HEAD NO. 18. VETERINARY. (Continued)

Item 2. Allowances: Increase £589.

The increase is due to :-

(a) Additional provision of £229 to provide for Acting Allowances for officers who will be required to act for the Director, Deputy Director and Senior Veterinary Officers due to overseas leaves during 1959/60 of the Director and Deputy Director.

(b) Additional provision of £360 under Bechuanaland Protectorate, Cost of Living, Education and Local Allowances necessary because of increases of staff referred to under Item 1, General, above and because of changes in postings, marital status and eligibility of children for Education Allowance, of present staff.

SUBHEAD B. DISEASE CONTROL.

Item 4. Maintenance of Quarantines: Fences; and Crushes: Increase £1,000.

The increase is due to the fact that disease control and the necessity for frequent and, therefore, speedy inspections of Protectorate livestock have made the erection of large numbers of crushes throughout the Protectorate necessary. These crushes, because of the frequency of their use in the control of large numbers of half wild beef cattle, suffer severely, and the additional £1,000 is very necessary to carry out essential maintenance.

travelling which will result from bringing the establishment up to strength, vide remarks under Subhead A, Personal Emoluments, item 1 General, above.

Item 2. Animals: Increase £400.

The increase is due to

- (a) the necessity for boarding and replacing transport and patrol animals which it is considered will be incapable of further adequate work in 1959/60;
- (b) the desired purchase of additional horses, mules, donkeys and patrol camels, vide remarks under Subhead A Personal Emoluments, Item 3 Temporary Assistance above;
- (c) previous underestimation of the sum required for animal rations, and provision for additional animals to be acquired (see (b) above).

Item 3. Vehicular Transport: Increase £5,000.

The increase under sub-item (a) Motor Vehicles is due to anticipation that eleven of the Force vehicles will probably become unserviceable due to age and will be due for boarding in 1959/60. Provision is made for at least half the number of 1½-ton Bedford diesel trucks to replace them.

Ghanzi. It is intended to do this as soon as possible, and provision is being made for the necessary office accommodation. If the officer stationed in Ghanzi is to perform his work in the field adequately, he will require a clerk to assist with the necessary paper work. The Veterinary Research Officer (see sub-paragraph (a) above) will also require clerical assistance. Provision is made under Colonial Development and Welfare Scheme D.3047, Development of Veterinary Services, and R.907, Veterinary Investigational Laboratory.

(f) 1 Mechanic, Grade I. The post, provided for in Colonial Development and Welfare Scheme, R.907, Veterinary Investigational Laboratory, is required for the maintenance of the vehicles, power house, cold room, and other mechanical property of the Veterinary Investigational Laboratory.

(g) 1 Motor Driver, Grade II. The post provided for in Colonial Development and Welfare Scheme R.907, Veterinary Investigational Laboratory, is required for the driving of motor vehicles purchased under the scheme, in order that the Investigational Laboratory may, in order to carry out its functions, remain independent of the needs of the remainder of the Veterinary Department.
