

1. PREAMBLE

- We the residents of Mankweng ^{Township} and District, having noted over years that there was no representation and democratic leadership in Mankweng and district. Instead there was always government created despotic and unrepresentative institutions or bodies that furthered no cause other than that of the oppressive and exploitative machinery of Apartheid
- That this community of Mankweng and district, like any other black and particularly African community in South Africa has been and is brutally subjected to the inhuman, discriminatory and unjust laws of the racist apartheid regime and their Bantustan backlogs and forcefully deprived of any say in the central decision-making bodies of our land
- That extensive taxation has always continued against us without democratic representation.
- That thus, most of the residents have no houses; decent housing and some live in slums. Many are unemployed with the result that many families and persons go either hungry, without decent clothing; cannot adequately and efficiently provide for their children in this rich country of unlimited resources
- That further, noting that our children are forced to go through an unacceptable and expensive form of education
