My dear Benjie,

I have just received a letter from Bob in which he informed me that his finger is completely healed. A new finger is appearing.

I applied for the children (boys) on a multi-racial school in Swaziland.

They have replied and enclosed the application forms together with the prospectus. As a lot of money is involved but I think they do give some financial help to those who can not afford the full fees.

Don't you think we will get good and quick results from this school?

They say entry is by means of a test which should be written at school. They also stress the fact that they will have to repeat their standards because most probably their present school has a lower general academic level than their school.

When can I see you so that we could

Discuss this matter.

With best wishes,

Sincerely,

Veronica
