie werknemers van wie werklik bydraes gevorder is [artikel 29 (3)];

(6) die ontvanger waar hy as werkewer geregistreer is, op 'n voorgeskrewe vorm BA 566 binne 14 dae van enige adresverandering of as hy ophou om 'n werkewer te wees, in kennis te stel [artikel 30 (2)].

*Let wel:—*

(1) Alle voorgeskrewe vorms is verkrybaar by die plaaslike ontvanger.

(2) Die uitreik van werknemersbelastingsertifikate ingevolge artikel 28 is vir die hede ingevolge subartikel (16) nog nie verpligtend nie.

(3) Enige verdere inligting kan van die plaaslike ontvanger verkry word.

## 6. BELASTING BESTAANDE UIT 'N VASGESTELDE BEDRAG

Daar moet op gelet word dat alle Bantoe mens van 18 jaar en ouer, tensy vrygestel, bo-en-behalwe die werknemersbelasting ook persoonlik aanspreeklik is vir die betaling van 'n belasting bestaande uit 'n vasgestelde bedrag van R2.50 per jaar, bewys van betaling waarvan, soos in die verlede, in die bewysboek by wyse van 'n kwitansie-seël aangebring moet word. Aftrekorders mag ingevolge artikel 15 (1) op werkewers bestel word.

(2) keep a record of remuneration and tax deductions in respect of all employees [section 29 (1)] whether remuneration is less than or exceeds R360 p.a. and such record must be kept for five years [section 43 (1) (u)];

(3) pay over to a receiver the amount of tax deducted or withheld within seven days after the end of the month during which such tax was deducted or withheld or within seven days after an employer has ceased to be the employer of the Bantu concerned (section 18); failure to comply with this requirement renders an employer liable for *inter alia* a penalty of 10 per cent on the amount collected in terms of section 22;

(4) render to a receiver on payment a prescribed return BA 567;

(5) render a prescribed return BA 568 annually within 14 days after the end of the tax year to the local receiver in respect of only those employees from whom actual deductions were made [section 29 (3)];

(6) advise the receiver with whom he is registered as an employer on a prescribed form BA 566 within 14 days of any change of address or of his cessation as an employer [section 30 (2)].

*N.B.:—*

(1) All prescribed forms are obtainable from the local receiver.

(2) The issue of employees' tax certificates in terms of section 28 is for the present not compulsory in terms of subsection (16).

(3) Any further information can be obtained from the local receiver.

## 6. TAX CONSISTING OF A FIXED AMOUNT

It must be borne in mind that all Bantu men of the age of 18 years and older, unless exempted, are also personally liable, irrespective of the employees' tax, for payment of a tax consisting of a fixed amount of R2.50 p.a., proof of payment of which must, as in the past, be affixed in the identity book by means of a receipt stamp. Deduction orders in terms of section 15 (1) may be served on employers.

TABLE A  
TABEL

ALGEMENE BANTOEBELASTINGTABELLE INGEVOLGE ARTIKEL 6 (a) VAN WET 92 VAN 1969  
GENERAL BANTU TAX TABLES IN TERMS OF SECTION 6 (a) OF ACT 92 OF 1969
