North African Campaign Virtually At An End

Enemy Remnants Bottled Up In Cape Bon

WITH THE SUDDEN AND DRAMATIC FALL OF TUNIS AND BIZERTA LAST FRIDAY WEEK AND THE SUBSEQUENT FLIGHT OF REMNANTS OF ENEMY FORCES INTO THE CAPE BON PENINSULA MORE THAN HALF OF WHICH HAS ALREADY FALLEN INTO ALLIED HANDS, THE CAMPAIGN IN NORTH AFRICA IS VIRTUALLY AT AN END. THE CAPTURE OF OVER 50,000 PRISONERS, WITH CONSIDERABLY MORE STILL COMING IN, HAS BEEN ANNOUNCED. ALLIED FORCES ARE NOW ENGAGED IN MOPPING UP OPERATIONS AGAINST WHAT ORGANISED RESISTANCE THERE STILL IS BY THE AXIS REMNANTS BOTTLED UP IN THE CAPE BON PENINSULA. THEY ARE SUBJECTED TO TERRIFIC STRAFING BY ALLIED BOMBERS AND NAVAL UNITS.

Enemy Resistance Collapsing

The latest reports say that the Allies have advanced 18 miles up the eastern coast of the Cape Bon peninsula from Hammamet and have mopped up isolated pockets. It is officially announced at Allied Headquarters, that Axis resistance on the Cape Bon peninsula is collapsing, and that the number of prisoners is increasing hourly. The German forces in the Zaghouan mountains in Tunisia have asked for armistice terms, said a French communique. The French Command has demanded unconditional surrender and the handing over of all war material. Tired and hungry groups of Germans facing the French are moving towards the French lines after blowing up their ammunition and destroying their guns. This followed the French demand for unconditional surrender. The Berlin radio military commentator, referring to the defenders in the Zaghouan Mountains and the Cape Bon peninsula, said: "It can only be a question of a very short time before they, too, will have spent their last ammunition, since the blockade of the peninsula by Allied sea and air forces is complete and excludes all possibility of supplying the Axis forces." More than 100,000 prisoners have been captured, according to a spokesman at Allied Headquarters, who said that not all the prisoners have yet been counted. A dispatch from Reuter's correspondent said that the British First Army's tanks, guns and infantry have delivered what will prove to be the death blow to the Axis armies in North Africa. Driving south-east from their positions at Hammam Lif and south from Creteville, the British armour crashed through to the southern coast of the Cape Bon peninsula and entered Hammamet which lies 25 miles north-east of Enfidaville, the Eighth Army's old front. The bolt was thus drawn across the neck of the peninsula, bottling up the Axis forces still holding out there. At the same time the German and Italian troops facing the advancing French and the Eighth Army in the mountains south-west of the peninsula were completely cut off. Among the thousands of prisoners already taken were 600 infantrymen of the crack Hermann Goering Jaeger Battalion. Confusion reigns over the entire German front and the end cannot now be long delayed. Great fires were raging on the Cape Bon peninsula, and it seemed that the Germans were burning their dumps in the full realisation that the war in North Africa is rapidly nearing its end. They have apparently abandoned the idea of any attempt at organised evacuation.

BURNING MATERIAL
Algiers radio said that the Allies captured 20,000 prisoners at the entrance to Cape Bon peninsula. All the roads were strewn with burning German war material. An Allied Headquarters' spokesman said that the Axis forces have been surprised and demoralised by the rapidity of the advance. They left enormous quantities of material behind.

Russians Increasing Threat To Novorossisk

After capturing Krymskaya in the Kuban last week the Russians struck both north and west of the town and succeeded in cutting the enemy's defences in two. They are now gradually widening the breach despite desperate German resistance. Bitter fighting is reported in the suburbs north-east of Novorossisk, an important port on the Sea of Azov, and in spite of German reinforcements the Russians are steadily pushing the enemy before them. The Kuban remains for the moment the only theatre in which heavy land fighting is in progress, and here, according to the United-Press, Soviet big guns north-east of Novorossisk have begun the systematic destruction of concrete emplacements and pillboxes deep in the German line defending the port. Soviet infantry have penetrated the blasted area and occupied the important hill. German artillery has been very active in an attempt to neutralise the Soviet bombardment. The German news agency reported more Soviet landings behind the Axis positions in the Kuban, and said that German airmen had seen large Soviet forces being regrouped behind the whole front, particularly in the area of the Kuban bridgehead. The United Press reports continued

fighting in the Lisichansk sector of the Donets Basin, where the Germans, in a tank and infantry attack, failed to recover lost positions. **OREL OFFENSIVE IMMINENT** While Soviet heavy artillery pounds the German defences at these approaches to the great Kuban port off Novorossisk, observers in Moscow expect the Russian Army to launch an offensive in the Orel sector, south of Moscow, any day now. Soviet long-range bombers have been hammering at this key sector of the German salient apparently "softening" it for land attacks. The German garrison inside Orel now has at best only very lame railway communications with other key points. Bryansk, the important German base west of Orel, has been attacked on nine successive days in the last

JAPS RAID NORTH AUSTRALIA

A second Japanese air attack on the Millingimbi settlement in Northern Australia is reported from Allied Headquarters. South-West Pacific, which states that a strafing attack was made by nine fighters, which caused slight damage. Allied intercepting fighters shot down three Japanese planes out of action and damaged two others for the loss of one plane. Two Japanese float planes carried out a harmless raid on Mapiipost, in Dutch New Guinea. Another harmless attack on Milne Bay—was made by two enemy planes under cover of darkness. The communique also records more widespread attacks on Japanese installations. A successful night raid on the aerodrome and wharf areas at Babo, Dutch New Guinea, was made by medium bombers. Three Japanese planes on the ground were destroyed by bombing.

NEW GUINEA RAIDS

In the New Guinea sector the town of Finschaven was bombed by a heavy unit, and another bombed the Salamana aerodrome. Attack planes bombed and strafed Japanese installations on the Lae Isthmus. Allied ground forces repulsed an early morning attack on their positions south of Green's Hill, in the Mubo area. ten days and at the same time the Soviet air offensive is systematically disorganising the four main railways leading to Orel. Three big attacks were made early in the week on the line running north-east from Orel towards Tula and Moscow, and two heavy attacks were made on the south-eastern link with the Kursk sector.

JOHANNESBURG S.P.C.A.

The records of the Johannesburg Society for the Prevention of Cruelty to Animals for April show that reports of cruelty were investigated, 362 warnings were issued for minor acts of cruelty, and 309 verbal warnings were given. The Motor Ambulances covered a distance of 3004 miles in collection of injured and unwanted animals. 417 cats, 168 dogs, 8 horses, and 1 cow were humanely destroyed. CLINIC: 102 dogs, 8 cats, 39 horses, 10 mules and 1 monkey received treatment at the Clinic. Ten dogs and two cats, were detained for further treatment. It should be noted that the Clinic is open for the treatment of animals belonging to persons who cannot afford to pay for veterinary attention. The hours are as follows: Daily, Mondays, Wednesdays and Fridays 4 p.m. to 6 p.m.; Tuesdays and Thursdays 2 p.m. to 4 p.m.; Saturday mornings 10 a.m. to 12 noon. It should be noted also that the Society does not collect STRAY DOGS unless they have been injured,—that treatment is only given to those who are unable to pay for veterinary attention—and that all animals for treatment must be brought to the Clinic. Owing to war time conditions the Society can only collect animals, for destruction, on certain days.

HESS "SECURITIES"

Mr. Anthony Eden, the Foreign Secretary, was asked in the House of Commons on Tuesday "whether the securities worth £15,000 that Rudolph Hess had when he landed in Scotland were being used to pay for his keep and that of his family now in Britain." Mr. Eden said that the questioner was misinformed, adding: "Hess brought no British securities, nor is any member of his family in Britain." Asked if Hess is still a prisoner in Britain, Mr. Eden, amid cheers, replied: "He is still confined under the same conditions as before." Replying to a supplementary question, Mr. Eden added that all the money Hess brought to Britain was a few mark notes.

TOWARDS IMPROVEMENTS
Anything for an improved social and educational life seems to be the ideal of the African Domestic Servants and Cultural Club. Besides housing important African National Congress meetings, night school classes have opened. Socials are given where prominent people speak, and well-known artists. They are quietly eliminating second and third rates but substituting the best class dance bands like the Jazz Maniacs and Sonny's Jazz Revellers.

THE PITY OF IT
While really appreciating progressive steps, as instituted by the Club, you would be staggered to know how little the top-notch bands are appreciated in this place by the majority of fans. The Jazz Revellers are an exception.

REASONS FOR THIS
It seems there are two reasons for this unhappy state of affairs—firstly, the colossal ignorance of the majority as regards "swing music;" secondly, most people who frequent this Club are members of dancing clubs; a clique that dances only to straight ballroom music and not "jive."

A NEW DANCE BAND
The Syaco Down Beats Band has fallen in line with all our bands—it has disbanded and lost some fine instrumentalists, who have formed themselves into a jazz band the Merry Magical Jazz Band under David Nkwana.

They will make their debut on May 24 and 31 at the Bantu Men's Social Centre, in which function the Merry Blackbirds and Jazz Maniacs will play.

BANTU FILMLETS
Certain film studios in this city are taking shots of some Bantu actors, and those we have seen in our theatres are really poor stuff by poor artists. This can be rightly called indiscriminate filming with little regard to status.

WRONG IMPRESSION
These poor shots give theatre-goers the wrong impression that these poor artists shown are among our best and that is why they are featured. We thank film companies for this generosity but it is not an honour to Bantus.

WORD TO ARTISTS
It may be good publicity to have your shot or filmlet shown but to be shown at your poorest is in the vast majority of cases to make a laughing stock of yourself and your people. If you are not up-to-date with your job, do not accept the invitation of a studio.

NAVY FUND
It is gratifying to state that poor as the Bantu are, they have contributed to the war effort. On May 1, at the Bantu Sports Club, a grand concert was staged to raise funds for the Navy Week. Despite the inclemency of the weather, the concert was warmly patronised. The following choirs performed: Red Lions, L.T.D., 5 Roses, Home Lads, Welcome Boys, Let Us Go, Pick Up and Wireless A.

CONGRESS WANTED KNOWN

The Editor,
Please allow me space to reply to Mr. P. J. Moguerane about the Congress in his article which appeared in the "Bantu World" of April 17.
Mr. Moguerane appeals to youth and members of the African Race to roll up and become bona-fide and staunch members of our Congress. We all or most of us wish to be members of the Congress. But we do not know HOW to enrol.
The writer has been interviewed by more than half a dozen people who really wanted to know more about the Congress and therefore enrol. I was entirely empty of facts to satisfy these

BRINGING LIGHT TO VENDALAND

(By E. M. Mutshekwa)

Thengwe people welcome the coming of Nurse Ch. Ravhuanzwo, recently married to the head teacher Mr. M. H. Ravhuanzwo, of Lukau School in the Thengwe area. Nurse Ch. Ravhuanzwo is transferred from Georgenholtz Clinic and she is beginning a new clinic here at Thengwe.

Many friends, well-wishers and admirers of Vandaland will be pleased to hear of this Health event in Vandaland. It is a great boon to the five schools in this area because school going children will be helped against malaria fever, wounds and other tropical diseases free.

We all hope our district nurse will at once get used to all people, find herself at home here, and also make a deep study of our people so as to lessen the three evils in Vandaland, namely: idleness, superstition and ignorance.

The success of this clinic depends largely on the interest of chiefs, teachers, storekeepers and malaria assistants.

We then implore these enlightened people to work hand-in-hand with the Nurse in order to make those who are ignorant realise this gift from the Department of Health.

Above all we congratulate and thank Dr. R. D. Aitken for his efforts to improve Vandaland and his co-operation with chiefs, missionaries and teachers and for this clinic we are very proud of him and hope more clinics will be opened by him in various parts of Vandaland.

Pretoria Riot Put In Proper Perspective

The judicial commission appointed to enquire into the riot in the municipal compound in Pretoria West on December 28, 1942 has made a thorough-going and satisfying report on that unfortunate episode. Indeed, the commissioners have put the facts of the incident in their proper perspective, and the logic of their recommendations cannot be escaped even by a most prejudiced person.

The report unmistakably points out three outstanding contributory factors in the riot—the municipal workers' feeling of discontent which amounted to something like suppressed mutiny arising out of bad living conditions, the municipal authorities' subterfuge with regard to the recommended wage increase and the absence of proper machinery (a sort of a safety valve) for bringing the grievances of the workers before the authorities which absence was due to the unorganised state of the workers and was preferred by the municipal authorities.

The first two factors can, in truth, be held as the main causes of the riot and the third as responsible for turning what might otherwise have been a non-violent strike into the tragic affair that it was. Hence the commissioners emphasised that "there does exist (and, in their view, with reason) discontent on the Natives' part at their living conditions, and that further procrastination in remedying these conditions will keep such discontent alive and a potential source of difficulty, if not of actual disorder, either by itself or as a contributing factor, in the event of some later economic disturbance between it and them." They recommend further that "the Council, possibly through its Native Affairs Committee, consider the desirability indicated by their observations regarding Native representation on town councils and the full recognition of the municipal Non-European trade unions, of approaching the Native Affairs Department of the Union Government in an endeavour to give reasonable satisfaction to the Native demand for some voice in the management of their own affairs."

Without condoning the riot the commission has considerably recommended that compensation should be paid by the Department of Defence to those Africans killed by the military troops' fire which was "neither ordered by any officer nor warranted during the riot, and rightly points out that there was no provision in the Union Military Code laying down the duties of officers commanding military units called on to help in the suppression of civil disorders. For our part, we cannot countenance the use of military troops in any case of purely civil disorder when the police force is or should be there for that kind of work.

In short, it is to be hoped that the condemnations and recommendations of the commissioners will be accorded the consideration they deserve not only by those primarily concerned but also others dealing with African workers.

The 15th Annual Conference Of N.W.D.T.U

(By R. S. Gaoepe)

The 15th Annual Conference of the North Western District, Teachers' Union was held at Warrenton (Berlin Mission) for three days from the 29th March to the 31st March, 1943. About eighty delegates attended. The president, Mr. A. Monyatsi, welcomed all and wished all a happy time.

The Agenda was composed of: (a) Reports of Delegates from S.A.T.A.; Delegates at the Bechuanaland and Griqualand West Advisory Committee and Branch Secretaries' Reports.

(b) Motions to (i) the S.A.T.A. (ii) B.A.G.W.A.C. (iii) M.R.C.'s

PRESIDENTIAL ADDRESS

His address was based on African Education in the Cape of Good Hope. The wonderful strides made by the early Missionaries re-African Education, were spoken of very highly in this address. The Government's great efforts in African Education, were also commended though it was felt that the officials could have accomplished far more. It was regretted that the excellent report by the Inter-Departmental Committee of Inquiry was just shelved, thus leaving the poor Africans' throats more parched than ever.

OFFICIAL OPENING

Mr. Reuben Heimer, when opening the conference, remarked that African teachers are the cream of African culture.

The Rev. Father Tindale, representative of the B.A.G.W.A.C., attended this conference for one whole day and helped much in the deliberations.

A successful reception was held on the evening of the 30th. The show was more than entertaining.

One of the most successful conferences of the Union was brought to an end on Wednesday evening.

TRIBUTE TO COL. REITZ

The Native Representative Council last Thursday week expressed the high esteem in which the Bantu population held Colonel Deneys Reitz, now the Union's High Commissioner in London, when he was Minister of Native Affairs.

An unopposed motion, proposed by Mr. Godlo, read: "This Council desires to place on record the appreciation of the African section of the population of the meritorious services rendered by Colonel Deneys Reitz to the cause of Bantu progress during his term of office as Minister of Native Affairs. The Africans learned with regret of his resignation.

"By his courageous utterances on Union Native policy and his obvious determination to see justice done to the African, he did much to restore the confidence of the African people in the Ministry of Native Affairs as a department of State, established not merely for the negative purpose of controlling the Native people, but also for their protection."

The chairman, Mr. D. L. Smit, who associated himself with the tributes paid to Colonel Reitz, said that he would send a copy of the motion and speeches to him.

At the same time he assured the members that they had a strong friend in the present Minister, Major Piet van der Byl.

NATIVE MILITARY BAND CONTEST

Native military brass bands blew to some purpose in the University grounds at Milner Park, Johannesburg, last Saturday afternoon when they competed for a silver drum presented by Colonel D. L. Smit, Secretary for Native Affairs.

The test piece was a march written by Professor P. P. Kirby, a stirring composition based on a Native song and entitled "Salane Yamakweru" (Goodbye, My People). The three competing bands played it with great vigour and zest, and when the massed bands played it again as a finale, the large Native and European audience demanded a repeat.

Welgedacht Band were the winners, and received the silver drum, a floating trophy to be held for six months, from Colonel Smit.

The runners-up were the band of the 9th Battalion, Native Military Corps, who used instruments presented to the Native people of South Africa by Queen Victoria.

Colonel E. T. Stubbs, Director of Non-European Army Services, who presided, praised the work of the Non-Europeans in the Army. The judging was done by Professor Kirby and Captain W. H. Kealey, conductor of the Permanent Force Band, who complimented the competitors, some of whom had had only about six months' training. During the inter-

Report On Pretoria Native Riots Issued

The Native riots at a Pretoria municipal compound on December 28 last, in which 16 Natives and one European soldier were killed, while a number of Natives were injured, were unorganised and unpremeditated according to the finding of the judicial commission, composed of Mr. Justice J. M. Murray, chairman, Senator W. T. Welsh and Mr. A. S. Welsh (former Attorney-General of the Transvaal), who inquired into the riots and whose report was released for publication last Saturday.

"The riots were apparently not instigated by an outside agitator and there were no antecedent indications that rioting would occur," states the report.

The Commission recommends that steps should be taken by the Pretoria City Council to improve the living conditions of its Native employees; and to promote a better relationship between the Council and its Native employees; that the Department of Defence should frame regulations to govern the use of military forces for the dispersal of riotous assemblies and the suppression of civil disorders and that compensation should be paid to Natives killed by the firing of military troops during the rioting.

Major E. W. Reeves, of the Central Army Transit Depot, is found to have committed a serious error of judgment in ordering armed troops to accompany armoured cars into action against Natives.

The Commission also finds that the police contingent under Lieut.-Colonel L. J. Verster took no part in the firing, and that no blame can be attached to the police for any steps taken in the riots or their dispersal.

The Commission finds that the shooting at the assailant of Corporal I. J. D. Coetzee, the European soldier who was killed, was justified, but that the shooting at the north side in the vicinity of the compound entrance was unwarranted and unnecessary.

CAUSE OF ANNOYANCE

The report states that the immediate cause of dissatisfaction among the Natives was annoyance that the Council, instead of immediately complying with the wage determination, had, during November and December, 1942, tried to obtain from the Minister of Labour postponement of the date (November 30, 1942) from which date an increased minimum wage became legally payable.

The Natives were also dissatisfied that the Council's previous repeated intimations to them of its intentions regarding compliance with the determination had been indefinite, and that the persons addressing the Natives were unable to explain the exact benefits conferred by the determination.

In addition to the immediate cause of discontent connected with non-payment of increased wages, it was provable that there were other antecedent factors, such as dissatisfaction on the part of the Natives, even subconsciously, with their living conditions in regard to lodging, food and lack of amenities. Such conditions were in fact unsatisfactory, the report continues.

After giving a brief history of the riots the report says that of the 16 Natives killed, 10 received their fatal wounds in the back and at least two in the side. In addition, five others were admitted to hospital suffering mainly from injuries caused by blunt instruments. Of the seven wounded, one at least had been shot in the back.

No orders to fire had been given by the Commission.

It is the recommendation of the Commission that a clear and full statement be set out in the Military Code and the Standing Instructions of the procedure to be adopted by officers when called on to render help.

It is recommended that the statement should emphasise that, except in the case of emergencies needing immediate action by the military, a senior officer of the South African Police should be consulted as to the steps to be taken. It should also state clearly the responsibilities of the officer and the private soldier, and emphasise the principle of the employment of the minimum force necessary, and the avoidance, until the last resort, of the use of firearms.

The Commission is of the opinion that firing by the members of the Central Army Transit Depot on the Natives, other than the aggressor of the late Corporal Coetzee, was not ordered by any officer nor was it warranted in the emergency.

In conclusion, the Commission states that in making these recommendations the Commission had borne in mind that the Natives were participants in an unlawful and riotous assembly.

Udushe Ngokubanzi

Iqalile imibhexesho engqongqo yentwasahlobo eRussia, noko ikakhulu udushe lusabalasele kuluhlu olungezantsi kumantla e-Caucasus. Mpela apho amaRussia kuthiwa abhexesha int' eza ngecala kwaye ngathi akusentsuku zatywala amaJamani atyhalelwe ngaphesheya kwisiqithi saseCrimea.

Kambe ezokhuselo zamaJamani apho kuthiwa asizizo nazo ukugcina ayisayi kuba ndlwan' iyanetha ukuwawumbulula apho. Iingxelo eziphuma apho zibabaza isafure seenkanunu zamaRussia nokuqava kwamagalelo ookhesho bawo. Kwamanye amahlelo angentla kuxelwa intshukumo yemikhosi nezixhobo ngasemva, kanti kuluhlu oluphambili iintlobo eziqatha zivavanyana njalo ngezinkone iintonga.

Kumantla eAfrika eTunisia lumiswe gadalala kanye utshaba olukhova kuhlehliswa ngamaMerika ngokude lulahlekelwe yidolophu yaseMateur kweduleyo iveki. Ukuwa kwaloo dolophu kubange ukuba utshaba luphantse kuqhawulwa bubini phakathi kwedolophu yaseBizerta neyaseTunis esekuphela kwazo ezizinqaba ezibalulekileyo zotshaba entla phaya.

Kungoku nje imikhosi yabaNcedani seyingqonzo ngamandla kumasango aseBizerta yaye seyisenkalweni eTunis. Iinkanunu zabo seziyidudumisela ngesafure loo dolophu yaseBizerta. Phofu utshaba lusabonakalisa umxhathiso ozimiseleyo ngenjongo zokubalibazisa kangangoko abaNcedani.

Kuluhlu olungezantsi lwe 8th Army akuxelwa nto ityhulu ngaphandle kwamagalelo aqavileyo eentlobo kwezo nduli zikhuselwe kunene. Kodwa kujongiwe ngathi akusayi kuba kudala loo mkhosi wezingqonzo ngasukang' indulumbane ukusing' eTunis.

Umoja wovukelo lotshaba ungxamele ukuthath' unyawo kwelaseYurophu. Iindaba eziphuma eBalkans kumazwe aseBulgaria, Yugoslavia, Greece njalo njalo kwanaseFransi naseHolani zixela izenzo zobugorha zabantu abanyebelela utshaba apho. Kambe amaJamani azama kangako nawo ukuwucima loo moya ngokubabamba nokubadubula "ukuziphindezela" ngabula wona. EBulgaria kwiveki eduleyo kubanjwe abantu abakuwaka elivayo ngenxa yalo moya wovukelo.

Iingxaki zotshaba eYurophu zandiswa ngokungakumbi nangenamagalelo angenanceba eebhombo zookhesho babaNcedani phezu kweedolophu zelo zwe lantwe lutshaba. Khona ngoku bamona izigede zeebhombo ezibunzima buku 4,000 lbs. inye into esno ngolwadwedwe lwentshabalala apho ithe yadubula khona. Azithotywa nganye, zithotywa ngokwesichotho. Luza kuyazi into ebeliqale ngayo utshaba ngaba madabi eebhombo.

Kwelasentshonalanga kukwa babazwa amagalelo angqongqo nangapheleni ndawo ookhesho ababaNcedani phezu kwemikhosi nezikanisi zamaJapan eAcaine ngokukodwa kwiziqithi zase-Aleutian naseNew Guinea.

EBurma phezu kwamagalelo aqavileyo ookhesho babaNcedani nemikhosi yenyawo ibambene kufutshane neyotshaba enguchalazela phambili kuluhlu lwabaNcedani. Kanti naseChina kuxelwa amadabi ashushu emoyeni nasemhlabeni. Bathimba ngokuncomekayo ookhesho beMerika kwelo zwe. Akukho kufa kunjani ngathi baxolele idemeshe abaNcedani kungoku nje.

ISIKHALO NCOTYWALA

Ndivumele khe ndingqinele inene elikhala ngenziziyo ebuhlungu yalo malunga notywala. Okunene utsho ngento ebonwa ngumntu wonke, ngokuba utywala bangene kakhulu phakathi komzi omNyama.

Utywala kukutya ekuqulwa ngako abantu abadala, ke yiyo le nto abantu bathi kukutya. Ke namhla nje akusahambi ngaloo ndlela kuba angafika idyongwana yomfana ithe dwa ngombana kukunxila, apho ingafanelekanga kulala khona, ngokuba kaloku apho ilele khona kulapho inkewu ibisi, ithe iya zifihla khona. Kuzo kuthi kwakhona wakufika kumzi womfo ewakhe ngebhongo aze umfazi nendoda basele ufike amzi sowangowamaLawa.

Mi wakowethu omNyama, sveni isikhala esibuhlungu ngenxa yotywala. Yeha! imhlabal' iphamb' inja, ingw' idla ngamabala.

NCESIKHUMBUZO E-RHAUTINI

Mhleli.

Nam njengokuba ndileli apha entla kwamasimi nje kona ngeendlebe ndimamele ngamhlo ndiyabona. Sekukamini ndifunda kumaphelaphela ndabona ngombala omkhulu wesikhumbuzo samaMfengu, kodwa kweli lethu kutha cwaka. Ke avasi ukuba kutheni na ingathi akhona nje amaMfengu.

Kapene isuku lesi sikhumbuzo al'ibo na ngomhla we 14 kuMay? Kambe kwenzeka njani na ukuba apha eRhautini sibe bangowuphi na umhla? Ngezi ntu-kwana ndilapha ndibona ukuba sikhethe imini ze-holide. Asazi ukuba yinto ni na leyo. Ewe siya funda emaphelapheni ukuba eKapa siniselwe lo mhla wase kakade.

Ke mna kwezam iinjongo ndiya bona ukuba abantu lo mhla bawuthabatha nje ngomhla wezidlo endaweni yeyona nto nyiyo. Basuke bathi bona baya sebenza, kanti aaba bas-Kapa abasebenzi bona? Kutheni na xa umntu enxilele ekwazi ukungayi emsebenzini aze athi xa kuyimfanelo afune ukungahlali? Amadoda anebholide zawe athi azenze angayi emsebenzini. Awakhali ngemali yawo. Kucacile ukuba esi sikhumbuzo sineentloko zaso ezifana ukusimisa nangayiphina imini. Loo nto icacile kuba kwakhe kwenzeka ukuba umfana omcinane wathetha khona kwesi sikhumbuzo elhekisa ezongwevini. Kha nitsho ke nani ukuba umntwana wazi nto ni na ngebali lamaMfengu.

Madoda akuthi nokuba sisemLangwini isuku masiligene ngoba ekuhambeni kwexesha sakuya sekusithwa nabafazi sebethetha kwezi zikhumbuzo. Ngenie into enje iyafuneka ukuba ijongwe ngamadoda namahlo nafuna ukwakhala isizwe esiMnyama. Akuncedi nto ukumane sisihla sisenyuka sixela izitya zesigali. Ndiya themba ukuba esi sikhumbuzo sisezincwadini ezinkulu ePitoli. Ke indaba yokuba sifane nomahambelalala ikhuko lomshakazi kwezizwa yinto ni na. Amalungelo emu wasobenziseni niyeke ukusukela izinto ezikude.

Ke mzi wakowethu ukwenjenje oku andihuki mntu into ekuyo ndiluna ukwazi. Kwakhona ndicela amandla kumadoda amadala ukuba ayixilongo le nto kuzokavela eyona nto kuyiyo kuba umLungu utli wanqike onke amatye endleleni yakho hleze utli kanti ushiya elona linembovane (okanye amagongoni akukhoniya inkosi).

Kambe ke ndibuye apho ndibuze lo mbuzo: Kuthiwani ngoku lutsha lwa-ngaphandle azenkono kaThixo le, nalo mdado lawenzayo apha ezilalini? Iti intombazana ngoko iphume amabele apha ezilalini itakwe ekulingweni bobulungu bobutyalike inyanga ezintandathu abe sele sisiwa eliviveni esiya kuzaliswa njengelungu elizeleyo. To The African Girl, Wife And Mother

WOMEN'S ORGANISATIONS

African women's organisations have done and continue to do some very fine work for the African community, but this is done on such a small scale that the very great majority of Africans in the country do not know what is being done for them by their people in our large towns.

Not only is the work of women's organisations not known in the country—it is not known in towns as well. Along the Reef we have thousands of girls who have never heard of such national organisations as the Daughters of Africa and the National Council of African Women—to name only two.

Our leaders have a modesty which would be healthy, did it not set the

light of their work under a bushel. And, of course, it must not be forgotten that the people who do so much for African womanhood in their small way give freely of their time and sometimes money to advance the cause of the African woman.

This helps to keep the average African woman ignorant of what her sisters are doing to enable her to lead a better life.

People cannot always be blamed if they do not support movements out to advance their cause. They are poor and not so well educated as to hunt for organisations without anybody educating them on the benefits to be derived from membership of a women's movement.

Our women's movements must be brought to the humblest door, for it is there that their strength lies. Our leaders have the vision alright—they see where they lead the people, but the humblest African girl, wife and mother must be made to see the vision seen by her leader. A friend of mine once told me that the rank and file cannot be expected to march, marking time, if the drums and flutes are silent.

All thinking minds see that we, together with the rest of the world are heading for difficult times. The African home had difficult times when peace reigned in the world, and from this it can be seen what trials lie in store for our people. In the coming difficult times, they will need guidance, sympathy and understanding—and our women's organisations will be called upon to work harder than they ever did for the African home.

It is quite alright to have our women fighting their part of the community's political battles, but the African home deserves all the energy, care and strength we can spare. The African woman must be given a life-purpose—a directive force in life; a new outlook, if the African is not to become extinct. And to this danger, women's organisations must be very much alive.

JOYCE SPEAKS OUT ON HER BLACK COLOUR

By W. M. B. Nhlapo
Listen to Joyce. She speaks out in lamentation. I am black and proud. I do not regret my colour though ill-treated, oppressed and segregated. God made me black and I am His darling one too. Unlike many of my relations, I will not change or play Coloured to be exempt from the burden carried by my fellowmen. I will not evade my responsibility.

I am black and proud to carry after 11 p.m. the South African democratic credential—the Special Pass—proud to board the segregated enamel-painted trams and buses which serve my people; proud to sit next to a dirty, ragged youth eating trotters, fish and chips. These boys of ours sing like cuckoos. I am black and do not give a tint of apology for my colour.

Because of this dark colour of ours—is it a curse or blessing—I am a problem. In fact, I am manufactured into a problem. In my own 3rd class train coaches, I am bullied and insulted by ticket examiners. I am called names. In non-European bioscopes I am segregated from other non-Europeans. When I have to alight from a municipal bus, I have to do so whilst the bus is in motion and being ignorant of the law of inertia, naturally I must fall to the enjoyment of the driver and conductor. All this is done because I am black. I do not want to be respected but must have fairplay. When I do go a-shopping, the girl or man behind the counter calls me "Annie." I am not Annie but Joyce and when I point this out, I am told that I am cheeky.

I am black. We cannot be kept down from marching forward. We have worthy ambitions. We will not heed any scorn or malice or prejudice directed towards us. We have a goal; to it we are working. The realisation that we have a goal makes the blood in our veins, gives us new courage, new energy, new determination, which marshalling our forces, setting our teeth, tensing our muscles make us whistle and march forward.

Much has been said about us—all our wrongs are headline news but never our good. When poor Joyce is arrested for skökiann the world knows about it, but when poor native Joyce graduates nothing is said.

I am black and always blamed but I am not ashamed of myself. Despite all grievances I have got, when I walk down Eloff Street, to Europeans I appear carefree and happy, yet not so. I beg no pity. I have a heart. I am black but a real Christian if ever there was. I am proud of black graduates, doctors, nurses, authors, composers, lawyers, ministers, social workers, business men, artists and churches.

Proud am I of those weary undernourished Bantu who honestly serve the European, who though hurt in soul, bear smiles. This is the spirit in us and no oppression or segregation can ever injure it.

Who does oppose us in our march? Bring forth that filthy rat. Why does he fear the light of truth? After in our pace he spat—M. Beikowitz.

ENEMIES CALLED DARLINGS?

Editress,
I am not too desirous to be hypercritical but I feel it my duty, as well, to point out to the readers of this paper one of the factors that undermine sincerity among the Bantu.

Hypocrisy as I see it is one of the factors that have gained a hold among most of our Bantu people. How can we expect our friends, our lovers and our partners to be true to us if we fail to be true to our own hearts and feelings? When we are told something, we pretend to be quite agreeable and pleased, and yet down deep in our hearts we are totally against the whole thing.

We speak so friendly to people, but let them turn their backs then we tear their names to atoms.

Our sweet tongues win the confidence of many, and poor victims unknowingly divulge all their secrets to us just to arm us with extra news for gossip. We use sweet endearments and we show false smiles to everybody. Those are our tactics to hook our fish for gossip. We tactfully hide the wickedness of our hearts under a mask of goodness and kindness of heart.

We deceive the world but there is just One above all others. Who does not look at outside appearances, Who is not deceived. The One Whom to love is to live in this world and in the next.

If expressions such as "Sweetheart," "Darling" etc are said even to our worst enemies they cease to convey their meaning and, therefore, it would be best if one would cut out such words from one's vocabulary.

IN AND AROUND THE HOME

IN THE KITCHEN

APPLE DUMPLINGS: Take six apples, half a pound of suet pastry, sugar and six whole cloves.

Peel and core moderate-sized cooking apples. Fill the cavities with sugar and a clove, then cover with suet pastry prepared as above, and rolled out about quarter of an inch thick. Cut into rounds. Tie each dumpling in a floured cloth and cook in boiling water for 15 to 20 minutes. Serve with custard sauce.

TOMATO JUICE: Cut ripe tomatoes and then put these into a mincing machine, afterwards forcing the juice through a sieve. Now season with salt and pepper, sugar, a dash of lemon juice and a few drops of vinegar. Chill the juice in the refrigerator. If you wish the tomatoes to be cooked first, stew them until tender.

HOUSEHOLD HINTS
REMOVING PERSPIRATION STAINS: Soak the stained part in cold water for about 20 minutes and then rub over with a cut lemon. Rinse again in cold water and finally wash out in the ordinary way.

CLEANING SOILED RIBBONS: Sponge gently with warm water and ammonia. Spread lengthwise on a table, cover with a thin cloth and iron until dry.

RUST ON IRONS: Scour irons with dry salt and beeswax or with powdered bathbrick spread on a board. If the irons are rubbed over with a paraffin rag after the ironing is finished, they will not be likely to rust.

HEALTH IN THE HOME

POISONS: Many poisons give rise to vomiting and are thus got rid of. Some require to be neutralized and the following general principles have to be remembered: the stomach must be emptied; whatever remains in the stomach must be neutralized by antidotes; Warmth must be applied with restoratives whilst rest is enforced. Medical aid must be sent for without hesitation.

When an alkali is the poison, give drinks of weak vinegar or lemonade. When an acid, chalk and water, whitening plaster from the walls or white egg. If a narcotic, give strong coffee and do everything to keep the patient awake, walking him about, opening the windows wide, applying a little cold water to his face etc.

NERVOUS BREAKDOWN

- Prostration
- Fear of Insanity
- Loss of Confidence
- Inability to Work
- Sleeplessness

NERVOUS BREAKDOWN usually follows months of worry, sleeplessness and irritability. Nerve-poisons known by doctors as Neurotoxins actually accumulate on the Nerves in the form of minute growths. As health returns, these dissolve and get swept away in the Bloodstream. Dr. Heinz Nerve Restorative is unequalled for combating Nervous Breakdown; it gives peace to the Nervous System, clears away Neurotoxins and is an acknowledged all-round Nerve tonic.

Fear of Insanity
"For the past four years I have been a victim of Nerves and have been through a terrible time, very often deciding that I was, without doubt, going quite insane. I tried various remedies and was even treated by a doctor for a few months—despite which I improved very little. However, I decided to give Dr. Heinz Nerve Restorative a trial and felt much better after having taken it for a few days only. I have just finished my third bottle and feel an entirely different person, eating and sleeping well, whereas before I had no appetite and hardly got any sleep at all."—Miss S. Diamond, Bloemfontein (Case 865.)

DR. HEINZ NERVE RESTORATIVE
is obtainable in both liquid and tablet form at 5/6 per bottle or 6 bottles for 30/-. Severe cases usually require a full course of 6 bottles.

How DOES Pa do it?

That flashing goal came from Pa! The crowd had been anxious, eager, expectant, waiting, w-a-i-t-i-n-g for it. No score—and only two minutes to go. Just on time Pa streaked through the field with the ball at his feet, and... crash!!! it was in the net! A wonderful goal.

The exploits of Pa, now famous, are really the achievements of super-fitness. Pa's Energy! His Stamina! His Joy in Life! Amazing! And all resulting from Intestinal Cleanliness and Tonic Power. Pa is a Result. Parton's the Reason.

Why envy the exuberance of Pa? If you are a grumpy, headachy, constipated grouser—you know the type—take a dose of Parton's to-night. Your stimulated Liver will then pour more Bile—that precious fluid—into your intestinal tract. That will "roll the clouds away" for a start. More Bile does that.

Take another dose of Parton's to-morrow night and feel the beginnings of their combined tonic-aperient effect. Time will enable you to achieve Pa's super-fitness. You can. You will.

Never before has a Tonic been successfully combined with an Aperient as in Parton's. That is one of the reasons for their popularity. But the real reason is the Results. The "All-in" Results. Ask any Parton's user. Parton's are more than "Pills." They definitely set a new-day standard of inner cleanliness and Nerve Strength—resulting in Bodily Super-fitness hitherto almost unbelievable.

Equally good for both Sexes. Try them, and prove it.

TRANSCVAAL OPEN CHAMPIONSHIP

SWARTZ BEATS BOB NKUNA

(By A. Maqubela)
The Transvaal Open Championship was played at the Pimville Golf Links on April 25 and 26. As last year, the title was very keenly contested for, although the standard of play did not approach the level reached in 1942. This may, however, be due to the fact that the greens were different this year from what they were last year. Most of the competitors revealed appalling carelessness near and on the greens, and fatal errors occurred with alarming frequency.

Another notable characteristic of this year's championship was the complete absence of competitors from other provinces, although invitations were sent out three months in advance.

The following are some of the leading scores:—

- M. Swartz, 81, 79, 80, 83: 323.
- B. Nkuna, 81, 82, 79, 81: 323.
- D. Tiale, 81, 80, 83, 82: 336.
- G. Matthews, 86, 84, 79, 90: 339.
- S. Xulu, 86, 88, 87, 83: 344.
- M. Senyarelo, 88, 89, 87, 90: 354.
- W. Valeshiwe, 89, 89, 91, 88: 357.
- J. Mofokeng, 86, 89, 92, 91: 358.

Swartz and Nkuna had to play an additional three holes and Nkuna was beaten.

The prizes were presented by Mr. T. L. N. Sondlo, member of the Advisory Board, Western Native Township. He congratulated Swartz who has held the title on several other occasions. He appealed to the younger competitors to follow the example of N. Manana and Amos Magila, runner-up and semi-finalist respectively, in the Transvaal Knock-out Championship. J. Jaas, the Transvaal Knock-out Championship winner, was unavoidably absent. Mr. N. Malunga received the Bantu World Trophy on behalf of the Bobby Jones Golf Club. Mr. Sondlo appreciated the fact that D. Tiale defended his title.

The Africans' Helping Hand Society will give a party on behalf of Mr. Jerry Hlongwane at 8, Best Street, Sophiatown, on Sunday, May 23, at 2 p.m. A cordial invitation is extended to all.
