REPRESENTATIONS FROM ECC

My letter with even reference dated 20 May 1988 refers.

The original venue is unavoidably no longer available. It has also not been possible to reach Mr A. Teeling -Smith at the telephone number (011X3376796) which he provided, to arrange an alternative.

It is possible to proceed with the meeting on the date and at the time fixed for it if you are prepared to change the venue to the College for Educational Technology, Old Johannesburg Road, Clubview. This is in fact considerably closer to Johannesburg than the original venue.

Kindly advise whether you are able to accept the suggestion.

Yours faithfully

Dear Ms Parker

I acknowledge receipt of your letter containing an appeal for a donation towards your very worthy cause.

As you no doubt realise a company of our size and standing receives a substantial number of similar appeals every day.

Whilst each application is carefully considered and judged on its individual merit you will appreciate that even a company like ours has limited resources at its disposal and has to be very careful in its distribution of such resources.

Regrettably I have to advise you that due to heavy commitments we will not be able to support your very worthy cause. I trust that you will appreciate our position.

Dear F.C.C.,

Enclosed are forms recently sent me, presumably from your office.

I have over the years, indeed since the earliest founding of F.C.C., applied for membership and for short periods have seemingly been treated as a member in that F.C.C. publications have been sent to me. But this has not lasted ~~and~~ and I have received nothing for many months.

Perhaps the problem is that I have sent no subscription for a long time! That is probably due to having received no reminder! I pay subscriptions annually to many organisations at different times in the year, and perhaps inevitably, subs tend to be sent to those that remind me that subs are due; and not to those that do not!

If working help is required of me at any time I suggest a phone call from your office be used to explain what help would be useful.

Enclosed is my cheque for R25.

Yours sincerely,
Richard Lunt

Dear Sir Richard,

Thank you for your letter and contribution to ECC. You will be pleased to know that we have always regarded you as a member of ECC. Membership fees is a more recent innovation on our part, particularly since there has been a threat of our financial support being undermined.

We apologise if you have not received regular correspondence and/or publications from us. This has been partly due to our quarterly publication 'Out of Step' being threatened with closure under the Emergency Press Regulations. In due course we hope to continue with regular publications.

We have also been updating our mailing list - taking advantage of computer technologies. This too should assure that you more regularly receive correspondence from the ECC.

We take this opportunity to express our appreciation for your continued support for ECC activities. We wish you and Lady Luyt our kindest regards.

Yours sincerely

Dear Friend

I am writing a book on visual protest in South Africa, called "Drawings on the Wall". The first part of the book will cover the work of individual artists, looking at their work within the context of the South African situation, and the second part will cover 'street art' - posters, T-shirts, graffiti, murals, banners, community projects etc. I believe this is the first time socio-political art will have been documented in this way, and I hope it will be an inspiration to all those working towards a new culture.

The book will be published in South Africa by David Philip Publishers of Cape Town and in New York by St Martin's Press. Bishop Tutu has written the foreword.

I would very much like to use the posters and T-shirts as listed on the attached sheet.

If you have any objection to this, please could you let me know by July 17th. There will be a list at the back of the book crediting the people who designed T-shirts, posters etc., so if you would like to give me the name(s) of the artist(s), I will include this information in that list.

Dear Sash Member

The Black Sash has always strongly supported the End Conscription Campaign, a fact of which we are most proud. Indeed it was following the 1983 Black Sash annual conference, at which a resolution calling for the end of conscription was adopted, that the ECC was formed.

Our campaign has grown to the extent that we have now instituted a system of membership, allowing for both active and non-active support. We invite you to become a member of the ECC. Through our regular mailings to members we will keep you up-to-date with campaign activities and information about conscription-related issues. COMPULSORY DEPOSIT OF PERIODICALS: OUT OF STEP
