SCHEDULES

- A. Population Statistics as at 30th June 1968
- B. Housing Statistics : Soweto and Eastern Bantu Township as at 30th June 1968.
- C. Schedule Showing the cumulative capital outlay, gross income, Expenditure Deficit and arrear rents, for both the Bantu, Coloured, and Asiatic branches income expenditure and cumulative expenditure from the Bantu Services Levy fund and income, profits and expenditure from profits of the Bantu Beer Account and Liquor account as at 30th June 1968.

REPORT OF THE BUREAU OF STATISTICS, MINISTRY OF BUREAU OF STATISTICS, FOR THE YEAR ENDING 30th JUNE 1968.

- D. Recreational Facilities for Bantu as at 30th June 1968.
- E. Workseekers for the year ending 30th June 1968.
- F. Liquor Distribution Branch - Quarterly percentage sales by volume.
- G. Schedule Showing the number of employees

Except where particularly stated all figures are in Rand.

GENERAL NOTES

(1) House of Representatives

The House of Representatives, established by the Constitution of 1961, is the lower house of the Parliament of South Africa. It is elected by the voters of the Republic of South Africa. Following the election of the House of Representatives in 1961, the House was officially opened by the Hon. Deputy Minister of Bantu Administration and Development on 12th April, 1961.

The House consists of 11 elected members and 17 members of honour for the following eight national units - North West, South West, Natal, Transvaal, Orange Free State, Cape, Natal, and Zululand. The elected members were elected by the voters of the Republic.

The voters' roll contained the names of more than 10,000,000 voters in the Republic. Contacts for the elected members were held in 10 seats.

In 1961, with the introduction of the Bantu Affairs Administration Act, provision was made for the election of an advisory Council for the Bantu Affairs Administration.

CITY OF JOHANNESBURG

NON-EUROPEAN AFFAIRS DEPARTMENT

REPORT OF THE MANAGER, NON-EUROPEAN AFFAIRS DEPARTMENT,
FOR THE YEAR ENDED 30TH JUNE, 1968.

TO THE MAYOR AND COUNCILLORS OF THE CITY
OF JOHANNESBURG.

Mr. Mayor, Madam and Gentlemen,

I have the honour to submit the report of the Council's Non-European Affairs Department for the year ended 30th June, 1968. (Except where particularly stated all matters reported refer to Bantu).

A. IMPORTANT EVENTS.

(1) Urban Bantu Council.

In my last annual report, I referred to the anticipated completion in March 1968 of the Urban Bantu Council Chamber at an estimated cost of R200,000. Following the election of the Johannesburg Urban Bantu Council on 30th March, 1968, the Chamber was officially opened by the Hon. Deputy Minister of Bantu Administration and Education on 11th April, 1968.

The Council consists of 41 elected members and 17 selected members for the following eight national units - North Sotho, South Sotho, Swazi, Tsonga, Tswana, Venda, Xhosa and Zulu. The selected members were elected by the Chiefs Urban Representatives.

The voters' roll contained the names of more than 86,000 divided into National Units. Contests for the elected members were held in 10 wards.

In 1923, with the introduction of the Native Urban Areas Act, provision was made for the election of an advisory board for each of the Townships in Johannesburg.

The first advisory board was elected in 1925 and advisory boards have been in operation since that date until 31st December 1967. On the 10th January, 1968, regulations were promulgated which constituted the Urban Bantu Council. These regulations make provision for the election of persons from eight national groups to represent their wards in the Council and also for certain selected chief's representatives to hold seats in the Council. The selection of the necessary representatives took place over a number of weeks and most of them have been appointed. The election for the balance of the Councillors took place on the 30th March, 1968, when an extremely heavy poll was recorded at all 20 stations. This contrast to previous Advisory Board elections reflected the interest of the residents of Soweto in a new system of civic administration.

The prestige building houses the Council Chamber and committee rooms - four committees namely, Amenities, General Purposes and Housing, Trading and Transport, and Education and Health have been elected to deal in detail with the many aspects of administration in Soweto.

(2) Naledi Hall.

This hall costing nearly R55,000 was officially opened by His Worship the Mayor on the 22nd February, 1968. It seats 600 people, has a good sized stage and dressing rooms as well as a projection room and kitchen facilities.

(3) Visit : Commissioner-General of the Xhosas.

On Thursday, 21st March, 1968 his Excellency the Commissioner-General for the Xhosa Unit, Mr. J.H. Abraham paid a visit to Soweto. The purpose of the visit was to meet members of the Xhosa National Unit and to address a meeting in the Mofolo Hall.

B. PROGRESS OF MAJOR SCHEMES.

(1) Pimville/Klipspruit : Housing.

The last of the houses in the Klipspruit section of Pimville were completed during August, 1967, and 654 were completed and occupied in Zone 1, Pimville, by April 1968.

(2) Dube Extension Housing.

Work started on building of 105 houses in Dube Extension. Twelve of these houses were used temporarily as a hostel for women moved from the Wolhuter Women's Hostel.

(3) Emdeni 399 Houses.

This scheme was started on the 14th November 1967.

(4) Klipspruit Shopping Centre.

This centre, the first large shopping centre of its kind in Soweto, consisting of 10 shops was completed in April 1968.

(5) Chiawelo Extension Shopping Centre.

The second largest shopping centre to be built in Soweto, in Chiawelo Extension No. 2, was started in March 1968.

(6) Doctor's Consulting Rooms.

A further consulting room making three in all is being erected adjoining the Naledi Hall and work started on the 14th April 1968.

(7) Soweto Administration Offices.

Re-organisation proposals for the Townships for better control require additional office accommodation and many of the offices in Soweto are to be reconstructed and work started in March 1968.

(8) Police Station : Jabulani Civic Centre.

Work started on this project on 12th March 1968.

(9) Wholesale Market : Jabulani Civic Centre.

Decentralization of the produce market to avoid long distances travelled by the Bantu Traders of Soweto was brought a step nearer by the decision to build a new wholesale market at Jabulani and work started in March 1968.

C. ROUTINE WORK.

(1) Population.

The total Non-European population of the Johannesburg Municipal area and the Bantu Resettlement Board, but excluding the Peri-Urban Areas, which are outside the jurisdiction of the Johannesburg City Council, was 742,179 consisting of 673,639 Bantu, 56,816 Coloureds and 11,724 Asiatics.

Details are given in Schedule 'A'.

(2) Housing.

(a) Family Accommodation.

The Council's growing waiting list for houses is 11,198 as at 30th June 1968, and the difficulty in obtaining approval from the Department of Bantu Administration and Development for family housing is becoming serious. Unless the housing programme is speeded up overcrowding and other social problems will become grave. Similarly, the waiting list for hostel accommodation is approximately 12,000.

As at 30th June there were 64,519 houses in Soweto and in Eastern Bantu Township 555 - making a total of 65,074.

(i) Eastern Bantu Township.

The decision to abolish Eastern Bantu Township (628 houses) established in 1925 was taken during the year because the East West highway and the electricity power lines made life in the township untenable. There is no land available within the township for school or recreation facilities and it has not been possible to buy further land adjoining the township to provide these facilities. In the meantime with the demolition of schools for the highway, temporary accommodation had to be found in adjoining Nourse Mine and various halls.

(b) Single Accommodation.

(i) Housing Single men in Hostels.

The Department has plans in hand for the building of large hostels in Lifateng and Mapetla (both in Soweto) and discussions between the Council and the Department of Community Development in regard to the standards required for the accommodation have held up completion of the plans.

The 2,000 beds at the City Deep Hostel (an old mine compound) has done little to relieve the waiting list position. Negotiations are now proceeding for the use of two and possibly three further mine compounds which could be used temporarily until capital funds are available for the building of further hostels in Soweto.

(ii) Wemmer Hostel.

The life of this Hostel, which has been in existence since 1922, is slowly coming to an end as the work on the major freeways of the City bite into the land on which the hostel is built. Buildings have had to be demolished and the total number of beds has been reduced from 2,817 to 1,766 as the work on the construction of the "On" and "Off" ramps from the expressway takes shape.

(iii) Wolhuter Women's Hostel.

This hostel was donated to the Council in 1929 by the Government. It was then known as the Government Mines Training School, Wolhuter Mine and was situated on the farm Doornfontein.

The premises were renovated and adapted for use as a Women's hostel and housed 117 Bantu women. The land requirements for the new overhead power lines were such that essential portions of the hostel such as the kitchen, dormitories and Superintendent's house had to be demolished and under the circumstances there was no longer any justification for the retention of the hostel. The hostel was, therefore, demolished during the year, and the women accommodated temporarily in new houses in Dube Extension, but they will eventually be housed in a new extension to the Women's Hostel at Orlando West.

The statistical housing details of Bantu Housing are shown on Schedule 'B'

(3) Rents.

Because of the loss on municipal services in the Bantu townships and to ensure uniformity an increase in the price of water has been proposed. Tenants of houses will pay 20c per thousand gallons (metered) or 50c per month for this service (unmetered). Hostel occupants will pay 10c per month for water. The collection of this charge will entail an amendment to the regulations.

Rent arrears are still reducing as can be seen from the following table:-

<u>Year Ended 30th June.</u>	<u>Annual Rents.</u>	<u>Arrears.</u>	<u>% of Annual Rent.</u>
1967	R4,152,366.	R54,020.	1.3
1968	R4,283,769.	R 6,129.	.14

(4) Financial.

The cumulative capital outlay increased to R62,832,658 and the deficit of the Bantu Revenue Account was R356,367 as at 30th June 1968.

Details are shown on Schedule 'C'.

(5) Staff.

The number of staff employed by the Department as at 30th June 1968 to serve the Non-European Population is reflected in Schedule 'G'.

(6) General Amenities.

(i) Electricity.

A total number of 9,568 houses have now been wired for electricity.

(ii) Health.

The facts and figures relating to health services provided by the Council to the Non-European population are contained in the annual report of the Medical Officer of Health under whose jurisdiction these services fall.

(iii) Roads.

A further 7.44 miles were constructed during the year under review bringing the total mileage of roads to 434.41.

(iv) Schools.

Up to the 30th June 1968, 127 schools had been built. The estimated number of pupils is 94,444.

(v) Water Supply.

Another 2.2 miles of mains were laid bringing the total to 422.8 miles. Metered leads now total 4,282 and 67,781 unmetered.

(vi) Transport.

Apart from the railway services Soweto is supplied with an increased number of Putco buses. To provide facilities for the large number of buses operating in Soweto, the Council allocated a large piece of ground to Putco and during the year work started on the buildings which will serve as garages and workshops and fuelling facilities.

(7) Community Services Branch.

The Community Services Branch is controlled by an Assistant Manager and a staff of 56 Europeans and 626 Non-Europeans.

(i) Bantu Recreation Section.

(a) School Leagues.

The staff assisted in organizing the recreation programme at 127 schools, and during schools holidays organized football, volleyball, tennis, basketball and other games to keep children off the streets.

(b) Adult Football Leagues.

The Department provides grounds for football associations to run their amateur and professional leagues during the weekends. 603 teams competed in the various leagues.

(c) Cycling and Athletics.

Technical assistance was given to the Athletic and Cycling Associations and meetings organized at Orlando, Moroka/Jabavu and Elkah stadia. The annual cycle race from Potchefstroom to Johannesburg was also held.

(d) Evening Clubs for Adults.

Facilities were provided at 23 evening clubs where the staff assisted with and supervised boxing, wrestling, judo, weight-lifting and body-building.

(e) Swimming Pools.

Attendance figures at the Bantu pools for the past swimming season - 1st September 1967 to 31st March 1968 were as follows:-

Orlando Pool	99,148
Jabavu Pool	84,829

(f) Recreation Facilities.

The facilities provided by the Department are reflected in Schedule 'D'.

(ii) Cinema Section.

This section gave 1,047 shows at 19 venues during the period under review.

In addition shows were given at schools and clubs, for fund-raising.

(iii) Horticultural Section.

Extensive improvements were made to the garden of indigenous plants at the Oppenheimer Tower. The immediate surround of the new Urban Bantu Council Chamber has been levelled, planted with trees and grass. Along the main road bisecting the Civic Centre street trees have again been planted.

A well-supported competition was held in Mofolo North where the Horticultural Section assisted in organizing and judging.

Burials at the two cemeteries were as follows:-

Doornkop	9,709
Klipspruit	262

(iv) Rehabilitation and Youth Services Section.

(a) Youth Clubs.

23 Youth Clubs with a total enrolment of 2,984 and an average attendance of 55 per session per club were catered for by this section.

Club activities included indoor and outdoor games, softball, volleyball, table-tennis, drama, dancing, art and handwork.

All clubs attended picnics and Christmas parties during the year.

(b) Play Centres.

This section administered 3 play centres with a total enrolment of 326.

(c) Women's Clubs.

Ten Clubs with a total enrolment of 252 and an average weekly attendance of 73 were attended mainly by married women who wished to improve their knowledge of housekeeping.

(d) Orlando Sheltered Workshop.

All four sections e.g. hand weaving, sewing, packing and netting showed increased activity during the year.

There were 103 workers on the roll and the average daily attendance was good.

(v) Cultural Section.

(a) Music Appreciation Groups.

These groups consisted of 188 members of whom 33 entered for the various music examinations of the Associated Board of Royal Schools of Music as well as the Music Department of the University of South Africa. Twenty-four of these entrants were successful.

(b) Orchestra.

The orchestra is composed of the Soweto Youth Orchestra comprising 9 violin players, 12 recorder players and one piano player, and the Jubilee Chamber Orchestra comprising 2 first violins, 2 violas, 1 cello, 1 flute and 1 clarinet. The orchestra has accompanied choirs and also performed during the opening ceremony of the Johannesburg Bantu Music Festival.

(c) Art Classes.

During the year 300 pupils received tuition in the basic knowledge of art and sculpture.

(d) Choir.

The recently-formed choir is a mixed chamber choir of 16 voices comprising 3 sopranos, 3 contraltos, 6 tenors and 4 basses.

(e) Children's Music Classes.

206 children attended music, theory, recorder, singing and percussion band classes.

(f) Concerts.

During the period under review 2 choral concerts were held at Uncle Toms' Hall, 2 symphony concerts at Orlando Y.M.C.A. and the Naledi Hall.

(vi) Brass Bands Section.

The five brass bands gave 585 performances at outdoor concerts, compounds, hospitals and hostels. They also performed at police drill competitions and at special athletic meetings, funerals and religious services.

The annual brass bands competition was held in September 1967.

(vii) Welfare Section.

(a) Average Monthly Case Load.

During the year 1,278 new cases were opened and 1,392 cases closed. This brought the case load to 1,260 in the general and 698 in the Tuberculosis Section.

Each worker made an average of 187 contacts and wrote 6 full reports and 25 progress reports per month.

(b) Poor Relief.

During the year 121 families received food parcels and 583 families received cash grants.

(c) Current Rents.

Of the 139 families at present receiving assistance with current rent to the amount of R572 a month, 87 families are living in sub-economic townships.

(d) N.E.A.D. Welfare Fund.

Over 15,000 individuals were assisted with clothes and blankets at an average monthly cost of R7,000.

(e) Winter Clothing Appeal (Operation Snowball).

About thirty truckloads of clothes and blankets were donated by the public and distributed by various agencies to the Schools and needy in Soweto. The total amount received during the year under this heading was R4,378.

(f) Tuberculosis Work.

An average of 80 families were assisted with rent every month while 507 families received cash grants during the year to the amount of R19,351.

(viii) BRANCH HEADQUARTERS ADMINISTRATION.

(a) BURSARIES:

During the year, the Headquarters Staff administered -

68 School Bursaries	(48 Bantu, 8 Asiatic and 12 Coloured).
13 Medical Bursaries	(4 Bantu, 5 Coloured and 4 Asiatic).
7 Social Studies Bursaries	(2 Bantu, 4 Coloured and 1 Asiatic).
2 Pharmacy Bursaries	(Coloured).
1 Dentistry Bursary	(Coloured).

(b) GRANTS-IN-AID.

During the year the Headquarters Staff administered -

100 Grants-in-aid for Bantu organisations	
totalling	R135,815.
42 Grants-in-aid for Coloured and Asiatic organisations	
totalling	R38,778.

(8) INFORMATION AND RESEARCH:

(a) Information Section.

Because of the tremendous demand for tours of Soweto an additional Tour Guide had to be appointed. The popularity of the tours is reflected in the fact that during the year 5,251 visitors were taken through Soweto. It is hoped to run two tours daily as from July, 1968.

It is anticipated that new handouts e.g. "Procedure in Regard to the Employment of Bantu Domestic Workers in the Prescribed Area of Johannesburg" will become available during the ensuing year. Ever increasing enquiries are received by the Section not only from the local public, but also from overseas.

(b) Research Section.

The establishment of this Branch now consists of a Chief Officer, Information and Research, one Information Officer, One Research Officer, two Research Assistants and two Bantu Research Assistants.

Apart from normal routine work, this section assisted in a number of surveys conducted by various scientific institutions viz:-

- (i) Bantu Housing Survey - Institute for Social Research, University of Natal.
- (ii) Biology Programme into research of problems of Human Adaptability - Council for Scientific and Industrial Research.
- (iii) Recreational Habits of Urban Bantu - University of Pretoria.

(9) INSPECTORATE.

The Inspectorate staff establishment for the period under review was a Chief Inspector and his Assistant, 14 Senior Inspectors. 62 European Inspectors, 5 Woman Assistants, 12 Bantu Inspectors and 1 Messenger.

11,297 Europeans and 61,776 Bantu were prosecuted. The majority of the Bantu were prosecuted for remaining in the urban area for longer than 72 hours without the necessary permit (21,464) and for having no valid documents (20,147).

The Inspectorate carried out 5,931 investigations for the Treasury Branch in respect of outstanding Services Levy and Registration fees and R778,898 was recovered.

The documents of 21,821 Bantu referred to the Inspectorate by the Municipal Labour Branch and during inspections of premises were scrutinized.

Inspections of Servants' quarters were conducted at 95,323 private residential and licensed premises and 1,187 Bantu were found being accommodated unlawfully.

During the period under review 6,340 licences to accommodate more than one servant have been approved, involving 5,135 males and 3,133 females.

(10) LIQUOR DISTRIBUTION BRANCH.

(i) Liquor Section.

This section continues to operate with 14 bottle stores and 3 bar lounges.

During the year under review the practice by some private liquor licencees of reducing their price of spirits and malt to Bantu customers continued. In spite of this, sales increased from R2,278,485 in 1966/67 to R2,700,121 in 1967/68.

(ii) Bantu Beer Section.

Total sales of Bantu beer once again showed an increase, despite a continuing decrease in Bulk sales of Bantu Beer.

The increase total sales was mainly due to the heavy demand for this product in packaged form sold from bottle stores in the City and suburbs.

For the year ended 30th June 1968, the total sales were 29,283,565 gallons, being 1,054,975 gallons more than in the previous year.

The percentage volume sales of the type of liquor purchased by Bantu from bottle stores in Soweto and of packaged Bantu Beer sold is reflected in Schedule 'F'.

(11) MUNICIPAL LABOUR BRANCH.

(i) Workseekers.

(a) MEN.

There was a decrease in the number of adult men registering for employment. The decrease, although not as marked as in the previous year, can be attributed to a growing tendency on the part of workers to retain their employment.

During the year 139,644 men registered as workseekers compared with 141,770 during the previous year.

(b) WOMEN.

The number of women registering for employment showed a considerable increase over that of the previous year, viz. 55,283 in 1967/68 against 38,201 in 1966/67. This increase can, in part, be accounted for by the fact that women are coming forward for employment in ever increasing numbers, particularly in the fields of commerce and industry.

Detailed Statistics on Workseekers are reflected in Schedule 'E'.

(ii) In Employment.

As at the 30th June 1968 there were 246,763 males and 124,712 females in registered employment. The number of unemployed men was 2,933 which represents 1.17% of the total male labour force. Unemployed women amounted to 11,107 which is 8.18% of the total adult female labour force.

Supply and Demand.

The comparative figures for the first and last quarters of the year show a general increase in the number of unfilled vacancies, which can be attributed to a greater demand for skilled and semi-skilled workers. There has also been no improvement in the high number of unfilled vacancies for female domestic workers as women show resistance to jobs where they are required to "sleep-in" on employer's premises.

Juveniles.

The increase in the number of juveniles successfully placed in employment can be attributed to two main factors: the increasing willingness of employers to employ juveniles and the placement facilities available to them through the medium of the Department.

(12) COLOURED AND ASIATIC DIVISION.

(a) Housing.

Whilst the housing shortage of the Coloured community continues, the position has been partially alleviated, by the flat building schemes that have been completed.

The Coloured population in Johannesburg is 56,816 and the number of families on the waiting list as at the 30th June 1968 is 2,201.

The Newclare Flat scheme which was commenced during the 1966/67 period is proceeding satisfactorily, and all 174 flats in Westbury have been built, and are now occupied. 431 Flats have been let in Newclare. The areas surrounding the flats require attention such as planting of lawns and trees, and provision has been made for this in the current Estimates. An attractive modern housing scheme in this area is envisaged.

Work on the second phase (northern section) in the redevelopment of Western Township is now being planned, and a further 194 dwelling units are to be demolished in order to make way for the erection of 156 economic flats and 57 sub-economic flats at a cost of R493,361, also in Western Township.

(b) FUTURE HOUSING SCHEMES.

Riverlea Extension Noo 2 will provide a further ⁺
600 housing units.

In addition, plans are in hand for the erection of 134 economic flats in Riverlea for which a loan of R391,863 has been authorised.

Also in the Riverlea area it is proposed to erect, within the next year, 90 additional houses which will be sold. Tenders have already been invited.

Negotiations are still taking place in connection with the sale of stands in Riverlea and a report has been submitted to the Council to sell these stands at the approved prices.

Additional land for housing schemes is being sought.

The possibility of providing accommodation for aged and single persons in Coronationville is being investigated, and the Johannesburg Coloured Society of the National Council on Alcoholism have been granted the lease of a stand in Coronationville, in order to build an institution for the treatment of alcoholics. In this area also, preparation is under way for the building by the Johannesburg branch of the S.A. Coloured Ex-Servicemen's Legion of a clubhouse for ex-servicemen and their families.

/(c)

(c) ACTIVITIES DURING THE YEAR.

In September 1967 a communal hall, library and clinic at Riverlea was officially opened by the Mayor.

A clinic and library was officially opened in Bosmont by the Mayor in April 1967. These buildings were erected by the City Engineer's Department at a cost of R29,960. In both cases the buildings have been handed over to the relevant Departments concerned.

An interesting new type of amenity for the Coloured people was established in the Westlea area by the laying out of a bowling club for the Coloured community. The cost was R10,000 and a house has been converted into an attractive club house. This is the first club of this nature to be established in South Africa, and the enthusiasm shown by the Coloured Community ensures its success. Prominent European bowlers are giving lessons to the members of the club. It is proposed that further greens should be built when funds are available.

(d) GENERAL.

(i) Rent arrears.

Due to the conscientious efforts of the staff of the Division, satisfactory progress has been made with regard to the recovery of rent arrears.

As at June 1967, the rent arrears for all the Coloured areas were R6,661, which represents 17% of the debit. As at the 30th June 1968, the rent arrears are R3,092, which represents 6% of the monthly debit.

(ii) Community Services.

Old age clubs are regularly attended in the townships of Coronationville, Riverlea, Noordgesig and Western Township. In addition there are sewing clubs, and an exhibition of work has been held in conjunction with the combined Club Concert.

At the Union Stadium Centre in Western Township group activities on a full-time basis for all age groups are provided. Membership was 800, and daily attendance was recorded at 225.

/The

The cultural development in the Coloured areas has progressed satisfactorily. Symphony concerts by the S.A.B.C. have been held; one P.A.C.T. Opera, 2 P.A.C.T. Ballets, and a Cultural Concert for Coloureds have also been held.

The Ballet Opera and Arts Theatre has been most active in organising three Johannesburg Symphony Orchestra Concerts in the Coloured areas. The organisation of the Annual Coloured Eisteddfod, the teaching of the piano, (free of charge) and the promotion of ballet schools is proving popular.

Four hundred families have been given financial assistance during the year in question, and the average case load is about 100 per month, apart from the casual cases which average 400 monthly.

(iii) Recreation.

The maintenance and development of the various outdoor sporting facilities are being satisfactorily developed and maintained by the Community Services Branch of the Non-European Affairs Department.

(iv) Newclare Civic Centre.

The Department of Community Development is involved in expropriating properties for the development of a civic centre for the Coloured community in Newclare and Consultants are busy preparing a scheme for the centre for approval by the Council. The Coloured Development Corporation is considering the financing of a supermarket in the area, subject to agreement with the Council. It is hoped that building operations will start in 1969.

(v) Coloured Management Committee.

In November 1967, elections were held in the townships of Bosmont, Coronationville, Newclare, Riverlea and Western Township for representatives of the Coloured Management Committee.

This is the first elected Committee, and after an extremely successful election with a percentage poll of 62% for Bosmont, 81% for Coronationville, 86% for Newclare, 70% for Riverlea and 64% for Western Township, the induction ceremony of the newly elected Management Committee took place on the 1st December, 1967.

It is with regret that the outgoing Chairman of the former Committee, Mr. E. Hobbs, had to tender his resignation as he has been appointed Inspector of Coloured schools in the Cape. A special tribute was paid to him at the induction ceremony for his leadership and guidance during his term of office.

(vi) Grants-in-Aid.

In the Estimates for the financial year 1967/68, an amount of R38,778 was provided for various grants-in-aid and donations for 50 institutions working in the interests of the Coloured Community in Johannesburg.

(vii) Niemand State Committee.

In order to facilitate the building and development of housing schemes for Coloureds and Asiatics, the Council's Management Committee and senior officials have been holding regular discussions with the Niemand State Committee, which was established in 1964, to assist the Council in accelerating the provision of housing, in carrying out urban renewal schemes and in contributing to community development generally. Discussions have already been held with the State Committee in respect of the Newclare Civic Centre and the proposed Indian commercial centre.

The outcome of these discussions has led to greater co-ordination of effort in the interests of the Council and Asiatic community.

/(viii)

(viii) Asiatics.

Extensive planning is being carried out for the establishment of an Indian Business Centre in Fordsburg with an oriental character and atmosphere, and the provision of funds has been approved, in principle. Consultants have been appointed to plan the centre, which will be a show place for all members of the community and as well as for visitors. Extensive investigations as to the actual needs of the Indian traders are being made.

(ix) Pageview.

The removal of Indians from Pageview is still being pursued and protracted negotiations with regard to the leases in this area is complicating the issue.

(x) Staff.

The staff of the Coloured and Asiatic Division consists of 20 European officials and 169 Coloured officials.

Two new posts have been created and filled, being those of the Estates Officer and the Assistant Estates Officer, whose functions are to deal exclusively with the allocation of houses in the various areas which include the new areas in the course of development.

13. Committees.

Non-European Affairs Committee 1967/1968.

Councillors	-	P.R.B. Lewis	(Chairman).
		H.B. Ismay	(Deputy Chairman until 5.3.1968)
		I.E.B. Attwell	
		J.S.J. Burger	
		E. Cuyler J.P., M.P.C.	
		H.F. Dennis	
		D. Mahony	
		S. Moss	(Deputy Chairman from 5.3.1968)
		I. Schlapobersky	
		C.P. Venter	

Management Committee 1967/1968.

Councillors - P.M. Roos (Chairman)
P.R.B. Lewis (Deputy Chairman)
M.L. Neppe
J.F. Oberholzer M.P.C.
A.B. Widman M.P.C.

14. Thanks.

As this will be my last Annual Report prior to my retirement in February, 1969, I want to place on record my thanks and appreciation to the Chairman and members of the Non-European Affairs Committee and Management Committee for their help, encouragement and support; likewise to my staff for their unfailing loyalty, to the Town Clerk and heads of departments for their willing assistance, and to the many outside bodies which in one way or another assisted in the work of the department, not only during this past year but for all the years I have been privileged to serve the Council.

W. J. P. CARR.
M A N A G E R.
