ANNUAL REPORT OF THE BOARD

1938

At the time of the Annual Meeting a year ago a new wing of the Hospital came into occupation. It contained accommodation for twenty beds, thus bringing the Bridgman to the level of a sixty-bed hospital. In addition to a large ward it contained a well-equipped nursery, bath-rooms, storeroom and sewing-room. This additional accommodation has added greatly to the successful working of the Hospital. Immediately after occupancy in May the additional accommodation was required. Several times during the past year the Hospital, including this new wing, has been full to capacity. As reported a year ago the new wing with equipment cost in round figures £5,000. It gives peculiar satisfaction to the Board, and especially to Mrs. Bridgman and Mrs. Sargeant who wrought so hard at the task of collecting, to report that this substantial addition to the Hospital with its equipment is all paid for.

The number of patients treated during the year shows still further advance on the figures of 1937, which at the time were reported as almost "startling." In 1938 the total number of out-patients was 10,810, an increase of 1,265 or 13.25%. The in-patients numbered 2,255, an increase of 153 or 7.2%.

During the year under review the fees collected amounted to £2,938 (in-patients £1,588, out-patients £1,350), an increase of £416 or 16.4%. Two remarks may be offered on these figures: (1) The percentage of in-patients' fees collected to fees charged rose from 47.2% to 66.9%.

and (2) The increase in the total of fees actually paid is the more notable because during the year, the fee for the confinement period of ten days was reduced from £3 to £2. Many Africans have expressed thanks to the Hospital for the relief which this reduction has brought to many humble homes.

It may be noted that more and more women are coming to the Hospital for pre-natal care, one of many signs that the African's fear of entering any hospital is being steadily overcome.

Another notable fact is the way in which the Saturday morning clinic for "Bridgman babies" has continued its popularity throughout the year. Mothers are encouraged to bring in their babies every week for a year, to be weighed and have their progress noted. This service is given free of charge. Something is thus being done to combat the high infant mortality found in African families, especially when living in town conditions.

What was said in the last report regarding the convenience of the out-patient building for the expeditious handling of cases has been emphasised anew in 1938. The peak number of out-patients was reached in November of last year when 1,042 cases were treated. The excellent arrangement of the building was one factor contributing to the efficient handling of such large numbers.

Throughout the year under review Dr. Stephen-Lewis continued to relieve Dr. Carlisle on Mondays and on alternate Sundays, a service much appreciated. While Dr. Carlisle was overseas on short leave, Dr. Altschul kindly acted as Medical Superintendent. To these and to Miss K. Goulden as dispenser and Miss Rogers in charge of the office, the Board give their warm thanks.

Attention is invited to the figures submitted by the Hon. Treasurer. The income from endowed beds showed a slight increase of £14 11s. 2d. Grants-in-Aid have increased by £635, and subscriptions and donations

show an increase of £138 11s. 8d. To all who have supported the work of the Hospital by their donations the Board express their gratitude and thanks.

His Worship the Mayor of Johannesburg, accompanied by the Lady Mayoress, paid an official visit to the Hospital at Christmas time, and thus afforded fresh evidence of the personal as well as official interest they have in the Hospital.

Religious services conducted in one of the large wards, were held regularly for the benefit of the staff and patients. Various ministers, European and African, have conducted these services. The services for out-patients, conducted on Wednesday mornings by the Rev. Henry Nawa, the Hospital Chaplain, has been largely attended. On Saturday evenings, the Bible class for the African staff conducted by Mrs. Bridgman, Mrs. Ritchie and Mrs. Mortimer, has been welcomed and appreciated.

The Board express anew their appreciation of the services of the Honorary Professional Staff. These are:—

Hon. Consulting Gynaecologist	Professor W. Gordon Grant.
Hon. Consulting Obstetrician	Professor James Black.
Asst. Hon. Obstetricians	Dr. G. Spence-Smith.
	Dr. Drury Shaw.
	Dr. C. F. Krige.
Hon. Consulting Physician	Dr. R. L. Girdwood.
Hon. Consulting Anaesthetists	Dr. D. Crawford.
	Dr. C. Becker.
	Dr. M. B. Barlow.
	Dr. Duff-Scott.

Thanks are expressed also to the Hon. Treasurer, Mr. J. Montague Pim, and to Messrs. Howard Pim & Hardy, who give so freely and fully of their professional services in the management of the accounts of the Hospital, and to Messrs. Aiken & Carter, the Hon. Auditors.

In November, 1938, the Rev. Dr. J. Dexter Taylor, accompanied by Mrs. Taylor, left South Africa to attend the Madras Conference organised by the International Missionary Council, and thereafter proceeded to America for a year's well-earned furlough. The Board takes this opportunity to express its warm thanks to Dr. Taylor for the innumerable services he has rendered to the Hospital. He has been the Hon. Secretary of the Hospital since its inception in 1928, and has given invaluable help. In any difficult problem that arose, his counsel and good judgment have been relied upon with confidence. In the collecting of funds, and in all deputations to the Government, his persuasiveness, enthusiasm, untiring labour and complete forgetfulness of self have commended every cause he advocated. The Board wish him and Mrs. Taylor a happy and useful furlough and look forward to their return.

THE HOSPITAL HAS BEEN ERECTED TO
THE GREATER GLORY OF GOD
AND IN AFFECTIONATE REMEMBRANCE OF
THE REVEREND DR. FREDERICK BRAINERD BRIDGMAN.

J. LENNOX,
Hon. Secretary.

ANNUAL REPORT OF THE MEDICAL SUPERINTENDENT

For the Year ended 31st December, 1938.

For 1937 we seemed to have the motto, "Go forward," and during the year ended 31st December, 1938, the same motto seems to have been ours.

The returns for 1938 show an increase of 153 in the In-Patient Department on those for 1937, and in the Out-Patient Department we have realized a return of over 10,000 as anticipated in my Report for 1937. The increase in Out-Patient returns numbered 1,265.

During the year, 9 pupil midwives sat for the South African Medical Council's Examinations in Midwifery, and 8 succeeded in obtaining their Certificates.

Once again we wish to thank the Honorary Consultant Staff for their unflinching and ready assistance in emergency during the past year, and my sincere thanks are due to Matron and her European Nursing Staff for their able assistance and co-operation on every occasion. If it were not for their kindly help my task might prove a heavy and difficult one, but our sharing of responsibilities makes the work a joy.

Dr. Stephen-Lewis still acted as my relief, and to her I wish to record my sincere thanks for so doing. Whilst I was overseas, Dr. Altschul willingly and ably carried out the duties of Medical Superintendent, being liked both by the Nursing Staff and patients.

Miss Rogers and Miss Goulden still carry out their duties nobly and well. With the increase in patients their tasks are heavier, but the joy that things are progressing is shared by us all.

STAFF AS ON 31st DECEMBER, 1938.

HON. TREASURER'S REPORT

1938

With the extensions completed during the year the hospital now has accommodation for 60 beds and the expenditure necessary to complete the Building and Equipment since the last Balance Sheet dated 31st December, 1937, has amounted to £1,429, made up as follows:—

New Ward and Extensions to Nurses' Quarters	£949
New Ward Equipment	402
New Ward Furniture and Fittings	44
Refrigerator	30
Sundry	4
	£1,429

The New Ward, including Equipment, has cost us in total the sum of £5,106, only £106 more than the original estimate, and to pay for this, donations amounting to £4,408 have been received. The difference between these figures is approximately equal to the reduction in our cash position at the end of 1938 as compared with 1937.

In spite of the reduced charge to In-Patients, which came into force in April, 1938, the figures are still further increased as follows:—

FEES COLLECTED:	1937	1938
In-Patients (Current)	£1,367	£1,588
In-Patients—Previously written off	89	51
Out-Patients	1,155	1,350
	£2,611	£2,989
Number of Adult In-Patients	1,234	1,330
Percentage of In-Patients' Fees charged		
collected during the year	47.2%	66.97%
Average Cost per Adult In-Patient per day	8/4	10/-

I desire to congratulate the Superintendent and Staff on the great work they have done during the year.

J. MONTAGUE PIM,
Hon. Treasurer.
