Dear Sir,

I regret to inform you that a thorough search of our records has failed to bring your Life Insurance Policy to light. All I can now suggest to you is that you write to the Insurance Company with whom you have the policy, tell them of its loss and ask them to furnish you with a duplicate copy.

If you so wish, you could furnish this office with the name of the Insurance Company and we shall then take up the matter with them.

Yours faithfully,

F. J. van Wyk,

Dear Sir,

Re: Inquiry about Randspecs Investments.

I am in receipt of your letter of the 6th. March, 1950 which has been referred to me for attention, and beg to reply as follows to your inquiry:

1. I would not advise you to invest your savings in Randspecs and other investment companies. Money invested in this way is locked up for years and is a speculation which involves risks.
2. If you have any money which you have already saved, you could invest it in Union Loan Certificates which can be bought from any Government Post Office.
3. You could, and I advise you to do this, open a Savings account in a Building Society into which you would be able to put your money at any time and withdraw it when you need it. In addition I suggest that you buy Building Society shares at the rate of £1 a month or any amount to suit your convenience. These shares mature after three years and nine months.
4. If you wish to insure yourself I would advise you to take out an endowment policy which matures after a certain number of years and has the added advantage of being payable if you should have hot water poured over you and be killed by your mother or wife. I hope this does not occur.

The following is a list of Building Societies and Insurance Companies with their addresses:

1. Johannesburg Building Society, P.O.Box 87, Johannesburg.
2. Equity Building Society, 88 Fox Street, Johannesburg.
3. Rand Provident Building Society, P.O.Box 1220, Johannesburg.

Insurance Societies

1. S.A.Mutual & Trust Insurance Society.
2. African Life Assurance Society.
3. African Homes Trust and Insurance Company.

Some of these Companies may have branches in Southern Rhodesia and if so I suggest that you should go and see them.

Yours faithfully,

FIELD OFFICER.

Dear Sir,
I beg to submit my request, to make to me clear and direct me right.

I am aware inclined to ignore, that accidents will happen. The point is that accidents may, and quite often do, happen oneself, although there is a strange tendency for most of us to believe it always happens to the other fellow. What one does not risk them every time he handles, eats and causing—movements or merely walks, in fact, almost throughout his walking and sleeping life? One can only be certain of avoiding such mishaps by staying in bed (that is assuming the roof does not collapse, an aeroplane does not crash into the house, and the Mother or wife is restrained from suddenly producing hot shaving water, hot soup and so on.)

I want to be guarded against the financial consequences of a human being, of such accidents.

I am a young man who is physical fit, verely and vital health. I understand that all these mishaps may be avoided and by obtained ^{every eventuality from} from life insurance. How is this done?

The second request
on Randspec's investments

Can Randspec's investments help me?

Please kindly put me clear and give me the management of The Rand Speculations & Finance Co., Ltd., And kindly take pleasure in introducing to me the speculatively inclined small and big investors—the fool proof opportunities offered by Randspecs;

Mr. Ngakane
Do write to him

Advise him against Randspecs.

The Director,

JOHANNESBURG.

Dear Sir,

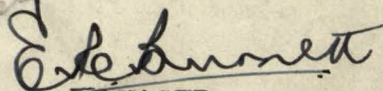

I have been trying to gain acceptance of a policy by the Local Authority here of employing Africans as much as possible in my Department, including posts which involve the handling of money. Although the principle has not formally been accepted, Africans have been appointed to posts of Cashier in the Location office and registration clerk (on the counter) in the Registration Office.

Particular care was exercised in the choice of the incumbents to fill these posts, but unfortunately the Cashier recently found his creditors pressing very hard and he borrowed an amount of £37. from the till. The money has been recovered but it has also been suggested that a European Cashier should now be appointed. I am opposing this proposal but the Treasurer has a strong argument that no Insurance Company will issue a fidelity guarantee policy in respect of money handled by Natives and that we therefore run the risk of having to face serious losses.

I would be most grateful if you could tell me if you know of any Insurance Companies which are prepared to insure against the loss of money handled by Natives. If none, then I suggest that this is a matter about which the Institute might consider making representations.

Yours faithfully,
