### BANTU MEN'S SOCIAL CENTRE

### ANNUAL REPORT,

1964.

### INTRODUCTION.

Throughout the annals of the Bantu Men's Social Centre Annual General Meetings have been held at the end of each year. But perhaps the closing of the year 1964, as another milestone in the life of the Centre, has brought significant changes and outlooks - optimisms and pessimisms - which are to be experienced in the New Year. With this closing of the year we are not only required to reveal the importance of the Centre within the framework of the Non-White community but also to reconsider and assay the Christian aims of the Institution and the extent to which the "Four-square Plan" (Body, Mind, Spirit, and Character), which was created by the Founders of the Institution, have been applied through the activities provided.

### MEMBERSHIP

At the end of the year 24C members were registered with the Institution and a sum of R338.75 collected as subscriptions from January to December, 1964. The figure 240 excludes the 16 Life Members of the Centre. A close scrutiny of these figures, compared to the previous year's, indicates that while there are more new members joining the Institution monthly there are fewer renewals almost in every month. Many of the older members come regularly to the Centre but fail, for reasons of their own, to pay up their yearly subscriptions in spite of the all-out efforts exerted by the Secretariat. However sincere and genuine their reasons for failure to pay may be, their subscriptions cannot remain in arrears indefinitely. This is one of the chief cencerns not only of the Secretariat but also of the Executive Committee.

In April, 1964, the Executive Committee considered and approved the raising (for the first time in over 40 years) of the membership fee in each category by 100%. This took effect from the 1st May, 1964, and the various membership fees now stand at -

la.	Life Membership	R20.00.
20	Ordinary Membership (Jhb. &	d and/oo
	District)	R2.00.
3.	Country Membership	R1.00.
4.	Junior Membership (Bona fide	Superior Ja
	Scholars)	50c.
5.	Visiting Membership	250.
	Turt #W. "Dollarut "P. BUNTOUY Semus	10 000000

A comparative table of the amounts of membership fees collected during the past 10 years (including 1964) is reflected below. It will be realised that the figure for 1964 is R338.75 and when this is carefully compared to the other figures, the number of members is actually lower in view of the raised membership fees.

<u>1955.</u> <u>1956.</u> <u>1957.</u> <u>1958.</u> <u>1959.</u> <u>1960.</u> <u>1961.</u> <u>1962.</u> <u>1963.</u> <u>1964.</u> R426. R444. R504. R440. R361. R315. R381. R310. R336. R338.

### ACTIVITIES.

Down through the years the Centre has been providing a number of activities - physical training, judo, lawn tennis, table tennis, basketball, volleyball, billiards and snooker - which are recorded below. Some of these activities are governed by their own sub-committees and these committees in turn form a larger sub-committee called the Activities Committee.

### 1. PHYSICAL TRAINING.

(a) Bodybuilding and Weightlifting. This section is still under the leadership of Mr. M. Matihaganyane, and although there are no regular competitions it continues to attract a large number of our members. With the little equipment available members still continue to keep thenselves mentally and physically fit. More weights will be required in the near future. (b) Boxing. Under the leadership of the former S. A. Middleweight champion "solting" Joe Maseko, this section attracts a smaller but regular number of young boxers. This has been the trend throughout the years. Worthy of mention here is Patrick Maseko, a young boxer from Evaton, who turned professional this year. He is an inspiration to some of the beginners who are also waiting for their turn to earn themselves high laurels.

(c) Judo, From the number of enquiries received from various members and interested persons this section would have been undoubtedly the largest in the Centre had it not been becauge of the stumbling block lack of a proper judo mat for practices. However, a few deeply enthusiastic members gather themselves in the evening for practices on an old mattrees or mat. Attempts to contribute some money for purchasing a proper jude mat have not proved fruitful.

### 2. LAWN TENNIS.

A number of our players comes to the Club for weekly practices. There have been no improvements yet made with regards to holding seasonal competitions, although the standard of our players is fairly high. Many demestic servants find great enjoyment in this section, particularly on those days when they are off work. The champion S. P. Itholeng has been living up to the high standard of play he has exhibited throughout the years.

### 3. TABLE TENNIS.

In 1962 this activity was gradually enlisting many players and enthusiasts, largely junior members. But at the end of that year the cost of its maintenance was so high that a recommendation was passed by the Executive Committee that players should provide themselves with table tennis balls, so that the Centre may incur less expenditure on this game. Today very few members are keen on this activity, and as a result there are no organised monthly competitions.

### 4. BILLIARDS AND SNOOKER.

These games still remain popular in the Centre. Although 5c. or loc. is charged for one game played, the interest and enthusiasm our members have shown remains unaltered. The competitions often run a long course, beginning in August and ending occasionally in December. Many potential competitors enter for tournaments but very few astually compete. It seems as if members play for the fun in these games instead of aiming at improving their own standards of play. Those who actually compete in these games are serious minded players who hope to earn high respect for themselves. Members who have distinguished themselves in these games include J. Ramjee, W. Meleto, and E. Cassim. Our competitions are largely restricted to members, and perhaps this accounts for the narrow scope of improvement. E. Cassim has distinguished himself further by winning the coveted Ken Shaw Snooker Trophy of the Johannesburg and District Non-European Billiards League - a body aiming at open-club tournaments, with sky-kigh hopes of converting them into provincial and ultimately national tournaments. He won the Trophy at a competition in which more than 30 prominent snooker players from various Reef towns particigated.

### 5. DRAUGHTS AND CHESS.

There are also no organised competitions in these games, but many members enjoy themselves during the hours of the day, particularly in draughts. The standard of play in draughts is so high that there is at present a germinating need for a Draughts and Chess Association, reminiscent of the Witwatersrand Bantu Draughts Association of 1941. Internally there is also a deep need for competition to be open to outside members, and attempts are being made in that direction.

### 6. AMERICAN BASKETBALL AND VOLLEYBALL.

Recently a team, under the leadership of Stephen Sejaki, was formed. The players are so active and zealous in these games that regular visits to outside clubs are always being contemplated. So far the team has been to the Davey Social Centre in Penoni and the Orlando Y. M. C. A. for friendly matches. Practices are held every Wednesday and Saturday in cur main hall. 11.

Film acting and auditions were occasionally held at the Centre.

## ANNUAL FOUNDERS' DAY.

On the 26th November, 1964, the Centre had once more an opportune occasion for paying a devotional tribute by celebrating the founding of the Institution by Dr. F.B. Bridgman (Deceased 1925) and our contempo-rary Dr. Ray E. Phillips, who is at present in Galifornia. In this yearly event the hall was filled to capacity with members and the public from more walks of life. from many walks of life.

The Guest Speaker, Rev. C.F. Beyers Naude, the Director of the Christian Institute of Southern Africa, ably delivered a brilliant and comprehensive speech on-

" The Role of the Church and Related Organisations in Race Relations in South Africa ".

He placed into perspective the significant roles such organisations played in promoting good neighbourhood and the formidable obstacles these organisations, particularly the Church, had to face in the pro-motion of such relationships. He laid emphasis on the role individual members could play based especially on the Christian principles of the Church, because it was through the individual as a cell of society that such good relationships could be achieved by both the Church and its affiliated organisations. It was a speech full of facts and prac-tical examples, and the audience gave him a great ovation for his analysis and lecture.

The Ionian Choir and its orchestra, and some of the Centre's Choral groups that hold regular rehearsals in the Centre, and the Elite Swingsters Band under the leadership of Johannes "Chooks" Tshukudu, played appealing music and made the day more memorable.

# LITERATURE AND CULTURE.

The Centre has been receiving books, periodicals, magazines, music records, etc., from various organisations and private donors, but very few of our members care to ask or enrol for their reading or use. Our library is extremely gmall but it can still serve the purpose it was meant for. Many members should home forward and make use of these books and records. Film shows were held at the beginning, of the year during lunch hours for our members. They proved to be of little attraction largely because they were not the type our members enjoyed. The films, loaned to the Centre by the kind permission of the U.S.A. Information Ser-vice Library, were more of a cultural and educational nature than 'V' Western thrillers, etc., The Office was reluctantly compelled to dis-continue such shows

ST. JOHN'S AMBULANCE FIRST AID GLASSES. The classes have been operating for some months in the Centre and are proving to be very fruitful. They are field on every Monday and some of our members have taken a keen interest in first aid in their quest for knowledge. Exa-minations are conducted about twice yearly.

On viewing the type of life the Centre might lead during the coming year, it may be worthwhile and opportune to reflect a short review on the role the Centre has, played in the promotion of mental and physical fitness through its traditional objects in 196 4.

When the Centre was founded, the Founders had a "Four-square Plan" paramount in their minds, i.e., to develop the Body, Mind, Spirit, and Character (B. M. S. C.), through various activities within the Centre.

In assaying the Body, it will be realised that it has been, to some extent, well catered for throughout the years, and a study of the

· . :

19 85

### abovementioned activities curing 1964 will indicate to what degree.

"A healthy Mind in a healthy Body". the ancient Greek Philosophers maintained, and the Founders of the Centre did not lose sight of this fact. Although the Centre was a pioneer many years ago in setting the standard for future similar institutions, its significance in shaping the minds of younger generations has not faded. This it has done during 1964 and has carried further part of its work in assisting people to "get to know one another". Training the Body helps in inducing responsibility in the Mind of the individual and in moulding and refining the Spirit.

But in the re-inforcement of the Spirit the Centre has for many years - including the year under review - been only partially successful. In 1941 "Religious Talks" were inaugurated in attempts to supplement the Centre's activities and help in the completion of the "Four-square Plan". They have been sadly neglected for many years, and perhaps the time is over-ripe for the re-inaugural of these Talks. Or else, do our Churches provide sufficient intellectual discussion?

Character. Today many denominations are operating and perhaps many more are to come. From various denominations the Centre has been deriving its membership, and it is pleasing to note that, just as the Founder's intended it to be, it has remained inter-denominational and founded on elementary Christian Principles. These Principles should however be re-inforced from time to time through the application of these "Religious Talks", otherwise the Centre may assume a permanently more social Character, as some of our members have already contended.

### THANKJ.

To Mr. A. W. Mbathe, The B. N. S. C. is very grateful to Mr. A. W. Mbatha, former South African Welterweight Champion and Secretary of the Centre, who resigned at the end of the year to take up a new post as a welfare officer in the O. Free State, for the devoted 13-year services he rendered to the Centre. He left us unexpectedly, but will always be remembered in association with the Centre;

To the Mean Room Staff, for their untiring service in providing suitable means for many of our members;

To the Gleaners, for their untiring day-to-day duties in attempts to keep the Institution clean and attractive;

To the Members and Sub-committees, for their enthusiastic support and suggestions offered through these sub-committees and other avenues for the attainment of all the objects of the Institution;

To the Executive Committee Members, who have, down through the years, mainta ined regular inspections and criticisms, and patiently devoted much of their leisure time in attempts to foster not only the Centre's Constitutional Aims but also its Life:

To our Donors and Subscribers we repeat: Thank you, particularly the Department of Bantu Administration, the Native Recruiting Corporation Ltd., the Deferred Pay Board of Control, the City Council of Johannesburg, and other organisations too numerous to mention here, without whose sustenance the Life and Heart of the Centre would not function; and

In their unbroken historical services as the Honorary Treasurer and the Auditor of the Centre, to Mr. J. M. Pim of Howard Pim and Hardy. and Mr. H. S. E. Anderson respectively, we reflect our sincere and thankful appreciation for their support and invaluable clerical assistance in the control, handling of and advice on the Centre's finances.

A. B. O'Erier, CHAIRMAN.
