Rev "AG 4"

We observe with increasing concern the increasing naked violence perpetrated by the Sebe puppet regime against our people in the part of our country called Ciskei the intimidation of boycotting commuters and the banning of mass based trade unions like SAAWU is reminiscent of the methods used by all fascist dictatorships to preserve themselves in the face of popular opposition

The repression in the Ciskei is the direct result of the policy of separate development and Bantustan Independence which has been incessantly pursued by the South African Government.

Noting:

- that the government is pursuing a policy of indiscriminate forced uprooting and removals of our people as evidenced recently at Katlehong, Orlando East, Crossroads, Ventersdorp, and Bekkersdal;
 - the resettlement of thousands of our people in barren, overcrowded and impoverished Bantustans;
 - the arrogant threat of eviction of Indians and Coloured tenants from white group areas despite the rhetoric of reform;
- and
- all this is aimed at serving the interest of the dominant, political and economic forces in our country;
- herefore resolves:
- To support all people who are struggling against removals and the Group Areas Act
- AND DEMAND:
- the repeal of the group areas act and stop the removals and resettlement.
