S T A T E M E N T

of Professor JOLLIOT-CURIE, President of the  
WORLD COUNCIL OF PEACE.

The World Council of Peace will meet in Vienna from  
November 23rd to 28th, 1953.

In the light of the current campaign, the World  
Council of Peace proposes to consider what should be done  
by all peace-lovers, regardless of past or present differences,  
to induce the Governments to settle the disputes and conflicts  
among the nations - with due regard to the independence and  
and security of every people - by agreements acceptable to  
all ; with particular reference to :

- The prohibition, under control, of the H-Bomb  
and all weapons of mass destruction, together  
with a reduction of armaments;
- The settlement of the questions of Korea and  
Germany which are, at the present time, the  
principal threats to world Peace.

PARIS, October 20th, 1953.

## WORLD COUNCIL OF PEACE

(Vienna Session, 23rd-28th November 1953)

STATEMENT BY THE SCIENTISTS AT THE  
MEETING OF THE WORLD COUNCIL OF PEACE.  
-----

The scientists present at this session of the World Council of Peace, knowing the terrible power of destruction of weapons of mass extermination, call upon their colleagues throughout the world to take energetic action for the prohibition of these weapons.

They call upon them to support the efforts of all those who want science no longer to be used for destructive ends but put at the service of mankind.

Vienna, 28 November, 1953
