

BUCKAROO BILL - The COWBOY CHAMP

THE CHAMPION

3^d

DANNY DAZZLES DIVISION I

CHAPTER SEVEN

THE THIRD MILLENNIUM

INTRODUCTION

The Third Millennium opened with a damp squib. It was predicted that as computers were not calibrated for the year 2000, the so called Y2 bug would cause computer systems world-wide to crash and planes to fall out of the sky. The doomsayers were proved wrong and the world continued to turn.

Religious intolerance became the central theme of the new century with Osama Bin Laden's Al Qaeda movement flying planes into the Twin Towers of the World Trade Centre and the Americans using that incident to justify restricting their own citizens' rights; invading other countries and using the internet to spy on everyone.

Scientific discoveries speeded up at an unprecedented rate with the genome being mapped; genetic engineering and human cloning become science fact and no longer science fiction. On the political scene in South Africa President Mbeki's AID's denial resulted in unnecessary deaths of tens of thousands of citizens; political manoeuvring saw the installation of President Zuma in the Union buildings and a subsequent avalanche of tender fraud culminating in a two hundred and fifty million rand 'security' upgrade to the President's private home at Nkandla and a vehement denial from the President that he was not responsible to repay any of the money.

On the music scene new stars such as Beyonce, Alicia Keys and Katy Perry dominated. Movies lost the plot to special effects with James Cameron's Avatar reviving the nineteen fifties fad of watching movies in 3D to unparallel heights. Sports stars such as Tiger Woods; Usain Bolt and Lionel Messi entered a stratospheric League when it came to raking money in from endorsements. Other stars such as paralympian Oscar Pretorius fell from the mountain top of international adulation to the gutter of public condemnation when he was charged with murdering his girlfriend Reeva Steenkamp and then causing armchair legal experts to vent their spleen on social media when he was found guilty of culpable homicide and sentenced to only five years imprisonment. Through sixty five years of political, cultural and sporting change, Dazzlers marched on, the legacy of two school boys strongly entrenched.

DERRICK BRIAN EASTWOOD

Derrick Brian Eastwood was born on the 12th June 1960. He played for Dazzlers from the age of six until he turned sixteen years of age in nineteen seventy six. One of the highlights for playing for Dazzlers is that he got to leave home when the team played tournaments in places like Kimberley.

One trip to Kimberley took an interesting turn. The team was divided up and placed with different families in Kimberley. Derrick was hosted by a family where all the children were girls. Derrick's bag containing his clothes was misplaced. The host family had to make a plan to kit him out. Unfortunately as there were only girl clothes available he ended up dressing transgender. To his relief he was given a girl's pants to wear, not a dress. As they were on the field most of the time he could wear his Dazzler's kit most of the time. Two days later his bag was recovered.

As Dazzlers is a family team, where generations of players emerge from the same family, when Derrick had children of his own he assumed a new role as coach in nineteen ninety three when his son Ryan started playing. He commenced coaching the juniors and as they moved up the age rankings he moved with the team until he ended up coaching the Under 17's. He encouraged his players to stick with Dazzlers for as long as possible to prevent them getting up to mischief of the streets. The biggest problem is that there is no Under 19 side and the team breaks up after Under 17.

The group he took through from nineteen ninety six was extremely talented. In terms of pure football talent they were a perfect unit where a left mid-fielder was left footed and everyone fitted perfectly into their allocated positions. This group took League honours until they reached the Under 17 stage. Derrick ended his first stint as a coach in nineteen ninety nine.

The next group of players were not as talented but they made up for a lack of talent with a passion for football and a willingness to work hard. Derrick's view was that he did not want stars but rather he was willing to work with any player who actually wanted to play for the love of the game. His biggest challenge was to ensure that his players absorbed the basics. One outfit did not win any major prizes from Under 6 and only came into their own as Under 17's as it took a number of years to inculcate a sense of self belief and confidence in them.

In twenty fourteen he was coaching the Under 13 side which had a lot of raw talent. They developed a good ability to pass the ball. The challenge was to provide continued guidance so that they could improve their skills. Their greatest rivals in twenty fourteen were Rangers, whom they managed to beat three nil on the 6th September 2014.

GREGORY MOYCE

Gregory Moyce started coaching the Under 8 side from 1999 until 2002. The youngest players in the team were Levi Barry, aged four, and Maxim Johaar, aged five. They had a number of memorable games, such as the one against Westham United where Jermaine Moyce scored both goals. The team later won the Under 10 Nedbank League and the Coco-Cola League in the same year.

LLEWELYN BENNETT

Llewelyn Bennett was born on the 14th July 1978. He started playing for Dazzlers, where his older brother Calan was also a member of the Club, when he was eight years old. After a while he lost interest in football and dropped out of the team. His passion for playing was re-ignited when he started playing street football at the Bosmont shops. He then joined the Club again.

Llewelyn, a goalie, was the youngest player in Robin Goodall's side. The older players in this team were known as the 'Golden Generation' as they were brilliant players. Some of the players at the time were Rudi; the Xavier brothers; Eddie and Shane Moyce. Llewelyn played with Robin's team from nineteen ninety eight until two thousand when the older generation of players began retiring. Robin then became Llewelyn's manager.

In two thousand they had an A and a B team. The A team were notorious for partying hard. The team would practice and then have a five minute pep talk on a Saturday afternoon while popping a few beers. A short sojourn was made to their individual homes to get kitted out for the evening and then they descended on the trendiest Clubs where they partied all night long.

Despite appearing red-eyed on the field on Sundays, the Squad was still greatly feared by the opposition. At that stage, in two thousand and six, the team had endured a twenty year trophy drought. On the opening day of the season they only had ten players. Westham of Newclare had won the previous year's championship, but they broke up shortly after winning. The Westham players stopped Llewelyn and his team mates in the street and asked them if they needed players. Dazzlers signed on five Westham players immediately.

The new signings changed the complexion of the team. No body gave Dazzlers a chance that season but they made fast friends with their new signings and developed the First Division side into a fighting machine to be reckoned with. As a result they had a successful Knock Out Tournament. In the Quarter Finals they came up against a strong team from Soweto. Their match went to a penalty shootout which Dazzlers won.

At the Finals against Don Chester from Davidsonville, Dazzlers were not entirely fit. After a tough eighty five minutes Dazzlers was down one nil. Just as some supporters thought that they would have to settle for second place, the ball landed at the feet of Warren Michaels who fired the ball in-between the goal posts. The crowd roared its approval.

The late goal gave Dazzlers a much needed injection of energy and determination to win. The match went into extra time with neither side giving or expecting any quarter. Dazzlers defended wave after wave of incursions into their half. By the end of the second period of extra time the score remained one all. It was down to wire. Llewelyn was abuzz with nervous energy as he knew that the Cup now rested on his reflexes. He saved two penalties while his team mates ensured that all their shots were on target. The trophy drought had ended.

QUINTIN

SHELDON ARTMAN: I LEE PETERS

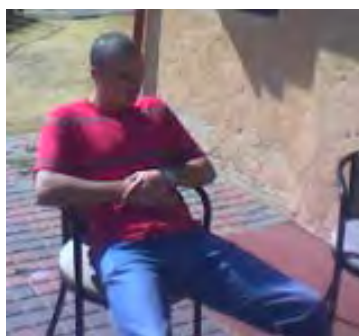

ALLISTAR LEWIS

RUDI BENNETT: CHARLTON: LEE

TERENCE SMITH

Terence Smith was born on the 31st July 1977. He played for Aston Villa in his youth and played for Dazzlers for one season in two thousand and seven in the Super Team for Seniors. Neil Beckett noted his passion for the game and approached him in twenty ten to coach the Under 17's.

He had to build his team from scratch as the team was languishing second from the bottom when he took over. Over the course of the season the team improved to such an extent that they were extremely competitive in the Knock Out Cup where they lost on penalties in the Final. Over the next few years they continued reaching the Final of the Knock Out Cup. In twenty thirteen they struggled through the first round; ended up second in the second round and again lost the Final on penalties.

In twenty thirteen Terence was asked to head the B.F.A Pick Team to play in the South African Football Association (SAFA) Regional Tournament, where he coached the Under 17's. In twenty thirteen he registered Dazzlers with SAFA as a Development Structure in order to join the Academy League. Sponsorship was almost impossible to get. Joining the Academy League had not yet materialized by the beginning of Spring twenty fourteen as Dazzlers does not have its own grounds and change rooms.

It was Terence's enduring dream to expose Dazzlers players to National coaches as Dazzlers has been a good feeder side to bigger teams throughout its history. Terence considered Jarod Cozens, a central defender, as a highly influential player who was fast and strong and with the leadership skills and talent to make it into Bafana Bafana. He also considered Sylvester 'Jalolo' Jacks, a central mid-fielder, as a potential Bafana recruit. That is why joining the Academy League is not only a wonderful dream but a necessity for local football.

Twenty Thirteen was memorable as Dazzlers filled the stadium with supporters, despite serious setbacks. During one important game the Dazzlers Captain's head collided with an opposing player and the Captain, Levandre Adams, had to be rushed to hospital. As a result of losing their Captain Dazzles lost the match on penalties.

As there are a number of players from disadvantaged backgrounds playing for Dazzlers, the aim of the Club is to get players from advantaged and disadvantaged backgrounds not only to play together but to socialize together and to teach everyone to respect one another and to look out for each other. For example where one player has two sets of corks and one has no corks, players are encouraged to share. The Club also tries to pass on life skills to the players. Players are encouraged to focus on their school work and to avoid doing drugs.

His charges achieved the following results over the years:

2014–Knock Out Final; 2011–Knock Out Runner’s Up for the Under 11’s and Under 17’s; 2012–Knock Out Runner’s Up Under 17’s; 2013–Knock Out Runner’s Up for the Under 17’s; the Knock Out Quarter Finals for the Under 13’s and Under 15’s; 2013–Knock Out Winners for the Under 11’s; 2013–League Runner’s Up for the Under 15’s; 2013–Winner’s Vans Tournament for the Under 11’s; 2013–Winner’s B.L.F.A. Knock Out for the Under 11’s. 2014–Winners Ashton Mckenzie Tournament

JAROD COZENS; EMILIO SCHOLTZ; SYLVESTER JACKS; LEVANDRE NAUDE; GALIN COHEN; RAMEEZ MAHOMED; AND ZAID LEAFE

Jarod Cozens, a central defender, was born on the 11th January 1999; Emilio Scholtz, a goalie, was born on 12th May 2000; Sylvester Jacks, a central mid–fielder, was born on the 16th May 1999; Levandre Naude, a left mid–fielder, was born on 18th June 2000; Garlin Cohen, a left back, was born on the 17th August 1999; Rameez Mahomed, a central defender, was born on the 27th August 1999 and Zaid Leafe’, a right back, was born on the 15th April 2000.

Every year Dazzlers has a bust up where the players are awarded prizes. In twenty thirteen Jarod won the Player of the Year. Levendre, who slotted in eleven goals, won for the second highest scorer in the Knock Out Tournament.

This group of players are known at TRB–The Relay Boys. Their motto is ‘Touch One. Touch All’. If someone outside the group touches one player, all the players get involved in defending him.

A prime example of the team’s motto in action was when they the Fruit and Veg team visited Dazzlers on C Pitch in Bosmont at the start of the twenty fourteen season. Fruit and Veg played dirty from the onset of the match. At the end of the first half the scores were levelled at one all. During the second half Levandre were one and one with an opposing player. Suddenly the entire Fruit and Veg team tried to tackle him. Despite this Dazzlers went into the lead, scoring a number of times. This infuriated their opposition. Levandre got hold of the ball and ran. One player purposefully tripped him and he went sprawling. He got hold of the ball twice more in rapid succession and again Fruit and Veg players tripped him. He almost tore the ligament in his ankle. He shouted a few highly provocative words at his opposition.

The Fruit and Veg players were not amused at being insulted and they rushed up to Levandre, intending to beat the living daylights out of him. Rameez intervened immediately, grabbing the nearest opposition player by the throat and hurling him to the ground. He then incessantly kicked the felled player. The referee raced up to Rameez and stopped his act of defence. The referee then whipped out a red card and sent Rameez off the pitch. Later he was fined one hundred and fifty rand by the B.F.A. Dazzlers got their revenge on the pitch, beating Fruit and Veg fourteen one.

In twenty fourteen the team participated in the Ashton Mckenzie Tournament. During the group stages they had one draw and no losses and progressed to the knock out stage. Their first game in the Quarter Finals was against Sparrow Rangers. It was a testing game where they had to run harder than they had ever done before. Eventually they triumphed with Levandre scoring the only goal of the match. The Semi-Finals was a much easier contest, which they won two nil, with Sylvester and Galin scoring.

They contested the Final against S J Barcelona. A Barcelona player weaved his way towards the Dazzlers goal mouth. Zaid came storming from the side and rugby tackled the player before he could score. The referee blew his whistle and pointed to the spot. The tension mounted as Emilio, guarding the goal mouth, danced his to the left and then the right as the Barcelona player stepped up to take the penalty. The penalty taker fired the ball toward goal. Emilio flung himself into the path of the ball and saved the penalty.

Later Zaid made up for creating the penalty by making the perfect pass to Jarod who neatly slotted the ball into goal. That was the only goal of the match and Dazzlers had won the twenty fourteen edition of the Tournament. The team were awarded the first prize of water bottles, Blue Ice caps and kit of the Brazilian National team. As the top goal scorer, having slotted in fifteen goals, Levandre received Air Max takkies. Rameez won Player of the Tournament. As the best goal keeper of the Tournament, Emilio won the Golden Glove.

The team celebrated their victory at the Northgate Ice Rink. Jarod and Rameez went overboard flirting with girls they met at the Rink. The brother of one of the girls took umbrage at Rameez and smacked him. True to the TRB's motto of 'Touch One. Touch All', Jarod leapt to Rameez's defence by felling the brother with a right hook. The brother's friends rushed to his defence and joined the fray. Fists flew as the TRB and the brother's friends laid into each other.

Rameez punched the brother who fell to the ground and the rest of the TRB gave him a beating as he was the biggest guy in his group. During the melee one of the opposition got a firm grip on Galin's foot and hurled him to the ground, causing a tooth to chip. The Rink manager was unimpressed with the TRB's conduct and promptly banned them from the premises for three months.

As both Rameez and Galin celebrated their birthdays in August, on the 30th August 2014 the TRB were the first in line at Gold Reef City to help their team mates to celebrate. Levandre gave his mates the distinct impression that he was anxious about going on the Anaconda and the Tower of Terror rides. He insisted that the team go on the Runaway Train instead as there were girls in that line. His team mates checked out the girls and said that they were not interesting enough. They ended up on the Raging Water Rapids where they met six girls, one for each team mate. Gerod and Rameez had to be restrained from jumping into the water to impress the girls. Those antics were not necessary as they ended up kissing the girls.

Sometimes the TRB pushed their luck too far when it came to pursuing girls. Every Saturday after the match the team went to the Bread Bin in Bosmont to buy snacks which they ate at Jarod's grandmother's house. Emilio noted two girls who looked rather hot from behind. He decided to approach them to ask for their telephone numbers and BBM pin numbers. The 'girls' turned around. To his shock one of the 'girls' was a mother out with her daughter. The mother looked at him and asked: 'Can I help you'. The girl looked absolutely mortified.

GARY GROENEWALD; EARL GROENEWALD; LEANDER GROENEWALD; BONGANI BUTHELEZI; PATRICK MAILA AND RYAN BURGESS

Earl Groenewald, a striker, was born on 13th June 1991; Leander Groenewald, a central midfielder, was born on 20th June 1993; Bongani Buthelezi, a mid-fielder, was born on 20th March 1990; Patrick Maila, a left back defender, was born on 18th February 1991 and Ryan Burgess was born on 13th June 1991. In twenty fourteen they were part of the team playing in the Super League.

Bongani started playing for Dazzlers in 1996, together with the two Warrens known as Big Warren and Small Warren. At that stage Dazzlers had an intense rivalry with Everton. Members of both teams lived in the Newclare Flats and the rivalry was not confined to the football field. As a result of this rivalry, the on-field encounters between the two teams was fraught with tension and each side was determined to beat their rival.

During a particularly important match, Zain—a Dazzler's striker—received the ball and immediately mounted an attack on the goal mouth. Two Everton defenders tried to intercept him. Zain dribbled past him with ease. The second defender employed harsh tactics and took Zain out in the penalty area. The referee refused to award Dazzlers the penalty. Zain was infuriated and verbally challenged the referee as a penalty would have levelled the score and allowed the game to go to a penalty shoot-out. The referee insisted that his decision was final and the argument escalated.

Everton's jeers were like fuel thrown on a fire. Punches were thrown, with one of the Warrens, trying to hit an Everton player. During the fracas the referee got in the middle of the opposing players and someone's elbow accidentally struck the referee. The referee was convinced that he was hit by a Dazzler's player and disqualified Dazzlers with immediate effect. This incident fuelled the rivalry between the two teams which only petered out when Everton broke up in two thousand and eight.

Not all the players came from happy backgrounds. Membership of the team created close bonds, akin to family ties, which allowed the players to support each other and helped them forget their problems at home. Patrick and Earl were particularly good at making their team mates laugh. As all the players did not live in close proximity to one another they used social media to stay in touch.

The twenty four team was rebuilt in twenty two under Coach Gary Groenewald. He was approached by Neil Beckett as Dazzlers no longer had a team playing in the Super League. The team had a difficult start as there were insufficient players and Gary had to recruit about eight players. Despite these challenges they came third on the log in twenty two. The highlight of that year was winning the Currim Dhausie Cup in a hard fought match against Westbury Arsenal.

In twenty three the team was again in action against Arsenal in the Currim Dhausie Cup Final. Each team stretched the other team to the limit. Coach Gary constantly told Earl not to hold onto the ball. Earl disregarded his advice in the Final. In the second half Earl was in possession of the ball and weaving his way towards the goal mouth. An Arsenal defender moved in to tackle him. At that point he should have passed the ball, but he did not, in order to taunt his opposition. Instead he lopped the ball past the defender.

As he passed the defender, the defender intentionally hit him in the eye with his elbow, cutting open the eye and causing him to lose possession of the ball. The referee refused to blow the whistle in favour of a penalty and awarded a free kick after halting the match to allow Earl to receive medical treatment. Later on he scored a goal. Dazzlers won the match three nil. Earl then went to the hospital to get his cut eye stitched.

Overall twenty three was a low point for the team as there were only four teams competing in the League. The players were despondent as they thought that the Bosmont Football Association was falling apart. Despite this Dazzlers won not only the League in twenty three but rewrote history by winning the Treble in the B.F.A. At the beginning of the twenty four season the situation did not look much better. In February 2014 they played a Derby against Kick Star with players picked at random. They lost and they thought that it was the end of Dazzlers.

In an effort to keep the team together they held meetings with former players and started training in earnest. Morale picked up and Dazzlers became a well horned fighting unit. The B.F.A. was also rejuvenated, starting the season with ten teams and increasing to twelve teams.

The twenty four League game against Roodepoort Academy was tough. Coach Gary usually shouted at Patrick to make a greater effort. In this game he did not shout at him as Dazzlers put in a sterling effort against a team that was younger and bigger than them. The Academy team constantly rough tackled the Dazzler's players, who received no sympathy or quarter from the referee.

Tyrelle, playing for Dazzlers, was brought down by an unfair tackle. The referee ignored his pleas for justice, so Tyrelle meted out his own brand of justice. As the opposing player who brought him down was much bigger and taller than him, Tyrelle jumped onto his shoulders so that he could deliver a few blows to his face. The referee awarded Tyrelle a red card for his efforts. Despite playing with only ten men, Dazzlers won the match five three.

Although the twenty four season started on a low note for Dazzlers, their fortunes increased dramatically as the season progressed. Despite the League increasing from the four teams playing in twenty thirteen, to twelve teams in twenty fourteen, they did not lose a single match in the twenty four League season. They drew three games and won the rest. They won many games by margins of nine or ten to one. They also broke their previous record of eight wins in a row by winning fifteen games in a row, which was an overall new record for Dazzlers.

EPILOGUE

By nineteen fourteen Dazzlers had reached pensionable age. Instead of walking off into the sunset like so many Clubs that came before and after their establishment, they have gone from strength to strength, despite a range of obstacles that can be expected on every journey.

If there is a recipe for success for popularity and longevity it is perhaps the following ingredients. Firstly, strong leadership ranging from the Founders, through the Beckett Brothers to the Peters, Van De Haer and Goodall families and other families based in the Bosmont community.

Secondly, community participation in the team and support from community spectators on the field and assistance in fund raising and taking care of the kit off the field. A striking feature has been the loyalty of families in the community who have supplied generations of players for the Club.

Thirdly, a true passion for football which germinated on the dusty streets of Albertville in the nineteen forties; which was transplanted to Bosmont in the nineteen sixties and which continues to be fertilized by the stalwarts of the Club and which grows in every new generation of players.

Sixty five years have passed in a flash. It is hoped that this book will instil a deep sense of pride in the present and forthcoming generations of players. It is hoped that this pride and sense of history will encourage continued participation by the community in the Club, not just as players, but as coaches, administrators, supporters and fund raisers so that Dazzlers can reach its Centenary stronger than ever and take its place amongst the world teams who have stood the test of time.

GOAL!!!!

Dazzlers celebrated its Sixty Fifth, or Blue Sapphire Anniversary, in Twenty Fourteen by winning the Treble for the first time in ten years. Under the Bosmont Local Football Association, Dazzlers won the Super League Title; Carrim Dharsey Challenge Cup and the Knock Out Cup.

RANDOM DAZZLERS FACTS

Team founded by fifteen year old school boy cousins Willie Mooi and Clifford Jousten in nineteen forty nine.

First kit paid for entirely by Melan Mooi.

First football purchased–Tomlinson T ball.

First opponents–Palladians in the winter of nineteen forty nine.

First Mentor–Reggie Feldman.

First Captain–Willie Mooi.

First goalie–Clifford Jousten.

First fine for untidy kit–six pence.

Dazzlers monogram designed in nineteen fifty five by teacher and artist Alfie McBride.

Dazzlers Honour Principle–never to win a game by default.

First Trophy won–TIFA Spelling Knock Out Trophy, by the Third Division Team in the nineteen fifties.

Chockie Beckett nicknamed after a brown pigeon known as a chocolate after been covered in brown mud.

One of first Juniors coaches–Jakes May.

Longest serving Dazzlers Chairman–Clifford Van Der Haer 1966–1992.

Youngest chairman of Dazzlers meetings– Chockie aged thirteen.

First Derby opponents in Albertville–Municipal Police Team known as ‘Zebras’.

Traditional Dazzlers Friday meeting prayer initiated by Ebrahim Schroder in the nineteen sixties.

Dazzlers ‘gangsters’ called the ‘Vuil Rush’.

Dazzlers fund raisers are called ‘Smokers’.

Life Presidents: Johnny Mooi; Laloo Singh; Clifford Van Der Haer.

Longest serving member Dazzlers– Neil ‘Dada’ Beckett.
