It is demonstration of the determination of the Botha government to go ahead with its divisive plans. This government has shown clearly that it is not prepared to heed the voice of the majority.

We reiterate our position on the Koornhof bills that they simply are mechanism of control calculated to isolate the Africans majority for increased forms of repression.

The Black Development Bill does not represent any progress. It is an expression of lack of democracy and divisive machanism of the Apartheid government. They are tied to the most hated cocept of autonomy of urban communities under the notorious Black local Authorities.

The fact that the government seem to be determined to go ahead with its plans despite opposition shown during the boycott campaigns againstthe Black local Authorities is more reason for our opposition to be intensified.
