Inkundla --- Kgotla

Behind the appeal the Cape Town and Suburban Ladies' Benevolent Society has made on behalf of an African, lies the story of humanity shown for one's fellow...

Passes For Women?

For nearly twenty years, the Bantu World has opposed the existing Pass System on the logical ground that not only does it fail to achieve its object, but also that it is a major cause of friction between the races.

We trust that before any extension of this system becomes law, it will receive the fullest possible consideration from the legislators in Parliament among whom we have no effective voice.

Whatever the future may hold, the immediate fact is that over a million Africans must live both now and for a long time to come in urban areas which could never have been built without their labour.

The Society has appealed for a wheel chair for Elijah, or funds to buy him one. Perhaps some of our readers would themselves like to help.

Elijah, a proud figure in spite of poverty and failing health, was for many years coachman to Bishop Gibson, Co-adjutor Bishop of Cape Town, at the end of the last century. He is cared for by an African woman and the Cape Town and Suburban Ladies' Benevolent Society provide him with a small pension.

He entered Bishop Gibson's service at Umtata about seventy years ago, when the Bishop was Canon of St. Cuthbert's Church, Umtata, and accompanied him through the countryside on horseback. In 1894, he came with his master to Claremont as his coachman until 1898. Since then, until forced through failing health to retire about ten years ago, Elijah worked as a gardener in Cecilwiler.

Derivation of words is an interesting study. For example, there is the word which we will spell "Saare". It is not heard so frequently to-day as it was some twenty or thirty years ago when it was used by almost every downriver when encouraging the minimal to chase or attack some thing.

"GAARE" AND "TSA"

We do not know the origin of the word, but we do know that a word exactly similar in sound and meaning, "go quickly", is used by one group of Bushmen now living in South-West Africa and the Kalahari. Is there any connection? In written records of the language of the Bushman clan the word is spelt "Tsa".

DEIVED FROM BANTU Few words in English have been adopted from Bantu languages. We know of two, however, that appear in any good English dictionary: the one is "impi" and the other, "donga". Both words stem from Nguni; do our readers know of others?

Perhaps the word "Kgotla" will one day appear in dictionaries of the same language—English. If it does, one hopes that there will be careful guidance about its pronunciation!

GOING TO TOWN—THE OLD WAY Not more than twenty-five years ago, it was customary among a number of rural Africans to use European clothing only when they wished to come into town.

Then there is the huge monster said to live in lakes or rivers. It is said to have a diamond which gives a brilliant but blinding lustre. If you are unlucky enough to spot this monster and its jewel you go blind and thus become an easy prey.

ARITHMETIC

When last I talked to you on education and life, I complained bitterly about the low standard of Arithmetic in our schools. I even promised to draw a sensible syllabus for this subject. Instead of compiling a mere catalogue of what should be taught, I shall discuss what should be taught.

Up to standard three or even four, addition, subtraction, multiplication and division, both simple and compound, should receive the major part of attention. Various methods of doing these four things should be taught.

It is a notorious fact that our children who speak arrogantly of Compound Interest, Banker's Discount etc. cannot add, subtract, multiply or divide quickly and correctly.

After all, in actual life these are things, particularly adding which most of us do most of the time. We have to add money, and now and again we have to add columns of figures.

Time Wasted

Above these four operations a great deal of Arithmetic should be largely the theory of what is to-day something on which a great deal of time is wasted. A few exercises must be worked to illustrate the principles dealt with.

With all the precious time spent on homework, classwork and tests, children go into the world woefully ignorant of how to work the many sums they are supposed to have learnt.

boots, and trudge the distance to town.

With a short distance separating himself and his destination, he would then doff his usual mode of apparel and don European clothes and then walk into town. Discomfort in European clothes, especially shoes which often pinched, explains the reason for this peculiar way of going about things.

SMILED AT DRAWING

A friend of ours recently made a drawing of the African continent and having finished, he smiled and remarked that the continent had the appearance of a head—it could see more clearly the west coastline as representing the back of an African's head with the lower portion of the southern tip forming the chin, the East representing the face.

He said as there is so much talk of exploiting the great resources contained in this continent, it is well to remember that exactly the same should apply to the African himself—his capabilities should be tested, developed fully and used to contribute to the welfare of the world at large.

He went further and said: "This is not a prophesy but it is a fact, whoever wants to develop the one and leave the other untouched will fail; but whoever will take the two together, will not only succeed but will not believe the success he will get as they will be double all expectations."

"SNAKY" STORIES

If we "grow horns" on our head because we dared to repeat some of that fire-side chat about which reference was made here last week, then that will be just too bad.

Current among Zoutpansberg district Africans is the belief that a huge snake lives on a nearby mountain. This snake is not easily seen but woe betide the man who whistles on that mountain, for that is a clear invitation to the snake which is angered by whistling.

The story is told of a man and his son who were lucky to escape death from this monster. Although previously warned, the son fell to his whistling habit and all he remembered was his father shouting not to him to take to his heels. There was the cry as that of a goat, a rushing wind which as the infuriated snake dashed lightning fast past this man and his son, became even more violent, tearing off their clothes and leaving them naked. They escaped the snake's attention because in its blind fury it did not see them but rushed blindly along.

Teachers To Confer On Pensions

TAUNGS.—When the North-Western District Teachers' Union meets this month at Warrenton the conference will be asked to consider certain aspects of the African teachers' pension. This arises from a question placed before a meeting of the Taungs Cape African Teachers' Association branch.

Mr. J. D. Molamu had asked this meeting to discuss what provision the Education Department has made with regard to teachers' pension: (a) in the event of premature death, (b) abandonment of the profession, (c) the suspension of a teacher, and his death while under suspension; or if the teacher does not return to the profession after such suspension.

UITKYK.—A car with five Indian passengers overturned on the main road in front of the Boitshoko Institution recently. The passengers all escaped with scarcely any injuries.

Mr. and Mrs. W. Bundy of Johannesburg who spent a short time at Uitkyk have returned to the Rand.

The sons of Mr. and Mrs. J. Petersen were here a few days ago to see their parents. They work in Johannesburg.

Mr. A. L. Mthobi has returned from a visit to Johannesburg and another to Klerksdorp.

A bit of bookkeeping would be of greater help to the pupils than the doing of sums which in banks and business houses are to-day done by machines or have ready-made tables. For example, in the bank no one has any time to calculate compound interest. The required amount is in a book.

Mensuration, not what does not occur in everyday life, should be taught. The use of a ready reckoner should also be taught. There is no sense in doing what has already been done. Rather learn to use the tables already prepared than spend time in school on what no one ever does in the work-a-day world.

770,000 Children At School But Accommodation Lacking for 125,000 Others

At least 125,000 African children have been turned away from primary schools because of overcrowding although there are more than 770,000 children attending schools throughout the Union. It is estimated that to overcome this accommodation shortage, more than 88,000,000 would be required.

In the House of Assembly last week, the Minister of Education, Mr. C. R. Swart, told Mr. W. H. Stuart (Native Rep., Transkei) that about 50,000 children who applied for admission to Transvaal primary schools could not be admitted owing to lack of space.

Each class is limited to 55 pupils and the number of children at registered schools was estimated at 30 per cent of the total of children of school-going age.

Mr. Swart referred to schools with "private classes," adding that children received their education in classrooms which were suitable in some cases and in others unsuitable. He said also that classes were even held in the open air, the Church or African community responsible bearing the expenses of running such schools.

On the platteland, he said, Africans were prepared to erect their own schools provided the government would bear the running costs; but in the cities, Mr. Swart went on, Africans were not organised sufficiently to provide such facilities.

In Natal, there were 300,000 African children of the age group 7 to 18 who did not attend school of 1948. 50,000 would have attended in 1949 if facilities were available. In the State about 10,000 and 5,000 in the Transkei.

Possible Extension Of Service Contracts

Among possible amendments to the Natives (Urban Areas) Consolidation Act coming before this session of Parliament, is that local authorities should be given power to apply the system of the service contract registration to African women employees as well as to men.

The principle of the amendment will not be to make the registration of African women automatically compulsory throughout all municipalities, but to give any local authority which considers it in the interests of African women in employment, and of the community as a whole, the power to apply it.

The local authority desiring to register African women will have to secure the Governor-General's permission first.

The Facts About Unemployment Insurance Benefits

In view of the difficulties Africans have in understanding the present Unemployment Insurance Act, the Institute of Race Relations has prepared a statement clearly explaining the position as it is to-day.

Beginning this week, the "Bantu World" will publish week by week the statement for the benefit of our readers. The first instalment is an outline of the Act as passed in 1946, and the amended position following a law passed in 1949.

LAW PASSED IN 1946

In 1946, Parliament decided to set up a fund to which the Government, employers and workers would all contribute. From this fund benefits would be paid to workers who lost their employment.

But certain classes of workers were not allowed to join in the scheme. These were (a) those employed on farms in connection with farming, (b) Domestic servants employed in private households, (c) Those employed in coal or gold mines and who receive food and quarters, (d) Those employed in rural areas, unless they work in a factory or works or a mine other than a coal or gold mine, (e) Those who come from places outside the Union of South Africa to work, and whose employers are obliged to send them back out of the Union when they cease to be employed, (f) Those who work for the Government, the Railways, or a provincial administration, and who contribute to a pension scheme, (g) Those who are casual labourers, (h) Those who are employed by an employer for less than one day or week, (i) Those whose employer gives them articles or materials to be made up or finished at their own homes.

This, then, is the full list of classes of workers excluded from the unemployment benefits scheme when it was first introduced in 1946.

LAW PASSED IN 1949

In 1949, Parliament decided that after the end of the year (1949) certain workers who had previously been allowed to take part in the scheme would no longer be allowed to do so.

These are the people now unable to take part in the scheme: (a) Those who earn less than £182 a year — not including cost of living allowance, (b) Those who work for their employer for less than eight hours a week, (c) Seasonal workers doing work which is available to them for less than eight months in a year.

## Youth League Leaders Reply To Dr. Xuma

Following Dr. A. B. Xuma's statement, published in the "Bantu World" dated March 18, giving his reasons for his resignation from the African National Congress Executive, is a reply published below from three Congress Youth League members of whom he referred in his statement:

They state: Dr. Xuma gives two reasons for his resignation: firstly, on the matter of principle, because a certain section of Congress had tried to dictate to him and to make his re-election dependent upon an acceptance of their special conditions.

Secondly, that as he believes that there must be political honesty, he resigned because he did not want to be a stumbling block to the Congress Executive. It would appear that Dr. Xuma resigned on March 13, 1950, from an executive to which he was elected on December 17, 1949, only because on December 5, 1949, a certain section of Congress had "tried" to dictate policy to him.

The programme to which Dr. Xuma refers was adopted by the National Conference during his own Presidency, and expressly accepted by himself before his elections to the executive. It is therefore to Congress itself, not the executive, that he can be a "stumbling block" in regard to this programme which, as his nine years of leadership must have taught him, has to be implemented with the help of every man and woman considering himself or herself bound by the National Conference decisions.

As one who believes in political honesty, Dr. Xuma will perhaps explain why, in view of his acceptance of the programme, he is now resigning, and further, why he resigns from the executive and not the A.N.C. which decided on this "objectionable" programme.

The purpose of our meeting Dr. Xuma was to discuss matters of policy and a programme of action which the League felt should be adopted by the National Conference as an immediate answer to the existing situation, and to make him aware, as one of several prospective candidates, similarly approached, that the League would support a candidate on the basis of his policy only.

Because of the considerable amount of time taken over discussion on African Nationalism, during which reference was made to the phrase "Africa for the Africans," we were unable to discuss the actual programme of action which consisted of various items, including the boycott. Apart from an indication by Dr. Xuma, that while he agreed with us on African Nationalism—as understood and interpreted by the Youth League—he did not consider that we were likely to agree with regard to the boycott. There was no further discussion.

At Bloemfontein Mr. Mda told Dr. Xuma that the Youth League was supporting his re-election because, as Dr. Xuma himself says, at that stage other candidates had not disclosed their attitude on the boycott. Subsequently, however, at least one competent candidate gave his full support to the boycott. Later, the National Conference itself accepted the programme of action for which the League stood, including the boycott which was wholly unacceptable to Dr. Xuma, and which he had rejected in his Presidential address.

Confidence had thus by its decision rejected his policy and leadership, and he could not reasonably have expected the League to cling to his person.

Shortly before the presidential elections candidates were expressly asked by the conferees to declare that they accepted and were fully prepared to carry out the programme of action which had been adopted. It was agreed that they could make this declaration by accepting nomination for the Presidency. Dr. Xuma and Dr. Moroka both accepted nomination.

In the circumstances, we fail to understand what Dr. Xuma really means by "a matter of principle," "political honesty" and other familiar catch phrases which he flings about so indiscriminately in his statement. We cannot understand why he should set out to divert the attention of his people from major issues.

We cannot see that it is of the nature and essence of "political maturity" for a leader like himself to disband and scatter a united people and to endeavour to halt their forward march simply because "at the election the Youth League went back on their word and voted for another candidate."

We would remind Dr. Xuma that the cause of the people is greater than any individual, and we are as a nation entitled at any time to call upon any one of us to lead the struggle for any appointed period of time, and when this occurs there should be neither groaning nor groaning, for at all events, Might and Serfdom must give way to Right and Freedom, and the Cause of Africa must Triumph.

### Behaviour Of Youths

T. M. Lujabe, Sophiatown, writes: Writing on the behaviour of youths in these columns recently, Mr. Mkhasebe made allegations against the educated class, and also charged African girls with non-support of their parents.

Surely, Mr. Mkhasebe, whom I presume is an educated man, knows quite well that education alone will not produce good behaviour; it is in the home that this must first be laid. The school provides the child with material for his education, but if parents do not carry out their responsibility of inculcating discipline into their children, then that part of the work must not be left to the teacher.

As to his charge against African girls, I can only say that if parents do not teach their daughters the virtues of service to others, they can well expect that their own children will not support them when they leave their homes for work.

### National War Memorial Health Foundation

J. N. Radco, Johannesburg, writes: What is this National War Memorial Health Foundation which we hear of from time to time? What are its aims and objects, and what is the nature of its activities and its achievements?

The very name itself calls for explanation: there is this assembly of words — national, war, memorial, health and foundation; how did they come to be chosen for this organisation?

Few Africans I have met, among them the educated, know much about it. Perhaps one might assume that the illiterate will know nothing at all of this movement. Could someone kindly shed light of enlightenment on the history and function of this organisation?

### Restrictions, Unemployment Cause Hardship

"Makhandakhanda," Hammanskraal, writes: Many Union Africans suffer real hardship through lack of employment and restrictions imposed upon them in entering urban areas for employment purposes. Work offered in rural areas is unremunerative; wages offered being far below what is required to maintain a family.

Hundreds of Africans are being deported from urban centres to their homes which they left because of stark starvation, lack of employment or meagre wages. They are being sent back, and not offered anything to help them through.

The country's harsh laws have turned many into tax defaulters, law-breakers and criminals. It is a pity that Africans are being led to live a wild life on account of the multiplicity of laws hedged around them; laws made without the Africans' consultation, laws which Africans do not even understand. Africans have contributed their share towards this country's progress, why thank them in this manner?

### In Defence Of Newclare Youth League

R. M. Tunzi, Western Native Township, Johannesburg, writes: We feel we cannot allow remarks made by Mr. G. M. Pitje at the recent Transvaal African National Congress Youth League annual conference to go unchallenged. He states that Congress to-day is the Youth League. This is an injustice to Congress which is the mother of the Youth League.

On the matter of discipline in the League, he made reference to the Newclare branch, citing it as an example of lack of discipline. He did not even disclose the full facts.

Briefly, our delegate to the Bloemfontein national conference is a youth leaguer; but he had to take instructions from the Congress branch delegating him to that conference. Mr. Pitje holds that this delegate should have listened to the Youth League conference at Bloemfontein instead!

We feel that the Youth League leadership to-day will wreck Congress. If an inquiry is made into the last Congress general elections, we feel that with all facts disclosed, the elections will be found null and void. On behalf of our branch, we pay tribute to Dr. Xuma for his courageous stand, and we still insist that he should lead.

### IN BRIEF EDUCATION FOR CHIEFS' SONS

J. G. Moruti, Duivelskloof: The Government should compel chiefs and headmen to educate their sons in preparation for their future role as leaders. It is difficult for an uneducated person to-day to rule over people; he himself would not even know the laws of the country.

### HABITUAL DRUNKENNESS

Bonjamin Mathlare, Potchefstroom: African youths career at full speed along the road to ruin as the result of drunkenness. A race whose youths are inebriated has very slender chances of development. For the youths themselves, the future offers gloomy prospects. As long as drunkenness is the main concern of our youths, so long shall crime be master.

Mr. T. De Witt, of Heilbron in the Orange Free State has patented a device enabling any petrol motor to be converted to use power paraffin.

Preliminary specifications were published in the Government Gazette of March 10 and the device was on display at the Heilbron agricultural show two weeks ago. Many motor firms in this country and overseas are interested in this device as the cost of power paraffin is half that of petrol.

Backache better?

Yes, I'm a changed woman!

Yes! Her backache's better because her kidneys are better. And her kidneys are better because she has taken a medicine specially made to restore tired kidneys to healthy activity—De Witt's Pills. It is when the kidneys become slack and sluggish that trouble follows. Impurities that should have been banished from the body are allowed to remain. These circulate and settle in the system to set up all sorts of distressing symptoms. So get those kidneys right again—and use the right medicine for the purpose.

**WORLD CHIEF GUIDE AT DIAMOND FIELDS RALLY**

From Our Guiding Correspondent

**KIMBERLEY.**—"I feel certain that you are all going to grow up to be thoughtful for others; to be useful and kind because this is what guides all over the world are working for," Lady Baden Powell, World Chief Guide, told a gathering of African guides and Sunbeams of the Diamond Fields Division here recently.

The guides on parade included many who came from distant parts of the division, to meet their Chief at the Gore Browne Training School.

Lady Baden Powell said that the last time she visited Kimberley, she saw very few African guides but was now thrilled to see how the movement had

grown in the past eighteen years.

She reminded the guides that they were part of a world family of 2,000,000 guides who, like themselves, were trying hard to uphold the Guide Laws as well as to maintain the great name guides had won over the years.

**PURPOSE OF VISIT**

Shaking hands with each of the guides who formed a guard of honour, Lady Baden Powell said that the object of her visit was to encourage each individual guide. She took the salute at a march past and later met the Sunbeams whom she also addressed.

At a presentation ceremony, Miss Mogge was awarded the Medal of Merit—a high award—in recognition of her services for many years among African guides.

Later, in the evening, Lady Baden Powell met European and African Guides in the Guide Hall, at an informal gathering. Here she gave a talk on guiding in many places she has visited.

The World Chief Guide reminded her audience that in guiding, they had a weapon with which to fight the forces of evil so strong in the world to-day. She exhorted those present to gather other young women into the Guides' fold.

Among officers on parade were Mrs Bayly Cole, Guide Deputy Chief Commissioner for South Africa; Mrs R. C. Elliot, Guides' Divisional Commissioner for the Diamond Fields Division; Captains Mrs Mkuhl, from Barkly West; Mrs Segale from De Aar; Miss Septem from Hopetown; Miss Mangqalaza, Tiger Kloof; Misses Goafodi se, Molokoane and Moholon from Kuruman.

All Captains accompanied their teams.

**DOMESTIC TOPICS**

Last week, two correspondents discussed topics of interest to African women. This week, a correspondent deals with the subject of marriage, showing the role of husband and wife; another chides those women and girls who take delight in shouting at the top of their voices and a third gives advice on visiting the sick.

**MAN IS WOMAN'S BOSS**

A Bethlehem reader, D. H. P. Mopeli, discussing marriage in the light of the relationship between man and woman has this to say: The African husband is watching with grave concern the decaying and vanishing traditional rights of the old patriarch.

The advent and advance of western civilisation and education seem to bring about this regrettable transition in our domestic circles, where the wife clamours for equality. Equal educational opportunities, equal intellectual attributes or even an equal financial status have failed and still will fail to grant women an equal footing with their husbands in the domestic arena—the home.

Man has been appointed "head" of the family. Let the wife know that the husband is her king. It is through realisation of this fact that the old patriarch achieved lasting happiness in the home. But because this is being disregarded, many families today find themselves ruined.

The husband should always be called upon to sanction domestic affairs; he must remain worthy of this regal prerogative; must ever guard his status; he must remain the guiding factor, the leader and protector, so that the wife may turn to him as naturally and eagerly as the sun-flower turns to the sun.

**WOMEN URGE STEPS TO IMPROVE RACE RELATIONS**

At a recent general meeting of the Cape Town Branch of the National Council of Women of South Africa, the following resolution, proposed by Mrs. Jessie Hertslet, was passed unanimously:

"The Cape Town Branch resolves to suggest the following action throughout the country in view of the grave and increasingly dangerous tension between white and black;

- (a) all members make themselves acquainted with the personal life and circumstances of any African in their employ, or whom they know, with a view to aiding them in their problems as far as possible;
- (b) all members train their own families to treat Africans with courtesy, to respect, study and assist them;
- (c) members to make a point of helping in night schools, or any form of African welfare, and encouraging their families to do the same.
- (d) all members aim in every way at giving sympathetic understanding to Africans and learning the truth about their lives and almost overwhelming difficulties."

**On What Lines Should Children Be Brought Up?**

This is a hard question but here are some suggestions on how to do the job, handed out by the Department of Christian Education.

- 1. By so living that children will respect and trust parents.
- 2. By developing the principles of democracy in the home.
- 3. By keeping the confidence of the growing children.
- 4. By giving the children responsibilities and seeing that they fulfil their obligations.
- 5. By practising Christ's methods of understanding and forgiveness.
- 6. By going to Church with your children.
- 7. By talking in the family circle of your beliefs and convictions.
- 8. By example and teaching in developing a philosophy of life worth while, worth living and dying for; faith in Jesus Christ.

**THINGS TO REMEMBER**

the habit of talking aloud, across the streets to their neighbours. She says: I wish those African women and girls who talk in loud tones, across the streets, in public places and elsewhere where they should not, would pause a moment to think of this bad habit. We do not live in the wilds, nor are we wild animals. It is unbecoming for women to shout at the top of the voice. In fact, some of the conversation forced upon us by these human broadcasting machines is unseemly.

**VISITING THE SICK**

Another reader, "Jocelyn" of Newclare, thinks that Africans should adopt a more sensible attitude when they visit patients in hospital or at home.

"To wear a solemn look on the face, and to approach a sick person with a worried look on the face, showing signs of deep distress, is no help to that sick person," she writes.

"Jocelyn" thinks it is more to the patient's advantage if visitors refrained from saying: "Oh, how pale you look; you are becoming thinner and thinner," or even "you look very ill; you show no sign of improvement; you must be suffering from great pain."

This, "Jocelyn" says, merely serves to depress the sick person and help to hold back progress toward recovery. "Jocelyn" thinks it would be better, even if the patient is really ill, to be cheerful and also to cheer the patient.

# VEREENIGING STUDENTS LOSE INTER-SCHOOL COMPETITION AGAINST STOFBERG

By JOSIAH KHONGOANA

Stofberg Training College met Vereeniging Secondary School on March 18, when they played their first competition this year. The Stofberg girls were a better side by winning all the matches. The "B" division (Basketball) ended in favour of Stofberg 12-11. That of the "A" was very interesting the score being 23-9 in favour of Stofberg.

Among the Stofberg players "Pepsi Cola" and "Excellent Jumper" played exceedingly well. Stofberg 3, Vereeniging 1.

Football "B" division Stofberg defeated their opponents after a strenuous struggle. The score was 3-1.

The "A" division match took place in the afternoon after a shower of rain, and the field was slippery, that both players did less than it was expected of them.

Nevertheless the Secondary School boys were fast and when the whistle blew for half-time, the score was 3-1 in their favour.

After half time Stofberg boys surprised their opponents and spectators when they scored 4 goals in succession. The game ended in favour of Stofberg 8-6.

The "B" division of Stofberg was represented by: J. Morobela (One-o-one), Z. Khele (Washata), J. Xulu (Terror), N. Mateane (Tiny Kid), I. Skosana (Jelly Basin), R. Monye (Take and bury), A. Monei (Girls are willing), J. Direko (Makhoa-a-a), B. Pitso (Mississippi), and D. Ditopo (Safety Bank).

The Vereeniging "A" division was represented by the following: Mr. Thebe "Europe", Mr. Kubheka "City late Star", R. Masondo "No Peace in Germany", J. Moloko "Up and Down", D. Matsepe "Jupiter", P. Molebo "Bread and Butter", J. Molebo "Daily Bread", R. Tihapane "A-r-a-a", P. Mofokeng "Blue Peter", and Ditopo "Safety Bank."

Due to the bad weather the tennis matches could not be continued but Vereeniging had won half the match leading by 2 games.

## Has The S.A. Cricket Board Forgotten Last Year's Decision?

According to a circular distributed to all provinces last year, the South African Bantu Cricket Board will hold its meeting at Bloemfontein during Easter Holidays. The provinces should attend this meeting if there has been no change.

The Executive Body of the South African Bantu Cricket Board is dead-alive for there is nothing since then circularised to various provinces to keep them abreast with the functions and aims of the South African Bantu Cricket Board with regard to the Tournament rumoured to be held in Cape Town this year.

The governing body of the South African Bantu Cricket is composed of men well over sixty years and, to my opinion, they have had their innings and should see to it that this meeting is called or resign to serve on the Board. There are young men all over the Union who, I think, are fit to be sent as delegates, should this meeting take place.

From information available the South African Bantu Cricket Board has not been in existence for a long time and now it is fast heading for its death.

## KLERKSDORP SOCCER

The Klerksdorp Soccer team is busy drawing plans for the new season. In their opening match against Afrikaner Mine, they put up a good show to beat the visitors 4-2. "Hats Off" to Masern. By Larry Jac Benjamin.

## FREE STATE SPORT

**African Football Association:** It is the intention of the Free State mines to affiliate as a district this year. The entry of this centre will provide strong opposition to the leading district in the Northern zone. There may be one other district coming in too.

In view of increased districts, the Free State executive could well start its inter-district competitions early and also to give the Free State team practices before the inter-provincial matches.

**S.A. Golf Open:** The South African Non-European Open Golf Tournament will be held at Bloemfontein on April 9-10 this year, over 72 holes. The venue of play is Humewood Golf Course.

**Entry Fees**  
£1. is. per player closes on April 1. An additional 10/6d. will be paid for late entries. £2 per provincial team.

**General Meeting:** Unions are asked to send two delegates to the meeting, which will be held on April 8. For further correspondence contact: Secretary, 4020 Bochabela Location, Bloemfontein. —By "Fulcrum"

Our picture shows Mr. Dan R. Twala, manager of the Bantu Sports Club. Mr. Twala has done great work in the promotion of sport in Johannesburg particularly at the B.S.C. The B.S.C. has a record affiliation of not less than 100 clubs under its control.

Mr. Twala, is also secretary of the South Africa African Football Association, which supervises the fixtures of the coveted Moroka-Baloyi Cup. When this picture was taken, Dan was busy drawing up the fixtures for which the country is anxiously waiting.

## Modder East Win By 14 Runs Against Brakpan Blitz

By C. D. Msikinya

## Attractive Supporting Bouts On Wally Thomson-Young Hussein Fighting Programme

By "THUNDERBOLT"  
Mr. Nat Moodley who has been responsible for promoting top-notchers in the non-European boxing tournaments in South Africa during the recent years, has left no stone unturned in completing his ambitions and an attractive programme which will be staged on March 31 in the Durban City Hall.

The main bout is between Wally Thomson, S.A. non-European welterweight champion, who was outpointed last month by the middleweight champion, Jolting Joe, meets Young Hussein, who also beat Thomson on points last year. Thomson is equally confident that he will reverse the previous decision to retain his title.

Some fight fans predict that the meeting of the two will be a dull affair, although I am almost certain that if Thomson lands one of those disastrous uppercuts, they will send the challenger to the boards for a full count. The next important fight is between Speedy Banded and Rocky Ramiah, who is hailed by Benny Singh to be the future lightweight champion. "Speedy" is a bright prospect from the popular Elias Abraham's stable, and is not allowing himself to go rusty this time. Another bright boy from Abraham's stable is Pancho Villa who meets Alby Tissong, the game pulkey, and hard hitting Durbanite. Pancho has an impressive record. This being the case he will not leave any bones to give Tissong a boxing lesson. Mr. Moodley's top-notchers will be supported with bouts between Peter Devereaux vs. Fareed Sheikh, and Lingam Pillay vs. Seymour Gillot.

## EXCITING MATCH BETWEEN SPRINGS MINE C.C. AND BENONI AFRICANS 'A' C.C. ENDS IN A DRAW

All communications are to be addressed to: The Secretary, W.D.A.L.T. Association, P.O. Box 228, Germiston.

G. Sulupha and P. Talbot opened the innings under the bowling of N. Myeha and Ngelwane, (the Benoni shock bowlers). When the score was 48 for no wicket B. Qupe was brought in for N. Myeha, when he scuttled P. Talbot's wicket with the first ball in his first over.

The Benoni African's attack was so effective that at lunch time Springs Mine were 151 for 9 wickets.

After lunch they chose not to bat again as rain was threatening. Benoni Africans went in to bat facing the bowling of R. Sulupha and N. Mankai (Capt.) and were all out for only 60 runs.

Spring Mine went in to bat again and were all out for 96. In their 2nd innings Benoni Africans scored 23 for 2 wickets. Chief bowlers were B. Qupe 8-0-6-48 1st innings, 5-0-4-33. 2nd innings. W. Ngelwane 11-0-4-63 and 6-0-6-30 runs respectively.

Dear Sirs, P.O. Deventer, O.F.S. Owing to the good results obtained from "ASPRO" in our home, I feel obliged to tell you about it. I always suffered from a dull headache and nerve pain in my neck, and although I tried many remedies, not one helped me. A friend then advised me to take "ASPRO" and after the second dose I felt quite better and inclined to work. My husband has to thank "ASPRO" for his good health; it was the only thing that did any good for his sciatica; even the most stubborn attacks have been relieved by the use of "ASPRO". Our little son, who suffered from high fever and headache since a baby, has been soothed and helped by "ASPRO". Since 1933 "ASPRO" has been our best household remedy, and not a day passes that we do not make use of it. Yours faithfully, H. S. HENNING (Mrs.).

**Chief Donates Money Towards Tribal Brass Band Purchase**

**MOLSGAT.**—Worried by the incidence of juvenile delinquency which steadily but disastrously lays its evil hands on rural and unschooled young minds, Chief Mphahlele, to counter this influence, has donated two hundred pounds to wards the purchase of a brass band for his tribe.

This will be used for entertainment of scholars. The band itself costs about £350; the tribe to a man has agreed to find the remaining £150.

Happy and exciting times are in store for the young players as it is intended to hand over the instruments to scholars. Happy parents of the lucky scholars selected for the band will watch with delight their children perform under the baton of a former Lovedale Institution bandmaster, Mr. B. R. Ntuli.

**Ravages of Drought**

Drought has made it almost impossible for livestock to hold out till the next rain season. That being so, Chief Mphahlele, with the welfare of his people always closely at heart, has advised them to sell their stock before further deterioration in condition sets in.

Matsobane Boys' Hostel inmates held a concert in the Stuartville Church Hall, a fair sum being realised. This the boys will use to purchase sports equipment. Another concert was held in the Methodist Church Hall, but because the concert took place during the day, not much was raised. # GOOD BOXING BETWEEN S'TOWN AND GERMISTON YOUTHS

(By "A. X.")

An inter-club boxing tournament between Germiston and Sophiatown boys was held at the Turton Hall, Germiston on Saturday night, March 25. Of the 16 fights, the visiting team won 10, lost 5 and drew one. The bouts were thrilling with some of the boxers showing talent. The results:

### Mosquito weight

Isaiah Thubela (64) Germiston beat Caswell More (60) Sophiatown. The only draw of the day was between Silas Manana (83) Sophiatown and E. Motshabi (80) Germiston.

### Paper weight

Abe Mkwana (90) Sophiatown beat Paulos Mthoang (90) Germiston. Zacharia Ntandi (104) Germiston, a promising South African prospect, the "Baby Face Killer" aroused sensation when he won in round one against Alfred Modikwe (103). Sophiatown who was no match for his opponent. Modikwe was saved by the gong and was not in a position to fight in the second round. Rinty Thijs (100) Sophiatown deservedly won on points against Daniel Tlaku (103) Germiston. Rinty needs to add more power to his punch.

### Flyweight

Sam Modikwe (112) Sophiatown beat Jacob Mashigo (114) Germiston. Jarius Mabe (119) Sophiatown beat Absalom Nkuta (121) Germiston. Michael Nkuta (119) Sophiatown beat Richard Mabusa (120) Germiston, early in the first round Isaac Manale (121) Sophiatown knocked-out Aaron Gumede (124) Germiston in the third and last round.

### Lightweight

Ruben Mosebi (131) Sophiatown beat Jokey Theku (130) Germiston. "King Berry" Sehume (135) lost on points to Johannes Mahlangu (130) Germiston.

### Welterweight

Cuban Hoek (139) Sophiatown beat Johannes Ndlovu (137) Germiston. One Eye (146) Sophiatown beat Israel Khambule (146) Germiston. The fight between Aaron Magangane (135) Germiston—winner and Edwin Mazibuko (134) Sophiatown was characterised by a continuous battery of blows. Edwin was sent through the ropes in round two. His opponent was out for a "kill". Edwin was groggy at the end of the third round. He lost on points.

### Middleweight

John "Skipper" Bareki (152) Germiston beat Johnnie Radebe (152) Sophiatown. "Skipper," a playboy puzzled his opponent who often missed with mistimed blows. John is more of a sensationalist than a boxer.

### Lightheavy weight

Leonard Mafoka (166) Germiston beat Poto Poto (166) Sophiatown.

### Baby Batter Attends

Baby Batter, Mr. Willie Mbata, the S.A. ex-welterweight champion was introduced amid cheering. He said that he was pleased to see the interest shown in boxing to-day. In his days, when

they started boxing "they did not know the ring." He made this comment in connection with the thoughtful gesture of the Germiston Council in providing the new ring. What is now needed are new ropes. King Marshall, who claims the S.A. heavy-weight title since there is no opponent for him, was also present.

Among those introduced to the crowd were Harry Mekela and R. Samuels, Sophiatown trainers. Mr. S. G. Mziwa was announcer.

Matloilo, vice chairman P. Prippolie, secretary S. Kubhaka, vice secretary M. Malote, treasurer J. P. Steven; Steven Mafida, Victor Mangale and Dan Nkabinde are members of the Committee.

On March 25 the committee held a meeting at which it was declared that April 16 will be the closing date for the B.S.C. Open Championships' entries now open.

## Tennis Gossip From Far And Near

Martin Molefe (Hop 'O My Thumb), the Transvaal small hard-hitter, is going to Bloemfontein during the Easter holidays to compete in the Free State Open Championships.

The absence of H. Makhofoane and C. Mogodi, who are now in the Transvaal, and M. Nhlapo's inability to go to the Free State leaves the singles and doubles titles vulnerable targets for the youthful Martin to score his first major success in senior tennis.

Other T.V. stars who contemplate accompanying Martin are: G. G. Xorile, the veteran ex-king of Bantu tennis; S. Tholeing, the hefty young Wilberforce star with a powerful backhand; and D. Sebelela, one of the West Rand top liners.

The British Bechuanaland tennis enthusiasts will have the opportunity of seeing the S.A. Bantu champions in action during the Easter holidays when the Orlando tennis club sends out one of the most powerful individual club teams over, to play against Bechuanaland combined at Tiger Kloof and Vryburg from Friday April 7, till Sunday the 9th.

The team will be composed of: R. D. Molefe (captain), G. A. Kgomomo, M. Nhlapo, H. Makhofoane, L. J. Nkosi, J. C. Moloi, D. Nkabinde, and S. Zondo. Women: Mesdames, E. Makhudu, M. Mofokeng, L. Abrahams, and S. Jacobs.

Mr. M. Docrat, one of the leading Indian tennis stars in Johannesburg, is contemplating on going on a tennis tour overseas. He hopes to reach England in time for the preliminary tournaments in which those desirous of competing in the World Amateur Championships, held annually at Wimbledon may qualify.

The first non-European ever to play at Wimbledon from South Africa was David Samaai, the S.A. Coloured champion, who succeeded in qualifying for the coveted honour of competing with the world's best.

There is a growing feeling among all sections of the non-European tennis followers that it was time something was done about the formation of a fully representative non-European tennis union. It would then be the duty of such a body to stage a non-European open championships so that those who emerge winners will be truly the South Africa Non-European champions.

Cricket and soccer have already taken the lead in this direction by running annual inter-race tournaments which are always forward to with much enthusiasm.

The venue for the next S.A. Bantu tournament is not yet known. I understand that so far no province has extended an invitation to the South Africa Board, as has been customary. This fact has embarrassed the S.A. officials on whose shoulders now falls the task of determining where and when the 1950 tournament shall be staged. My guess is Bloemfontein or Johannesburg.—By Sebataladi.

## Will Softball Become Popular?

Unlike the American Negroes the Africans take very little interest in softball. We are not surprised because it is a new game to most of us. A few people who have been attending practices are now acquainted with the game and they play it well.

To give the public a fair chance of drawing sound conclusions about the games, the newly formed association has drawn up competition fixtures beginning on April 3 to which people are invited. "Seeing is believing".

These are the fixtures: Bababaza
